The Mid-Ohio Regional Planning Commission is leading a comprehensive study with the goal of positioning the Rickenbacker area as a successful international logistics hub.

This study will result in recommendations to improve:

- Housing options
- Transportation
- Water/sewer
- Energy
- Broadband

Also at the meeting

A complementary effort is being conducted by the Columbus Regional Airport Authority (CRAA). The Rickenbacker International Airport Master Plan Update aims to address the airport's future logistics needs and cargo demands.
