2024 - 2050 METROPOLITAN TRANSPORTATION PLAN UPDATE

Nick Gill, MORPC

MID-OHIO REGIONAL MORPC PLANNING COMMISSION

WHAT IS THE METROPOLITAN TRANSPORTATION PLAN (MTP)?

- Identifies regional transportation strategies and projects
- Long-range (20+ years)
- Fiscally constrained
- Formal document submitted to ODOT and USDOT every 4 years

WHY IS THE MTP IMPORTANT?

Central Ohio is growing

- Demographics are changing
- Development is changing
- Demands on the transportation system are changing
- Transportation projects must be on MTP to be eligible for federal funding
 - Formula & Discretionary (BIL)
 - Guides the work of MORPC and regional and local planning partners

2024-2050 COLUMBUS AREA METROPOLITAN TRANSPORTATION PLAN

By guiding investment in transportation and mobility infrastructure and services in Central Ohio, the MTP identifies strategies to advance the following six goals:

Create sustainable neighborhoods to improve all residents' quality of life.

Increase regional collaboration and employ innovative transportation solutions to maximize the return on public expenditures.

Position Central Ohio to attract and retain economic opportunity to globally.

community.

prosper as a region and compete

Provide transportation and mobility options to benefit the health, safety, and welfare of all people.

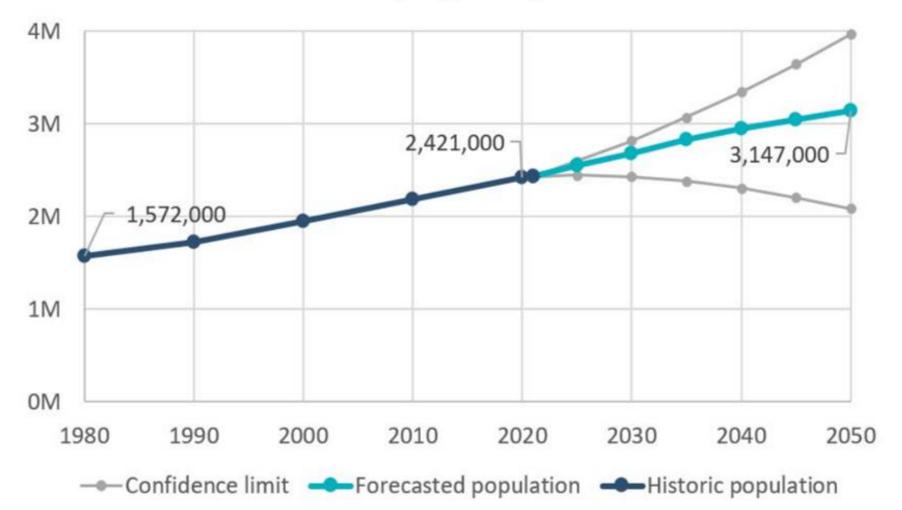

Reduce per capita energy consumption and promote alternative fuel resources to increase affordability and resilience of regional energy supplies.

15-County Region Population

2024-2050 COLUMBUS AREA METROPOLITAN TRANSPORTATION PLAN

15-COUNTY REGIONAL GROWTH

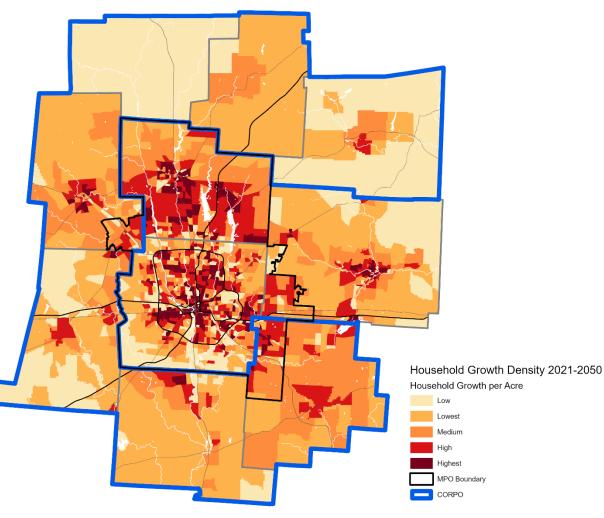

Traffic Analysis Zone Level Forecasts

Process and Inputs:

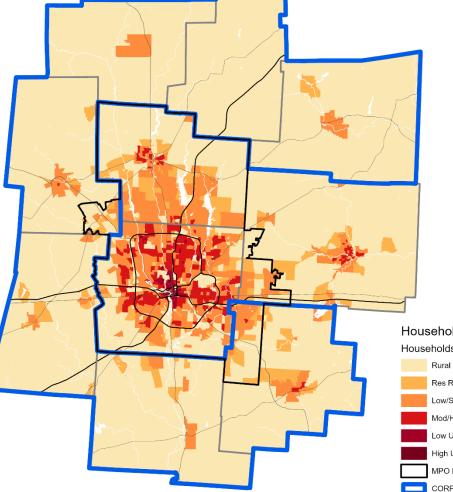

- Establish base year (2021) estimates of population and employment
 - (based on Decennial Census population, building permits, QCEW, parcel-level land use review)
- Develop forecast year (2050) county control totals to project total growth
 - (based on ARIMA model—birth/death rates, migration rates, historical trends; industry experts
- Update future land use from local land use plans & points of interest
- Distribute growth using land use policies and factors that attract/deter development
- Revisions based on local review

2050 Households (draft)

Growth Density

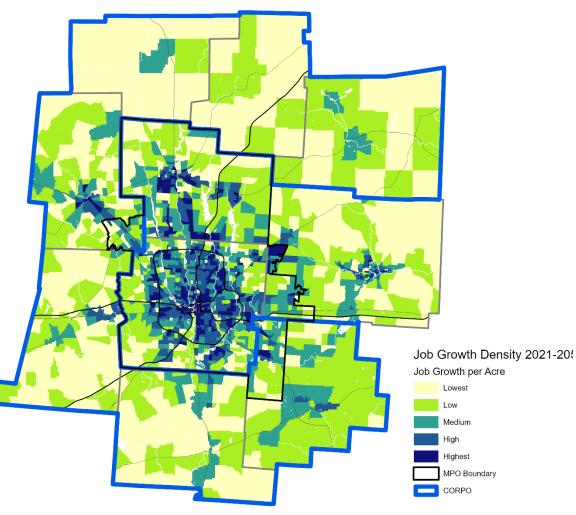

Total 2050 Density

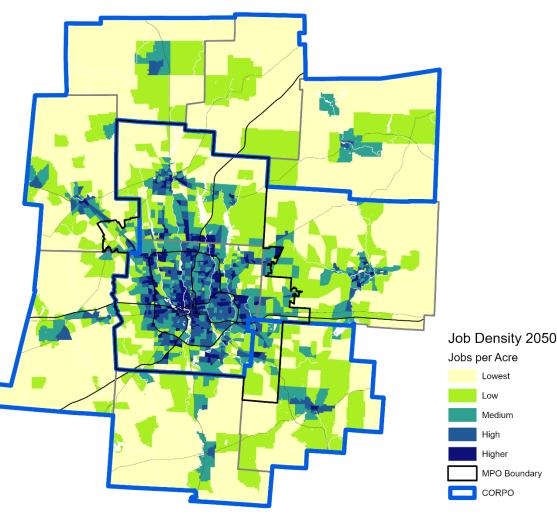

Household Density 2050 Households per Acre Rural Estate (5-20 acre lot) Res Rural (2-5 acre lot) Low/Suburban (0.5-3 units per acre) Mod/High Suburban (3-8 units per acre) Low Urban (8-20 units per acre) High Urban (20+ units per acre) MPO Boundary CORPO
