

OUT-OF-CYCLE ATTRIBUTABLE FUNDING REQUEST

- **Project Name:** Preliminary Engineering for Transit Supportive Infrastructure Projects
 - **Applicant:** Franklin County Engineer's Office
 - **Total Cost:** \$400,000
 - **Request:** \$320,000 in SFY 2024
 - **Local Match:** \$80,000 (provided by the City of Columbus)
 - **Project Description:** This project proposes preliminary engineering for multiple pedestrian and bicycle facility projects that are part of the transit supportive infrastructure program within COTA's service area. It will identify potential utility, environmental, right-of-way, and ADA accessibility issues and develop cost estimates for planning purposes.
