

Transit Supportive Infrastructure (TSI) Update

May 31, 2023

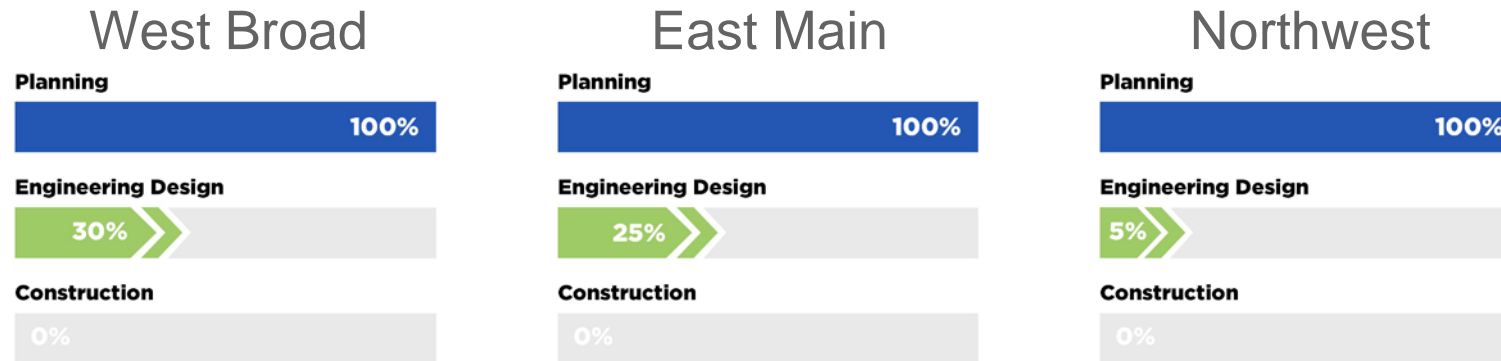

Link [★]US
Moving our region. Together.

Overview

1. LinkUS Program Update
2. Transit Supportive Infrastructure (TSI)
Overview and Activities to Date
3. June 9th Regional Workshop and
Schedule of Future Work
4. Upcoming Regional Engagement

LinkUS Program Status

- Ballot measure planned for November 2024
- Corridors Status

- Downtown
 - CDDC Downtown Strategic Plan, Downtown Multimodal Transportation Study, Downtown Convergence Plan

TSI Overview

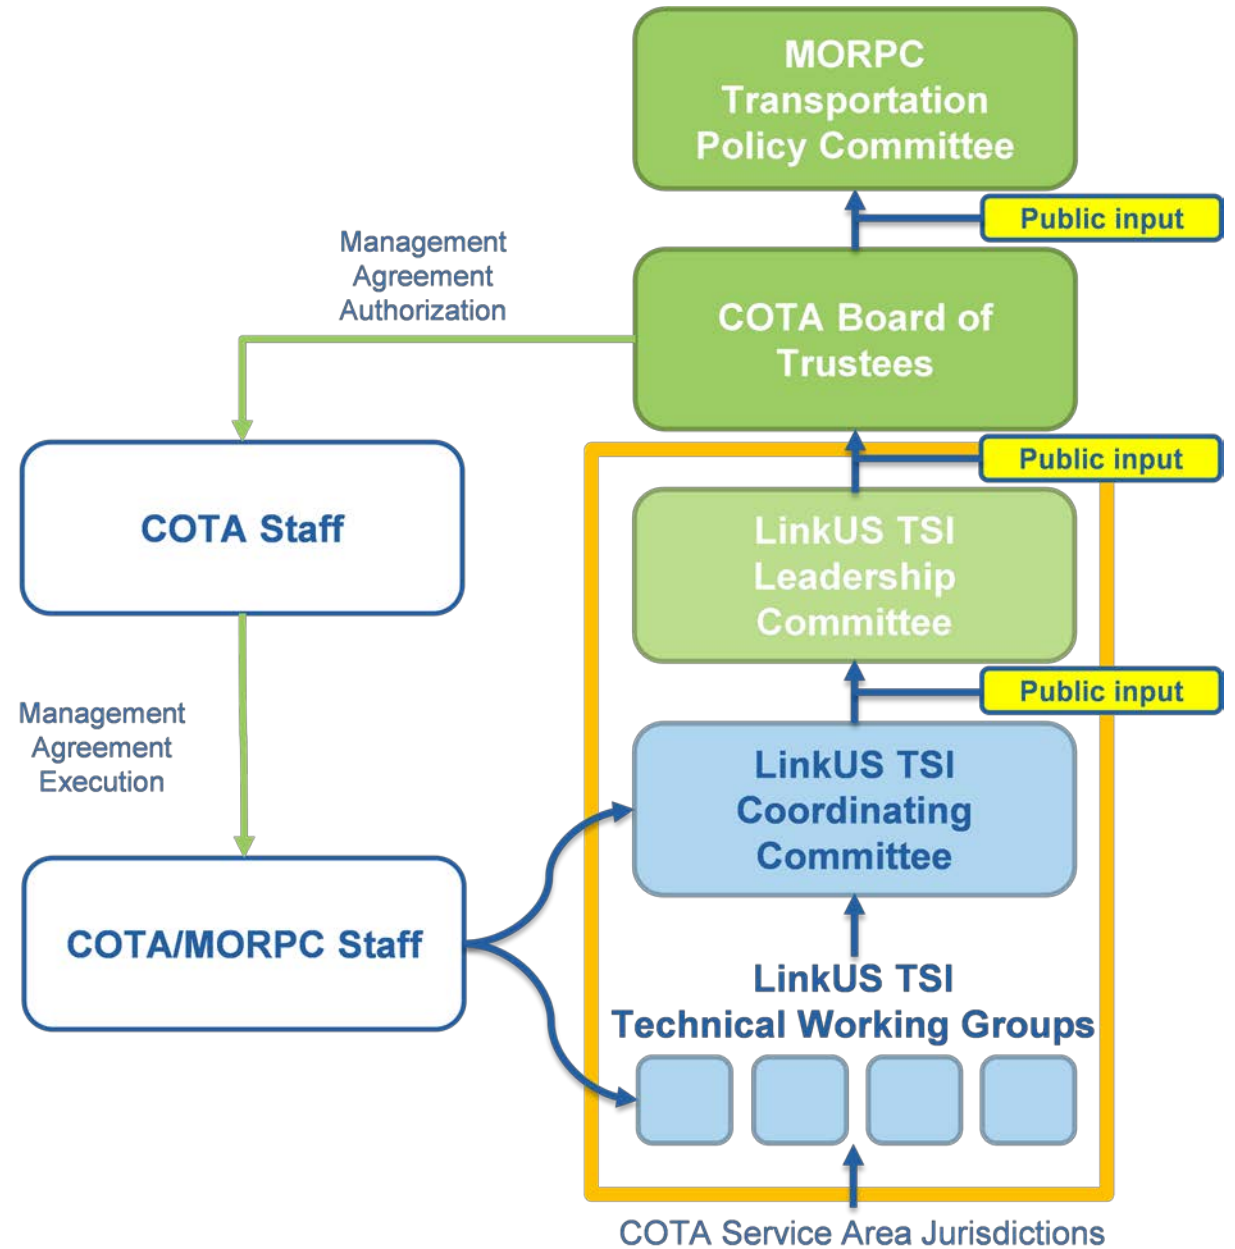

- Transit supportive infrastructure
 - Increase non-motorized access to transit stops
 - Facilitate improved transit service
- Subset of overall LinkUS program
 - TSI Capital Improvement Program
 - Governed by TSI Committees

TSI Activities to Date

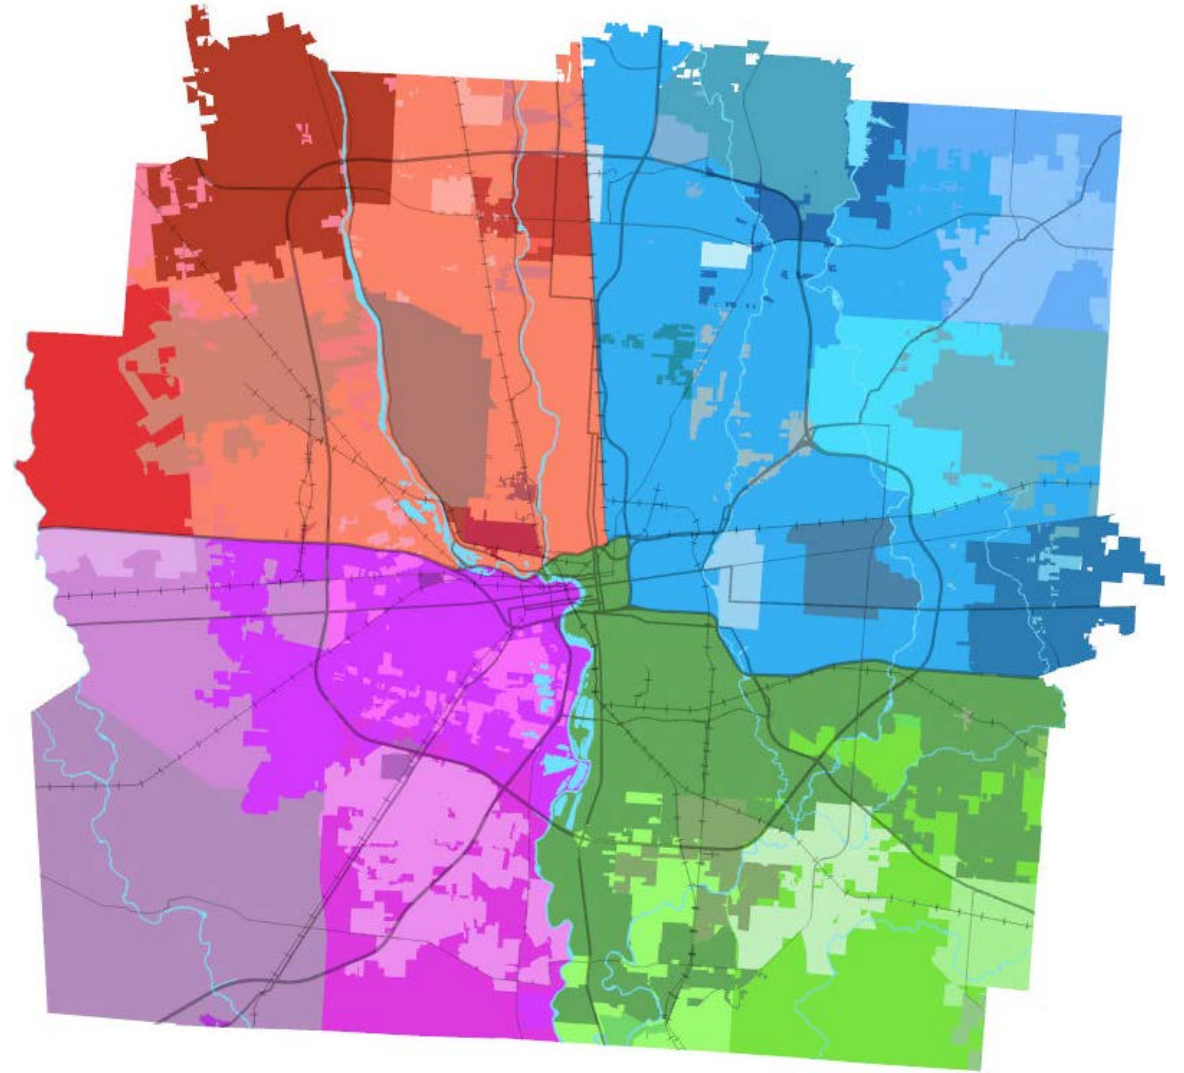

- Regional outreach with jurisdictions (Jan 2022 – July 2022)
- Regional TSI workshops (June/July 2022)
- ORC language revised allowing COTA to fund TSI projects (HB 338)
- Established framework for TSI Committees, program management agreements
- Developing guiding principles for program policies and guidelines

Draft Proposed Committees Structure

TWG Geographic Quadrants

- Focuses CIP development
- More opportunity for direct input
- Work integrated as regional CIP by the TSI Coordinating Committee

June 9th TSI Workshop

- Regional stakeholder workshop
- Informal precursor to formal convening of TSI Committees later this summer
- Focused on identifying parameters to build the program
 - TSI definition, project eligibility, phases
 - Funding categories, limits, and uses

Upcoming Regional Engagement

- Next round of engagement begins June 2023
- Multiple opportunities to understand local goals for LinkUS
 - TSI program development
 - Corridors 4 and 5 identification
 - Transit-oriented development (TOD) and zoning
 - Local CIPs
