**ARTICLE I**

**Section 1. NAME**

The name of this committee shall be the Community Advisory Committee of the Mid-Ohio Regional Planning Commission.

**Section 2. ORIGIN**

The Community Advisory Committee is provided for in the Public Involvement Process (PIP; such PIP as is required under 23 CFR §Sec 450.316), which sets out participation requirements for Metropolitan Transportation Planning and Programming.

The purpose of the CAC is as follows:

1. To ensure appropriate and timely advice to the Transportation Policy Committee, which is the Metropolitan Planning Organization as defined in the Public Involvement Process. The CAC also advises the staff.
2. To serve as the primary body representing public opinion on the goals, objectives, policies, system plans/programs or individual project plans/programs relating to improvement in transportation.
3. To permit continuous interaction and two-way communication between participants and staff about the planning process from problem identification through all developmental phases to resolution.
4. To ensure that all plans and programs give adequate consideration to possible social, economic, energy and environmental issues.
5. To implement that part of the Public Involvement Process relating to public participation.

**Section 4. DUTIES AND RESPONSIBILITIES**

2. Provide funding and policy recommendations to the Transportation Policy Committee.
3. Work with the planning staff during preparation of long- and short-range plans and familiarize

itself with planning terminology and procedures.

4. Review and recommend methodology for obtaining input to the planning process.
5. Review the various phases of the Metropolitan Transportation Plan, Transportation Improvement Program (TIP), and special studies; including methodology, projections, assumptions, and recommended plans and programs prior to submission to the Transportation Policy Committee.

12. Recruit qualified new or replacement members.

#### Section 5. MEMBERSHIP

- A. In keeping with Purpose 2, the membership of the CAC shall be broad-based and shall include representation from the general citizenry, populations that are traditionally underserved with transportation, environmental interests, businesses, and others. Members may represent multiple constituencies from among any of the above categories.
  - i. General Citizens in the planning area  
No less than 50% of CAC membership should be drawn from geographic representation. Geographic representation will be drawn from the Transportation Planning area with representatives of the following types of development areas (boundaries to be considered approximate):
    - a. "Central City" of the City of Columbus including the historical districts (intended to represent the portion of the city developed before automobiles became influential in development patterns)
    - b. "Inner Ring" of the City of Columbus (intended to represent the portion of the city outside the "Central City" developed before freeways became influential in development patterns)
    - c. "Outer Ring" of the City of Columbus (intended to represent the portion of the city outside the "Inner Ring" developed when freeways became influential in development patterns)
    - d. "First suburbs" – first ring of suburbs surrounding a "Central City" that have little opportunity to expand geographically and are mostly

developed; especially those suburbs developed before automobiles became influential in development patterns

- e. "Developing suburb" – a developing residential area outside the "Central City" that has an opportunity to expand geographically and has development patterns heavily influenced by the availability of the automobile
- f. "Exurbia/rural" – towns and low-density areas beyond the "Central City" and its contiguous suburbs

The attached map shows the approximate boundaries of these six types of development areas. Unincorporated areas will be grouped with the appropriate type of development area. The rationale for dividing the geography of the Transportation Planning Area into these development categories is that they have similar types of infrastructure installed and face similar infrastructure and growth issues. It is a goal to have two representatives for each type of development area, but areas with higher population will have more.

- ii. Transportation disadvantaged or underserved, for example:
  - Low-income
  - Minorities
  - Senior Citizens/Veterans
  - Children/Youth/Minor Students (Youth Commission)
  - Mental/Physical Disabilities
  - College Students (OSU, Columbus State)
- iii. Environmental, for example:
  - Environmental
  - Historic/Archaeological
  - Pedestrians and Bicyclists
  - Health Organizations
- iv. Business, for example:
  - Real Estate/Developers/Realtors
  - Small Businesses
  - General Business
  - Media
- v. Transportation Providers, for example:
  - Yellow Cab, American Red Cross, National Church Residences Center for Senior Health
- vi. General Interest

B. Membership Selection and Appointment

- a. Membership shall consist of a representative, designated or otherwise, from the populations listed. To the extent possible members will be drawn from recognized organizations that themselves are representative of the populations or interests they are intended to represent.
- b. Membership of the CAC shall not exceed 24 representatives.

- c. Members shall be determined upon nomination by the Executive Director, MORPC Directors or the CAC Chair and appointed by the CAC Chair and the Executive Director.
  - d. Members' terms shall end the December of their second calendar year. Appointments may happen throughout the year and re-appointments shall be effective for a two (2) year term beginning in January.
- C. Attendance: Regular attendance is vital to the effective functioning of the CAC. Members who miss more than 3 consecutive meetings or more than 6 meetings per year will have their memberships re-evaluated and are subject to dismissal. Absences may be excused at the discretion of the Chair.
