- Andy Schneider, TranSystems
- Mark Sherman, American Structurepoint
- Kristin Studabaker, Carpenter Marty Transportation
- Kelsey Vanda, ODOT District 6

---

### 1. Introductions

Chair James Young called the meeting to order at 10:00 a.m. and asked the committee members and guests to introduce themselves.

### 2. Approval of October 2, 2019 Meeting Minutes

Chair Young entertained a motion for the approval of the October 2, 2019 meeting minutes; Darryl Hughes moved; Ted Beidler seconded; and the motion carried.
3. **Review of Draft Policy Text Changes – Nathaniel Kaelin, MORPC**

Nathaniel Kaelin noted the following changes to the current draft of the Policies for Managing MORPC-Attributable Funds:

- Staff updated schedule dates for 2020 and 2021.
- The Complete Streets Policy moved from Section 4 to Section 8.
- Staff added a description of the applicant workshop.
- MORPC will ask applicants in the final application to acknowledge that all projects are subject to NEPA, the Complete Streets Policy and the Smart Streets Policy. Applicants will also provide a completed Smart Streets Policy checklist to ensure the sponsor has begun consideration of digital infrastructure as part of the project.
- MORPC-derived data to which applicants will have access before the application deadline is noted in the charts in Section 7.
- Information about using State Infrastructure Bank loans moved from Section 7 to Section 10. Staff noted how loan fees and interest would be addressed in two different situations:
  - Should a project sponsor with a funding commitment seek to advance project construction prior to the fiscal year commitment specified in the signed Partnering Agreement, MORPC will pay any loan fees and interest up to the dollar amount of the future year commitment.
  - Should MORPC be unable to fulfill a funding commitment in the fiscal year specified in the signed Partnering Agreement, MORPC will pay any loan fees and interest such that the contribution from the sponsor will not increase.
- Section 8 contains information about the Smart Streets Policy. Projects approved prior to 2020 will provide the best available information related to Smart Streets; however, only projects funded in 2020 or beyond will be subject to the Policy. Committee members expressed concern that providing information for previously funded projects could prove difficult and staff stated that this was not the intent and that they would work with applicants to minimize any burden.
- Appendix A has the following changes:
  - Each of the six goals will provide examples of “other considerations or extraordinary aspects” in the application form.
  - The application form now contains the Smart Streets Policy Checklist.
- An updated sample Partnering Agreement will be added to Appendix B.
- Staff had considered guidance on limiting the amount of funding requested by a single agency. Since this would be guidance, not an enforceable policy, it was removed from the policy document.

4. **Timeline and Next Steps – Nick Gill, MORPC**

Nick Gill asked members of the AFC to provide comments on the Policies for Managing MORPC-Attributable Funds before Thanksgiving in order to begin a public comment period in December. Gill noted that committee members would be welcome to comment during the public comment period, as well.

Tim Nittle asked staff to send a copy of the sample Partnering Agreement in order to comment on it.
5. **Other Business**
With no other business, Young entertained a motion to adjourn the meeting. Maria Cantrell moved; Beidler seconded; and the motion carried. The meeting adjourned at approximately 10:25 a.m.

Respectfully submitted,

__________________________________________
Thea Walsh
Secretary
