

Annual Federal Obligation Listing
State Fiscal Year 2007

September 28, 2007

Issued by:
The Mid-Ohio Regional Planning Commission
285 East Main Street
Columbus, Ohio 43215-5272

Introduction and Background

In an effort to improve the transparency of the expenditure of Federal transportation funds, Congress requires transportation agencies to publish annually a listing of projects using these funds. As revised by the SAFETEA-LU (Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users) 23 U.S.C. 124(j)(7)(B), 23 U.S.C. 135(g)(4)(B), 49 U.S.C. 5303(j)(7)(B), and 49 U.S.C. 5403(g)(4)(B), enacted August 10, 2005, as Public Law 109-59, requires the cooperative development of:

“An Annual Listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which Federal funds have been obligated in the preceding year shall be published or otherwise made available by the cooperative effort of the State, transit operator, and metropolitan planning organization for public review. The listing shall be consistent with the categories identified in each metropolitan transportation improvement program (TIP).”

MORPC is issuing this report to meet the annual reporting requirements of SAFETEA-LU explained above.

The State of Ohio, public transit operators, and MORPC coordinated their efforts to generate that data contained in this report. This report covers funding obligated during the period from July 1, 2006, to June 30, 2007, being State Fiscal Year 2007. To be included in this listing, an obligated project must be either entirely or partially located within MORPC's transportation planning area. The obligated amounts shown in the report are attributable to entire projects, including those portions located outside of the planning area. The planning area is composed of Franklin and Delaware counties, the City of Pataskala and Etna Township in Licking County, and Violet and Bloom townships and the City of Pickerington in Fairfield County.

An obligation is the Federal government's legal commitment to pay the Federal share of a project's cost. An obligated project is one that the Federal agency has authorized and for which it has obligated funds. Projects obligated in a certain fiscal year are not necessarily initiated or completed in that fiscal year, and the amount of the obligation will not necessarily equal the total cost of the project. For Federal Transit Administration (FTA) projects, an obligation occurs when the FTA awards a grant. For Federal Highway Administration (FHWA) projects, an obligation occurs when a project agreement is executed and the State/grantee requests that the funds be obligated.

Report Organization

This report is intended to provide technical information that transportation professionals use in a format understandable by anyone interested in surface transportation improvements in the MORPC study area.

The report includes three tables:

- Table 1 lists information for projects for which Federal funds were obligated in SFY 2007. The table includes a project description, sponsoring agency, types of bicycle and pedestrian facilities included in the project (if any), project phase, Federal amount included in the TIP, the obligated amount, and the remaining amount. Projects are grouped by the primary type of work (Arterial Expansion, Bikeway, Bridge Repair & Replacement, etc.). Within these

groupings, projects are ordered by County-Route-Section. (See Guide to 2007 Obligated Fund Listing below.)

- Table 2 is a listing of projects in Table 1 that include the construction of bicycle facilities in some phase of the project. It only highlights the projects in Table 1 that include bicycle facilities and does not contain any additional information.
- Similarly, Table 3 is a listing of projects in Table 1 that include the construction of pedestrian facilities in some phase of the project. It only highlights the projects in Table 1 that include pedestrian facilities and does not contain any additional information.

Guide to 2007 Obligated Project Listing

Below is a guide to some of the headings and abbreviations used in the tables on the following pages.

MOPRC ID – Identification number that MORPC has assigned to track the project.

State ID – The identification number assigned by the state agency, i.e., ODOT or ODNR. (NA = Not Applicable.)

Agency – The agency that is sponsoring the project.

- COTA = Central Ohio Transit Authority
- CRAA = Columbus Regional Airport Authority
- ODNR = Ohio Department of Natural Resources
- ODOT = Ohio Department of Transportation, with District number
- ORDC = Ohio Rail Development Commission

County-Route-Section - Identifies project by county, route and section mileage designations, where applicable. Project phase or segment identification may also be indicated.

The list for each group of projects is sorted in this order:

- 1st by County in alphabetical order;
- 2nd by projects without route numbers in alphabetical order by Route;
- 3rd by projects with route numbers in numerical order by Route;
- 4th by Section in alpha-numerical order.

County – County the project is located. (DEL = Delaware, FRA = Franklin, FAI = Fairfield, LIC = Licking, STW = State-wide).

Route – Route designation and number (IR = Interstate, US = United States, SR = State, CR = County, TR = Township) or municipal street name.

Section – Distance in miles from start of the route in the county to the start of the project, based on ODOT's system mileage section as designated by ODOT.

Bike Facility – Type of bicycle facility that is included in the construction of the project.

- Not Applicable = The Bike Facility field does not apply for the project.
- None = No dedicated bike facility is planned for the project.
- Yes-TBD = A dedicated bike facility is planned, but the type of facility has yet To Be Determined.
- Class I = A facility separated from automobile traffic (e.g., bike path) is planned.
- Class II = A facility NOT separated from automobile traffic (e.g., bike lane) is planned.

Ped Facility – Type and location of pedestrian facilities, exclusive of bicycle/multi-use facilities, that are included in the construction of the project.

- Not Applicable = The Pedestrian Facility field does not apply for the project.
- New 1 Side = A new pedestrian facility is planned to be added on 1 side.
- New 2 Sides = A new pedestrian facility is planned to be added on 2 sides.
- Replace 1 to 1 = An existing ped facility on 1 side is planned to be replaced.
- Replace 1 to 2 = An existing ped facility on 1 side is planned to be replaced on 2 sides.
- Replace 2 to 2 = An existing ped facility on 2 sides is planned to be replaced.
- Replace 2 to 1 = An existing ped facility on 2 sides is planned to be replaced on 1 side.

Phase – Describes the project development activity for which funds were obligated (Right-of-Way, Construction, etc.).

TIP Amount – The amount of Federal funds requested in MORPC's Transportation Improvement Program (TIP) for SFYs 2006-2009.

Obligated Amount – The amount of Federal funding obligated during State Fiscal Year 2007.

Remaining Amount – The amount of Federal funding remaining and available for subsequent years. An asterisk (*) indicates that no Federal funds remain for the project phase for subsequent years.

Other acronyms and abbreviations used in the listing:

- **AVL** – Advanced Vehicle Location
- **Bike** – Bicycle
- **ITS** – Intelligent Transportation Systems
- **Ped** – Pedestrian
- **SFY** – State Fiscal Year
- **TDM** – Transportation Demand Management
- **N, S, E, and W** – the cardinal directions of north, south, east, and west.
