PLANNING COMMISSION

WHAT IS THE METROPOLITAN TRANSPORTATION PLAN (MTP)?

- Identifies transportation strategies and projects over 20+ years within expected financial resources
- Formal document submitted to ODOT and USDOT every 4 years

WHY IS THE MTP IMPORTANT?

- Central Ohio is growing
- Transportation projects must be on the MTP to be eligible for federal funding

By guiding investment in transportation and mobility infrastructure and services in Central Ohio, the MTP identifies strategies to advance the following six goals:

Create sustainable neighborhoods to improve all residents' quality of life.

Increase regional collaboration and employ innovative transportation solutions to maximize the return on public expenditures.

Position Central Ohio to attract and retain economic opportunity to prosper as a region and compete globally.

Provide transportation and mobility options to benefit the health, safety, and welfare of all people.

Protect natural resources and mitigate infrastructure vulnerabilities to maintain a healthy ecosystem and community.

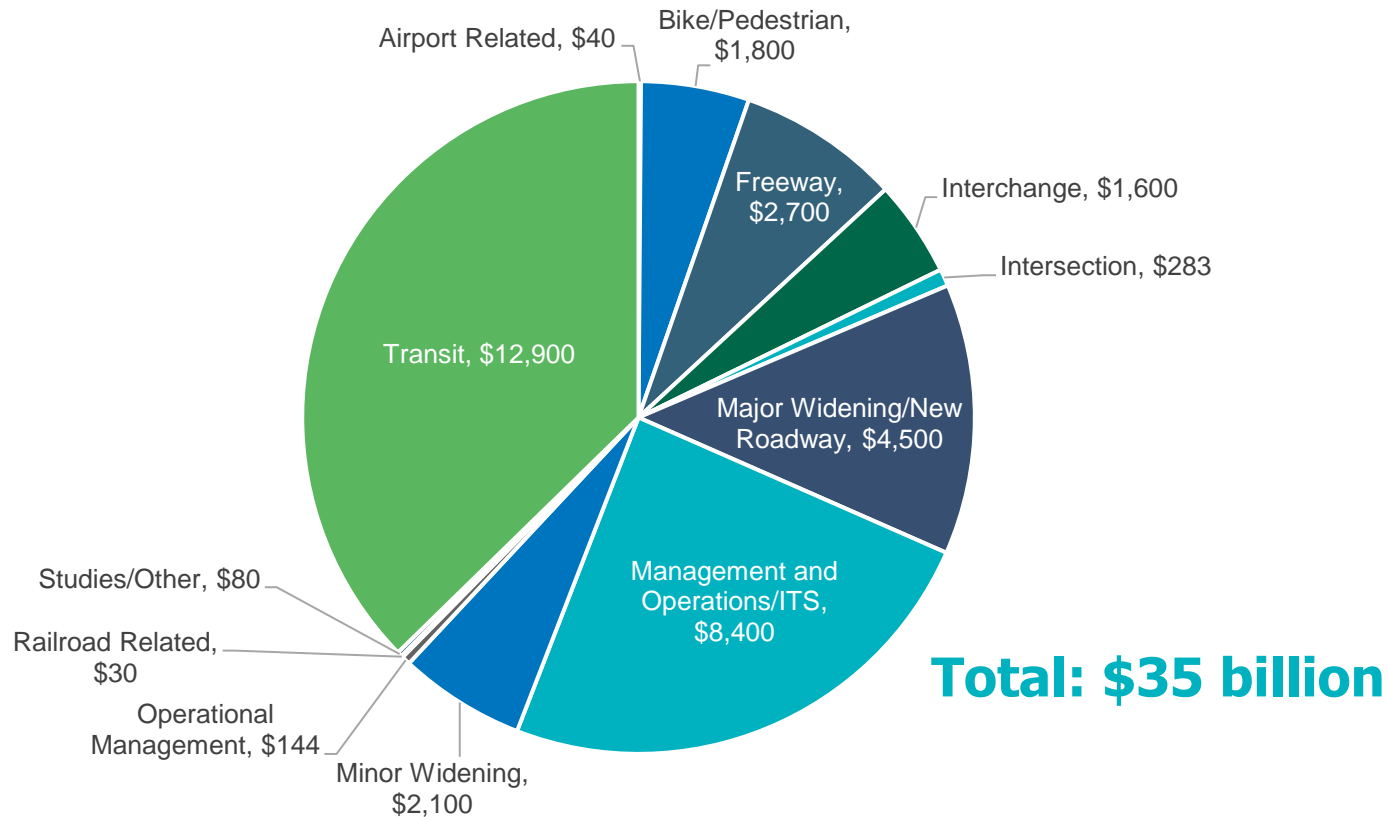

Reduce per capita energy consumption and promote alternative fuel resources to increase affordability and resilience of regional energy supplies.
