

## **Unpaid Internship Part-time (10Hours/week)**

The Mid-Ohio Regional Planning Commission (MORPC) is seeking a reliable, motivated individual for an unpaid internship position (10 hours per week) to assist with the coordination of the 2009 Regional Walk to School Month.

Every fall, millions of children, parents, and community leaders around the world celebrate the International Walk to School Day. The goal is to promote safer and improved streets, physical activity, and environment conservation. MORPC plans to make this a month long event throughout the central Ohio region and will be responsible to promote and coordinate such efforts around the region for October 2009.

The intern's responsibilities include the development of a toolkit containing information about the program, outreach material to parents and community leaders, event ideas, and work with a list of champions within each school district/community, and any other information needed to make this a success. Although the effort will cross agency departments, the intern will work with the transportation department staff.

Applicant must be a college student, preferably in the field of education, health or marketing. The intern should have high communication and organizational skills and be efficient with Microsoft Office products.

Submit resume to: MORPC, 111 Liberty St, Suite 100, Columbus, OH 43215, Attn: CEE-3-08.  
For immediate consideration fax resume to 614-233-4206. [www.morpc.org](http://www.morpc.org)
