## WHO IS MORPC?

The Mid-Ohio Regional Planning Commission is the regional council for more than 80 members comprised of cities, villages, townships, counties, and regional organizations. We take pride in bringing communities of all sizes and interests together to collaborate on best practices and plan for the future of our growing region, while reaffirming our commitment to address inequalities and barriers to eliminate systemic racism. We accomplish this through a variety of programs, services, projects, and initiatives – all with the goal of improving the lives of everyone throughout the Central Ohio region.

## WHAT IS THE SUMMIT ON SUSTAINABILITY

The Summit on Sustainability is MORPC's signature sustainability conference, bringing together almost 600 community leaders to explore and share sustainable ideas and solutions. The Summit on Sustainability program will be developed around the theme "Collaborate. Innovate. Inspire." The summit will look at best practices across Central Ohio and bring in top-notch speakers to share stories and ideas related to all areas of sustainability.
