<http://www.morpc.org/calendarfiles01/May25ParkingPass.pdf>

Questions: please contact **Liz Brady**, lbrady@siebenenergy.com

“Entertaining ... endearing ... and exceptional.” **Huffington Post**

Please join film producer Craig Sieben for the first Ohio sneak-preview screening of the film with Q&A to follow, hosted by MORPC. Our goal is to show it to a select audience of leaders in Columbus to introduce the film to you and discuss ways we might show it more broadly to audiences in Ohio.

carbon nation is a positive, solutions-based, non-preachy, non-partisan, big tent film about tackling climate change while boosting the economy, increasing national & energy security and promoting good health & a robust environment.

carbon nation: a not-for-profit **90 minute** documentary produced by **Earth School Educational Foundation, Inc.**

The film had its World Premiere in late March. To see a brief clip and reviews of the film from our early screenings in Washington, DC, Vancouver and Louisville, Kentucky, please see our website: www.carbonnation.tv/press.
