TUESDAY, June 1, 2021
5:30 p.m.

AGENDA

• 5:30 p.m. Welcome & Introductions – LaGrieta Holloway, Chair
• 5:32 p.m. Approval of May 3, 2021 Meeting Minutes (enclosed)
• 5:33 p.m. Metropolitan Planning Organization (MPO) Report (enclosed) – Thea Ewing, MORPC
  • Public Involvement Plan Update – Bevan Schneck, MORPC
  • Monthly Report – Data & Mapping – Aaron Schill, MORPC
  • Monthly Report – Planning & Sustainability – Stephen Patchan, MORPC
• 6:00 p.m. Resolutions
  • Resolution T-6-21 Amending the State Fiscal Year 2021-2024 Transportation Improvement Program – Thomas Graham, MORPC

• 6:05 p.m. Informational Items
  • COTA Multi-County Innovative Mobility Initiative – Jason Yanni, COTA
  • Active Transportation Plan (ATP) Update – Jen Noll, MORPC
  • State of Safety Report – Lauren Cardoni, MORPC
  • Regional Mobility Plan – Lexi Petrella, MORPC
• 6:55 p.m. Other Business
• 7:00 p.m. Adjourn

PLEASE NOTIFY BEVAN SCHNECK AT 614-233-4130 OR EMAIL AT bschneck@morpc.org TO CONFIRM YOUR ATTENDANCE FOR THIS MEETING OR IF YOU REQUIRE SPECIAL ASSISTANCE.

The next CAC Meeting is
August 2, 2021, at 5:30 p.m.
(Virtual)
Mid-Ohio Regional Planning Commission  
Community Advisory Committee Meeting Minutes  

Date: May 3, 2021  
Time: 5:30 p.m.  
Location: MORPC  

NOTE THAT THIS MEETING WAS CONDUCTED AS A VIRTUAL MEETING THROUGH MICROSOFT TEAMS VIDEO CONFERENCING PLATFORM  

Members Present  
Dana Dorsey       James Qualls       Vonjia Shannon  
Catherine Girves  Larry Robertson   Erin Synk  
LaGrieta Holloway  Bob Roehm       Tamika Vinson-Reid   
David Paul        Helen Rollins     Ira Weiss  

MORPC Staff Present  
Thea Ewing         Thomas Graham     Stephen Patchan  
Mary Ann Frantz   Ralonda Hampton  Aaron Schill  
Ted Geer          Niel Jurist      Bevan Schneck  
Nick Gill         Dina Lopez        Liz Whelan-Jackson  
Brandi Whetstone  

Guests:  
None  

I. Welcome & Introductions  
• Chair LaGrieta Holloway called the meeting to order at 5:30 p.m. There was a quorum present.  
• CAC Meeting Packet  

II. Approval of March 1, 2021, Meeting Minutes  
• Chair Holloway asked for a motion to approve the minutes: Ira Weiss moved; Larry Robertson seconded; and the motion passed.  

III. Metropolitan Planning Organization (MPO) Report – Thea Ewing, MORPC  
• MORPC is working on its Public Involvement Plan between now and September, which will include the opportunity to comment. The plan covers how MORPC engages with the public with regard to transportation planning and is reviewed by ODOT and FHWA.  
• There is much going on at the federal level regarding funding. Member-directed spending, also known as earmarks, are back. MORPC has assisted Congresswoman Joyce Beatty and Congressman Troy Balderson with their lists of earmarked projects. You can view the list of all projects across the nation [here](#).  
• Mr. Robertson commented that the MORPC in the News section of the packet included several passenger rail articles and emphasized his support of it.
Monthly Report – Data & Mapping – Aaron Schill, MORPC

- The Regional Data Advisory Committee recently created a new Regional Data Agenda that was approved by the commission. The agenda can be viewed here. It includes increased emphasis on broadband and digital infrastructure, as well as diversity, equity and inclusion. The RDAC will now be looking at where to focus its efforts for 2021 and 2022.
- The Census Bureau released the federal reapportionment data in April, with Ohio losing a congressional seat – which was expected. At this time, only state-level data is available, which also helps inform reapportionment of federal funding. The next data released will be state redistricting data, slated for September. This data provides population at the census tract-level and will be used to redistrict Congressional, state legislative, and even city council districts.

Monthly Report – Planning & Sustainability – Stephen Patchan, MORPC

- The Planning & Sustainability team has welcomed Jordan Petrov to the team. Jordan will be working on the Technical Assistance Program. The active transportation a safety intern hiring notice has been posted. Tobi Otulana has left MORPC for a new position; MORPC will be hiring for her position soon in late summer.
- May is Bike Month, and MORPC is conducting bike and pedestrian counts. Those interested in volunteering can contact Lauren Cardoni at lcardoni@morpc.org.
- RAPID5 is focused on improving access to river corridors in Franklin County. There is currently a visioning project underway to look at each of the five corridors. MORPC was instrumental in raising $500,000 to fund conceptual design documents for each corridor. The project team is reaching out to diverse audiences for input, including low-income and neighborhoods of color. The overarching goal is to provide nearby greenways access within a quarter mile to every resident in Franklin County.

IV. Resolutions

- Resolution T-2-21: Adopting MORPC-Attributable Funding Commitments – Thomas Graham, MORPC
  - The funding commitments were detailed in the meeting packet and underwent a public comment period. The amendment commits $212 million in funding for 39 projects, 27 of which are continuations of previous funding commitments and 12 for new commitments.
  - A motion to approve the amendment was made by Ira Weiss; Larry Robertson seconded.
  - Mr. Weiss commented that it would be helpful to list bicycle and pedestrian facilities related to the projects to avoid questions being asked later. He also commented on a project not receiving funding (Refugee Road and Hines Road). He emphasized going to elected representatives to tell them the intersection needs to be improved.
  - The motion passed.
Resolution T-3-21: Establishing priorities for Central Ohio Candidate Projects Submitted in 2021 for TRAC funding – Dina Lopez, MORPC and Nick Gill, MORPC

- Ms. Lopez presented on what the Transportation Review Advisory Council is and its process. Mr. Gill presented on how TRAC projects relate to MORPC’s Metropolitan Transportation Plan. Ms. Lopez also provided a summary of each project considered and a summary of the public comments received by MORPC. MORPC’s prioritization process was explained and the ranking of the projects within the metropolitan planning organization area was:
  1. Far East Freeway Phases 2 & 3
  2. I-71 Hard Shoulder Running
  3. US-23 Corridor Study
  4. I-70 Interchange at SR 256 & Taylor Rd
  5. Alum Creek Drive Widening
  6. I-270 & US 23 South Interchange
  7. US-33 at Pickerington Rd
  8. Broad Street Widening in Pataskala
  9. Big Walnut Interchange

- Mr. Weiss commented in relation to the US-23 Corridor Study that available land for any kind of freeway is rapidly disappearing due to development. He also expressed thanks for the Far East Freeway and US-33 at Pickerington Road projects, although he wished the Pickerington Road project was ranked higher. He commented that he put information about the projects on NextDoor, but that the comments on the app had more to do with the lack of street repairs in violet township. Mr. Gill explained more about the prioritization process and how many projects were asking for development money rather than construction money, making MORPC hopeful that more of them can move forward. Mr. Weiss also asked about stimulus money for infrastructure affecting TRAC. Mr. Gill responded that it already has made an impact because extra money from the December stimulus money helped to accelerate the TRAC schedule. More federal money in the future could potentially affect it as well.

- Ms. Vinson-Reid asked what the key themes were as they relate to the opposition of the Big Walnut Interchange and how this impacted the project ranking? Ms. Lopez responded that most comments were from residents from nearby housing developments with worries about property values, pollution, traffic, and access to a nearby school. She mentioned here were also some comments in support, as well as comments related to the project’s noise wall.

- Mr. Roehm commented on US 23 from Worthington to Waldo and how it used to be rural, wondering how to put a replacement road there without taking out businesses. Mr. Gill responded that the study is at the very beginning of the process, and there will be extensive public involvement with much work ahead.

- Ms. Synk asked about Broad Street and Alum Creek Drive widening projects and the inclusion of bike/pedestrian facilities. She asked how safe pedestrian crossings would be preserved in the area. Ms. Lopez
responded the goal is to both preserve and improve upon the crossings.
  o Ira Weiss moved to approve the resolution; Tamika Vinson-Reid seconded; and the motion passed.
  o **Memo and Resolution were included in Meeting Packet. Presentation is available here.**

- **Resolution T-4-21: Acceptance of the MORPC Fiscal Year 2022 Planning Work Program – Thea Ewing, MORPC**
  o Ms. Ewing explained what the Planning Work Program is and its $6 million for MORPC’s continuous transportation planning work in the region over the year. Included are special studies such as the LinkUS Mobility Initiative, Greenways work, insight2050 Technical Assistance, FTA 5310, and more. It also includes MORPC’s rideshare and air quality work.
  o Ms. Synk asked about $125,000 for safety planning, and also mentioned reading about highway fatalities increasing. She asked if that was enough money and how to help find more funding for safety, if necessary. Ms. Ewing explained that with current staffing levels, there was a sufficient amount, although there can always be more – the funding should go toward projects to make safety improvements. MORPC is open to suggestions of how the work can be improved and will continue to advocate for more funding.
  o Larry Robertson moved to approve the resolution; Ira Weiss seconded; and the motion passed.
  o **Memo and Resolution were included in Meeting Packet**

- **Resolution T-5-21: Certification of the MORPC Metropolitan Transportation Planning Process – Thea Ewing, MORPC**
  o Ms. Ewing explained that this was a companion resolution following the approval of the Planning Work Program resolution that certifies MORPC following the certification process laid out by USDOT for compliance. It includes Title VI measures and the prohibition of discrimination, including the Americans with Disabilities Act, ensuring there are opportunities for disadvantaged business enterprises, the Older Americans Act, etc.
  o Ira Weiss moved to approve the resolution; Erin Synk seconded; and the motion passed.
  o **Resolution was included in Meeting Packet**

V. **Informational Items**
- **COVID Policy Briefs & COVID Impacts on Transportation – Liz Whelan-Jackson, MORPC**
  o Ms. Whelan-Jackson provided an overview of the COVID-19 Policy Briefs completed by MORPC and other partners to look at the mid- and long-term impacts and key issues concerning the COVID-19 pandemic in seven different topic areas, including transportation. The presentation included a closer look at the existing disparities and provided insights about each topic area.
o The intent of the work is to open opportunities and spur conversations in the region as a starting point to address the ongoing impacts and to promote a more equitable recovery from the pandemic.

o The COVID-19 Policy Briefs can be viewed at https://www.morpc.org/covid19policybriefs.

• Regional Sustainability Agenda Update – Brandi Whetstone, MORPC
  o Ms. Whetstone provided an overview of the 2021-2024 Regional Sustainability Agenda that was recently approved by MORPC’s Sustainability Advisory Committee.
  o It provides the framework for regional members and partners to work toward common goals, along with objectives and targets, related to sustainability. It also aligns with MORPC’s Metropolitan Transportation Plan.
  o Presentation is available here.

VI. Other Business.

Chair Holloway thanked Ralonda Hampton for the recent Foundations of Racial Equity training provided to some CAC members by MORPC through YWCA Columbus.

VII. Adjourn

• Chair Holloway asked for a motion to adjourn: Ira Weiss moved; Larry Robertson seconded; and the meeting was adjourned at 7:01 p.m.

Bevan Schneck, Secretary
Community Advisory Committee
Transportation & Infrastructure Development

Thea Ewing, Director – twalsh@morpc.org

Metropolitan Transportation Plan

- Public Participation Plan (PPP): Communications & Engagement team members have started to review and update MORPC's Public Participation Plan, which lays out how a federally-designated metropolitan planning organization (MPO), like MORPC, reaches out to members of the public for their input as it carries out the region's transportation planning process. The updated document will provide the framework for public engagement in the development of the Metropolitan Plan going forward. The PPP will be available for review and comment during the summer and presented for approval by CAC, TAC, and Transportation Policy Committees in September.

- Report Card: Staff is compiling data and creating an updated format for the 2021 MTP Report Card. This Report Card will provide the annual progress report on performance measures identified in the 2020-2050 MTP.

- 2024-2050 MTP: Team members have begun devising the time frame, data inputs, process, and methodology for estimating and forecasting population and employment in the region, for use in the development of the 2024-2050 MTP, which will be adopted in May of 2024.

Transit, Mobility & Human Services

Mobility Management

- MORPC Staff continue the work on the development of the Regional Mobility Plan (ODOT HSTC Region 6 Coordinated Plan). The second round of county-level mobility discussions are being facilitated virtually in May to review survey data and strategies that confront common county challenges identified in the first round of mobility discussions. The steering committee met on 5/11/2021 to convene regional discussion on the progress of the plan and review transportation programs currently underway that are relevant to improving mobility access and connectivity for disadvantaged populations.

- The Regional Mobility Plan survey continues to be accessible online at morpc.org/mobilityplan in English, Spanish, and Somali. The survey is also accessible over the phone and in print version. Marketing materials have been printed and will be distributed to libraries, food banks, and other social service organizations over the next few weeks. The survey is expected to be closed at the end of July 2021.

- MORPC staff are working with the Union County mobility manager to support regional transportation coordination with its coordinated plan as guidance and a MORPC staff member serving on the Regional Coordination Committee for UC Moves. Action items
included in this work focus on ensuring the county is involved in regional planning efforts and has guidance in pursuing public transit development in the future.

- MORPC staff serve on the board for the LiveCare/Ohio Disabilities Coordinated Transportation Network pilots. This work is to ensure regional coordination of innovative transportation programming for people with disabilities.

- MORPC Staff are planning user testing of the specialized transportation search tool, Gohio Mobility, with regional and ODOT partners to continue work in launching the tool statewide. User testing is expected to start in early June after guidance materials are completed and interested parties have been invited to participate.

**FTA Section 5310 Designated Recipient**

- Work has begun to set up the next FTA Section 5310 funding cycle using CRRSAA, ARP Act and FFY 2021 funds. These funds are to enhance the mobility of older adults and people with disabilities in the Columbus urbanized area.

**Gohio**

- MORPC staff are collaborating with Columbus Public Health and their consultant, Toole Design Group, to support their planning work for a local-level Travel Demand Management (TDM) program. Action items discussed in May meetings include program outreach activities and mobility maps for the Columbus neighborhoods Franklinton and Linden that will highlight comfortable active transportation routes and community resources to support resident’s sustainable transportation behavior. These mobility maps are being developed within MORPC and MORPC staff intend to make these a series for various other communities in the region. The maps are both a TDM and mobility management effort.

- MORPC staff are highlighting biking resources and encouragement messages on social media during Bike Month. MORPC staff are also support a panel hosted by Strong Women Strong Places that will highlight active transportation barriers that are unique to population types and those that must be considered by Central Ohio transportation planners for a more equitable, safe, and sustainable region.

- MORPC staff worked with Nationwide Children’s Hospital to launch a sustainable commute program. The first phase is to encourage employees to sign up for MORPC’s Emergency Ride Home Program. Participation has been favorable, and we are encouraged by the initial participation.

- MORPC staff is working with DSCC employees to help with their commute back to the worksite. Managers will return on the 1st of June then more employees will continue in phases until everyone has returned. MORPC will deliver the first vanpool back to DSCC in June.

- MORPC staff is talking to an increased number of businesses in Central Ohio. As these companies make their return-to-work plans they are turning to MORPC staff for advice about teleworking, sustainable commuting, and incentive program.
Transportation Planning Activities

**US 23 Connect Study**
- MORPC also reviewed public engagement materials and worked with the project team to prepare for and participate in Steering Committee and Stakeholder Committee meetings and develop a video that will be shared publicly to inform about the study.
- ODOT and their consultant team held the first Steering committee meeting on May 20th.
- A whole series of stakeholder meetings are planned over the next month and a public involvement meeting in July. All will be virtual. Looking to move to in person possibly with next round in the fall. Go to [transportation.ohio.gov/23connect](http://transportation.ohio.gov/23connect).

**LinkUS**
- **Northwest Corridor:** MORPC reviewed and provided comments on final documentation from the consultant team. MORPC leadership served on the selection team for choosing the consultant to continue Phase 2 of the NW Corridor study.
- **East-West Corridor:** MORPC team members participated in meetings with the project team. The project team introduced a potential strategy for pursuing rapid transit on all three parts of the study corridor, rather than two. This strategy is based on the results of the alternatives analysis.

**Rapid Speed Transportation Initiative (RSTI)**
- **Passenger rail project:** MORPC leadership participated in various panels and events in the continued efforts to reestablish passenger rail service to Central Ohio through the Chicago-Columbus-Pittsburgh and the Cincinnati-Columbus-Cleveland passenger rail corridors.

**Central Ohio Rural Planning Organization (CORPO)**
- The CORPO Committee meeting was held on May 3, 2020, where it approved the Planning Work Program for FY22 and heard a variety of updates on planning activities in the seven-county CORPO area.
- CORPO staff continues to develop the Madison County Thoroughfare Plan.
- MORPC / CORPO staff met with Lancaster City officials on May 17th for the purpose of discussing numerous planning projects as well to attend an economic development tour with the Mayor.
- Lancaster city officials and CORPO are coordinating on a project related to truck traffic as well as and EDA Grant funded road project within the city. CORPO has supplied / analyzed data for the city and will continue to assist with project development. CORPO staff met with Lancaster City official numerous times in May.
- CORPO supplied three of their county members with letters of support for TRAC.
- CORPO and LUC staff met to discuss a potential annual meeting between the two RTPOs.
**Infrastructure Funding**

**MORPC Attributable Funding**
- Updated Attributable Funding commitments were adopted in May. These updated commitments will be represented in the June TIP Amendment.

**Ohio Public Works Commission (OPWC)**
- The Public Works Integrating Committee (PWIC) for OPWC District 3 approved on May 14 several revisions to the policies and criteria for FY23 funding.

**Natural Resources Assistance Council (NRAC)**
- The NRAC will meet on May 10 to review and potentially approve the policies and criteria for Round 16. If additional time is needed to modify them, the NRAC may meet on June 10.

**Transportation Review Advisory Council (TRAC)**
- MORPC staff held a public comment period throughout the month of April and completed the prioritization analysis for the TRAC funding applications at the beginning of May. MORPC staff’s recommended regional project priorities were approved the CAC and TAC at the meetings on May 3 and May 5, and the Transportation Policy Committee approved the 2021 TRAC regional project priorities resolution (T-3-21) on May 13. MORPC presented the region’s priorities to the TRAC on May 18. TRAC will be issuing a draft list of projects selected for funding in July, with the final list to be approved in August.

**Federal Competitive Programs**
- The U.S. Department of Transportation has opened the window to apply for 2021 discretionary grant funding through the Rebuilding American Infrastructure with Sustainability and Equity (RAISE) program. MORPC will provide regional application coordination and technical assistance, as well as possibly applying itself for planning funds. More information is available at [https://www.transportation.gov/RAISEgrants](https://www.transportation.gov/RAISEgrants).

**Competitive Advantage Projects (CAP)**
- The recently completed CAP update is now being leveraged in multiple funding opportunities at the state and federal levels. Notably, multiple CAP projects appeared on the final list of Member Directed Spending candidate projects released by the U.S. House Transportation and Infrastructure Committee. More information and the complete list of CAP projects are at [www.morpc.org/cap](http://www.morpc.org/cap).

**Data & Mapping**

Aaron Schill, Director – [aschill@morpc.org](mailto:aschill@morpc.org)

**Regional Data Advisory Committee (RDAC)**

The RDAC will meet on May 25 to discuss the 2021-2022 Priorities and Working Groups, based on the updated 2021-2022 Regional Data Agenda. The RDAC will meet again on September 7.
**Working Groups**

- Data Policy Needs Survey & Toolkit Working Group members continue their work on the Survey. The Group plans to distribute a beta version of the Survey to RDAC Members in the near future, and then a final version to all members as soon as possible.

- The Regional Municipal Fiber Strategy Working Group members continue their work via the Fiber Network Subgroup. The Working Group’s next step is to develop a Memorandum of Understanding / Letter of Intent. The Working Group will meet again in the near future.

**User Groups**

- The Central Ohio GIS User Group (COGUG) met on May 19 with 45 attendees and discussed the 2021 ESRI User Conference and the 2021 Ohio GIS Conference. Adam Ingram, Franklin County Emergency Management & Homeland Security, gave a presentation regarding GIS & Emergency Management. The next COGUG meeting will be on August 11.

- The Regional Information & Data Group (RIDG) met on May 5 with 43 attendees. Members heard presentations Dave Van Riper of the National Historical Geographic Information System, which is a data product that conforms historical Census data to current geographic boundaries and population classifications. Vice-Chair Langdon Sanders gave an overview of Jupyter Notebook. RIDG will meet again on August 4.

**Transportation**

- GIS Manager Cheri Mansperger and the GIS Team continue their collaboration with ODOT to help them consume LBRS data.

- The GIS Team continues to support Transportation staff by supplying requested maps – the Transportation Improvement Districts, Commuter Maps (27) for the Regional Mobility Plan, showing commute patterns in Fairfield, Logan, Delaware, Fayette, Franklin, Union, Madison, Licking, and Pickaway Counties, Transportation Review Advisory Council Maps, and many others.

- Current and future Paving the Way road projects and closure data is now on MORPC’s open data site, M.O.O.D. ([morpc.org/tool-resource/mid-ohio-open-data](http://morpc.org/tool-resource/mid-ohio-open-data))

- Existing land use at parcel level review has begun for the 2024 MTP, which will include the CORPO counties.

**Data & Mapping Outreach and Collaboration**

**Broadband Access**

- Data & Mapping Director Aaron Schill, ESCCO staff, and PCs for People staff continue to meet with prospective funders, wireless vendors, school superintendents and other interested parties to further the success of the Central Oho Broadband Access Pilot Program.

- Data & Mapping Director Aaron Schill is developing data sharing agreements with Internet Service Providers regarding low-cost broadband offerings.

- Data & Mapping Director Aaron Schill is working with the City of Columbus, Franklin County, and the Columbus Metropolitan Housing Authority on a proposal to expand the use of the CARES Act funding allocated for digital equity needs.
Franklin County Digital Equity Coalition

- Data & Mapping Director Aaron Schill is serving as Co-Chair of the Franklin County Digital Equity Coalition Steering Committee, and as Chair of their Device Access Working Group.
- The Working Group is meeting regularly to create the framework of the project.

COVID-19 Research Briefs

- Through the efforts of Data & Mapping Director Aaron Schill and Data Manager Liz Whelan, MORPC released the Central Ohio COVID-19 Policy Briefs (morpc.org/covid19policybriefs) on May 4. Topics of the briefs are: Economic & Community Development, Employment & Small Businesses, Housing, Social Sector, Transportation, and Public Health. The briefs include data and analyses that examine the most pressing issues for each topic – especially as they relate to factors contributing to racial and income inequities that were exacerbated by the pandemic. In addition to policymakers, the briefs will help nonprofit organizations, issue-based advocates, and community leaders ensure a successful recovery for Central Ohio.

Planning & Sustainability

- Data & Mapping Staff are collaborating with Planning & Sustainability Staff to produce and analyze the Active Transportation Plan, Trail Counts, and the Technical Assistance Plans.
- Data & Mapping Staff are also supporting Planning & Sustainability Staff with Alternative Fuel Corridor, Complete Streets mapping, and implementation of the Trails Impact Study.
- Data & Mapping Staff are working closely with Planning & Sustainability staff on the Logan County 208 Project.

Other Outreach & Collaboration

- Data & Mapping Director Aaron Schill spoke at the National Digital Inclusion Alliance’s April 21 Webinar, “Coalitions and Digital Equity Planning”.
- The GIS Team is nearing completion of the zoning layer geometry for Franklin County, which includes data from 42 jurisdictions, as part of the Urban 3D project.
- Data & Mapping Staff are working with partners, other agencies, and ESRI to gather data for use with the new ESRI ArcGIS Urban program being rolled out.
- Staff is preparing to apply to the National Neighborhood Indicators Partnership in conjunction with OSU CURA.
- Data & Mapping Director Aaron Schill is serving on the Convergence Columbus initiative. Convergence Columbus is a multi-year, cross-sector initiative to promote minority homeownership opportunities through a series of place-based pilot programs. The group will is made up of representatives of government, non-profit, and housing industry stakeholders. Aaron is also a part of the Convergence Columbus Research & Analysis Working Group.
- GIS Manager Cheri Mansperger is working with the City of Columbus and other partners on the Central Data & Technology Council.
- GIS Manager Cheri Mansperger continues her work with the local Urban Area Working Group of the Association of Metropolitan Planning Organizations. As a result, MORPC submitted a letter to the Census Bureau on May 20, outlining concerns about the proposed changes.
- The Data Team completed an analysis for the Columbus City Treasurer’s Office to estimate the income tax impact as more workers continue to work from home.
Data & Mapping Staff continue to update the COVID-19 Resource Hub (central-ohio-covid19-morpc.hub.arcgis.com) and Mid-Ohio Open Data/M.O.O.D (morpc.org/tool-resource/mid-ohio-open-data) with information pertinent to members.

Planning & Sustainability
Kerstin Carr, Director – kcarr@morpc.org

Active Transportation Planning

- **Active Transportation Plan (ATP):** Team members facilitated discussion with the ATP Steering Committee on May 18 to further refine the ATP Action Plan. At a joint work session among the Steering Committee and Stakeholder Group in early June, team members presented the final Action Plan, together with a comprehensive review of all materials developed for the plan. Next steps include packaging the ATP components into their finished product: a web-based story map.

- **Complete Streets:** The next Complete Streets Policy Update Steering Committee meeting will be held on Thursday, June 24 at 9:30am.

- **Active Transportation Committee (ATC):** The next ATC meeting will be held on Tuesday, July 13 at 9:00am.

- **Data Collection Program:** MORPC staff are collaborating with the Central Ohio Greenways Board and Trail Development Working Group to develop a new program for installing and maintaining permanent count equipment along the regional trail system. Any communities interested in the program should reach out to Lauren Cardoni at lcardoni@morpc.org.

- **Bicycle & Pedestrian Counts:** The annual MORPC Volunteer Bicycle and Pedestrian Counts continued throughout the month of May, with more than 40 total signups. All 15 locations throughout the trail system were counted at least once, with some locations having counts collected up to 5 times. This data will help MORPC staff to validate existing count equipment and enhance the data management processes.

- **Outreach:** MORPC staff continue to host virtual watch parties for the monthly APBP webinars. The webinar for May discussed the topic of “Active Transportation in Rural America” and we hosted 10 participants. MORPC will host the June webinar virtually as well, which is scheduled for Wednesday, June 16 at 3:00 pm on the topic of, “Evolving Multi-modal Impact Analyses.”

**insight2050**

- **Technical Assistance Program (TAP):** Team members continue to work on developing the final report for Hilliard’s Cemetery Road project. Team members consulted Franklin County Engineer’s staff to discuss options for Reynoldsburg New Albany Road and Taylor Road for Jefferson Township’s Blacklick Station project. Team members are working on finalizing a GIS model and framework document to help the City of Columbus prioritize speed management projects citywide. Team members hosted an internal workshop meeting with Westerville staff to review the draft toolkit and identify top policy priorities. Finally, team members are working with the Franklin County Engineer’s Office to finalize an interactive spreadsheet and associated web map to guide decision-making for Complete Streets Design.
Regional Housing Strategy (RHS)

- Monthly panel discussions continued in May with the latest installment of the housing peer exchange. Panelists discussed financial resources available for housing development and resident assistance and shared several creative ways to optimize financial tools and incentives to serve residents, support housing development, and achieve community goals.

- Team is providing support on a grant-funded Housing x Education assessment sponsored by the City of Westerville in partnership with Westerville City School District, City of Columbus and other neighboring jurisdictions and led by Enterprise Advisors. The assessment will help partners learn how household characteristics, housing and education outcomes, and opportunity vary across the School District, and will identify opportunities for deeper housing and education collaboration and deeper community engagement, as well as opportunities to increase equity and economic mobility.

Transportation Safety

Committee Meetings

- Franklin County Traffic Fatality Review: MORPC staff participated in the monthly meeting on May 6 to review fatal crashes that have occurred within Franklin County. All of the crashes reviewed this month occurred within the City of Columbus, and 6 out of the 7 fatal crashes reviewed involved impairment (either drug or alcohol related).

- OARC Transportation Safety Subcommittee: Updates provided to the subcommittee that may be relevant to local agencies include:
  
  - ODOT is still working to obtain funding to purchase Miovision technology to implement throughout the state for motorized and non-motorized volume data collection purposes. They will coordinate with MPOs to identify locations for the equipment once the funding has been secured.
  
  - ODOT will be sharing updates to their safety funding scoring methodologies that will impact how applications for HSIP funds are evaluated. The focus is shifting more toward mitigation of serious injury and fatal crashes.
  
  - ODOT has released a new crash analysis tool that works with GCAT data called the, “Crash Analysis and Planning Evaluation (CAPE) Tool.” This tool can be used to evaluate larger crash trends over extended periods of time. The new tool can be found at: https://www.transportation.ohio.gov/wps/portal/gov/odot/programs/highway+safety/highway-safety-resources/08-crash-trends-resources

Technical Assistance

- MORPC staff are available to assist local agencies with any safety funding applications, safety studies, or safety analyses upon request! If interested, please reach out to lcardoni@morpc.org.

Sustainable2050

- Member Engagement: Members are encouraged to visit the Sustainable2050 page on MORPC’s website to stay up to date on seminars, funding opportunities, and other resources which may be of interest.
The Team will host the Q2 membership meeting on June 11 via MS Teams. The meeting agenda includes updates on the recently adopted Regional Sustainability Agenda and a feature presentation about MORPC’s air quality program and local air pollution monitoring project in partnership with Franklin County Public Health and Thriving Earth Exchange.

Greenways & Water Resources Program

Central Ohio Greenways Board (COG)
The Central Ohio Greenways Board met on May 12, 2021. The Board reviewed Working Group updates and discussed opportunities to apply for the federal RAISE grant. The Board also welcomed the Easton Fellows to the trail planning initiative. The Easton Fellows will work for 14 weeks over the summer to develop trail projects for partners across the region. Additionally, COG continues to share data and coordinate with the RAPID 5 Initiative.

- COG Marketing & Communications Working Group: The Group is evaluating various platforms to create digital trail passports and curated loops with a goal of purchasing access to a platform this summer. The platform will allow any community to develop a trail experience accessible through an online application. The Working Group will meet again on June 22.

- COG Operations & Access Working Group: The Group is developing guidelines and recommendations to share with partners to ensure equity and access is part of a trail planning project. The Group will also coordinate a snow remove presentation for the next COG Forum. The Working Group will meet again on July 12.

- COG Trail Development Working Group: The Group is developing a Trail Count Pilot Program and beginning to draft an MOU with partner agencies moving forward. The Working Group will meet again on June 17.

Sustaining Scioto Board
The Sustaining Scioto Board met on April 28. Paul Gledhill of Ohio EPA presented to the Board on the results of the Ohio’s Major Rivers Nutrient Mass Balance study. The Board also held the Updating Ohio Precipitation Data for Stormwater and Flood Planning forum on Tuesday, May 11th. The purpose of the forum was to provide information on the need for updated precipitation statistics for Ohio due to the influence of climate change on precipitation trends and to create momentum around finding a solution for creating this data. The Board will meet again on June 23.

- Agriculture and Rural Communities Outreach Team: The Working Team met on May 20, with Dr. Aaron Wilson presenting an overview of a course he led focused on climate adaptation and mitigation strategies within the context of agricultural farms and forest. This course was organized by the Northern Institute of Applied Climate Science. Member Laura Fay of FLOW followed up with a presentation of case studies of projects in the Scioto watershed. The Team also reviewed the social science survey draft intended for County Soil and Water District Supervisors District of HUC 8 counties with significant portion in the Scioto Watershed. Additionally, a similar survey currently
undergoing review has been drafted for elected officials, including commissioners and trustees. The Team will meet again on July 15.

**Energy & Air Quality**

The Energy and Air Quality Working Group met on May 25 to hear from staff at the Sustainable Ohio Public Energy Council regarding the Athens carbon fee and other sustainability programming at SOPEC.

- **Air Quality Network Sensor Subcommittee:** The Thriving Earth Team has completed the first round of community outreach to increase project awareness and find opportunities for siting air quality monitors with individuals, businesses, and organizations.
- **Solar Subcommittee:** MORPC achieved the Silver Regional SolSmart designation with support from the Solar Subcommittee. The designation provides national recognition for efforts to advance solar in the region. The Subcommittee’s focus was this designation process.
- **Local Government Energy Partnership:** MORPC’s Sr. Energy Planner’s last day was May 7 and plans are underway to post a staff position to support the energy programming. MORPC will continue to support major initiatives in the transition with a current focus on SolSmart and energy aggregation.

**Sustainability Advisory Committee**

The SAC approved the Regional Sustainability Agenda (RSA) on April 21 and forwarded it to Commission where it was adopted on May 13. The next steps for the RSA are to complete the formatting and design, create a web page, and complete the Equity Resource Guide to support the focus on equity in the RSA. MORPC’s Data & Mapping team is in process of collecting the data for the measurable objectives identified in the RSA and will assist with proposing targets for consideration at the next two SAC meetings. The next SAC meeting will be on June 16.

**Communications & Engagement**

Niel Jurist, Director – njurist@morpc.org

MORPC staff has begun the process of updating the agency’s Public Involvement Plan (PIP). A public involvement plan lays out how a federally-designated metropolitan planning organization (MPO), like MORPC, reaches out to members of the public for their input as it carries out the region’s transportation planning process. More information is in a memo as part of this meeting packet.

A press release, social media, and e-newsletter were used over the month to solicit public comments from within the metropolitan planning organization boundary on the upcoming Transportation Improvement program amendment with 5307/COTA changes.

The Ohio Conference on Freight – hosted by MORPC, the Ohio Association of Regional Councils, and others – took place May 20-21 and was a success.

DATE: May 25, 2021

SUBJECT: Public Involvement Plan Update

MORPC staff has begun the process of updating the agency’s Public Participation Plan (previously named Public Involvement Plan, or PIP). A Public Participation Plan (PPP) lays out how a federally-designated metropolitan planning organization (MPO), like MORPC, reaches out to members of the public for their input as it carries out the region’s transportation planning process.

The PPP is designed to provide the public with the opportunity to participate in, review, and comment on the formulation of transportation policies, plans, and programs. MORPC’s plan includes a structured committee process, a project-specific process, and a public outreach/information dissemination effort tailored to meet specific needs.

The transportation planning area for the MORPC MPO includes: Delaware and Franklin counties; Bloom and Violet townships in Fairfield County; New Albany, Pataskala and Etna Township in Licking County; and Jerome Township in Union County.

MORPC is not expecting to overhaul its current public involvement processes, but the staff does expect to make changes to structures and processes where needed – especially as it relates to new or emerging technologies and strategies to ensure we are effectively reaching diverse populations.

A formal public comment period on the draft PPP will begin in July, but those with suggestions for the plan are welcome to provide input beforehand by e-mailing bschneck@morcp.org.

The PPP is reviewed by the Ohio Department of Transportation, Federal Highway Administration, and Federal Transit Administration to ensure that full and open access is provided by MORPC, COTA and Delaware County Transit in the transportation decision-making process.

The updated plan is expected to be completed in September 2021, and the current plan is available to view at www.morpc.org/pip.

      Transportation & Infrastructure Development

DATE: May 25, 2021

SUBJECT: Proposed Resolution T-6-21: “Amending the State Fiscal Year (SFY) 2021-2024 Transportation Improvement Program”

Proposed Resolution T-6-21 will add or modify 38 projects to the SFY 2021-2024 Transportation Improvement Program (TIP) with commitments totaling over $784 million. These changes are necessary to enable the projects to advance and to maintain fiscal constraint. In July, the Ohio Department of Transportation (ODOT) will ask the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) to amend the Statewide TIP to include these changes.

Attachment 1 to the resolution provides a description of the funding and scope of the projects, including a description of the bicycle and pedestrian components. This amendment includes significantly more projects than typical quarterly TIP amendments. This is a result of two factors. First, the amendment incorporates the updated and new commitments of MORPC attributable funds as adopted in May via Resolution T-2-21. There are 25 projects from Resolution T-2-21 with phases in FYs 21-24 that are being modified or added to the TIP. Second, as a result of some congressional representatives soliciting projects for Member Directed Spending (earmarks) over the last couple months, several projects are being added to the project to meet the TIP requirements of these requests. These project phases are being added utilizing local funds but would be updated in the future should any ultimately be included in any final legislation with a federal earmark.

An explanation of the proposed changes to the TIP follows.

**MORPC Attributable Funding – Resolution T-2-21 adopted MORPC Attributable Funding Commitments. This resolution reflects new or updated commitments for 25 projects.**

**COTA** - The following modifications to the TIP are being made for COTA projects:
- PID 112116 – COTA High Capacity Transit EW Corridor: Reduce Sec 5307 funding in SFY 2023 to $750,000.
- MORPC ID 3854 – Reynoldsburg Park and Ride: Add locally funded project to the TIP.
- MORPC ID 3860 – Cleveland Ave Multi-Modal Facility: Add locally funded project to the TIP.
Franklin County: The following additions to the TIP are being made for Franklin County projects:

- MORPC ID 3856 – Alum Creek Drive from SR 317 to Groveport Rd: Add locally funded PE Env phase to the TIP.
- MORPC ID 3855 – Ferris Road Corridor: Add locally funded PE Env and PE DD phases to the TIP.

Gahanna: The following addition to the TIP is being made for a Gahanna project:

- MORPC ID 3861 – Cherry Bottom Rd Reconstruction: Add locally funded project to the TIP.

Grandview Heights: The following addition to the TIP is being made for a Grandview Heights project:

- MORPC ID 3859 – Bobcat Way: Add locally funded project to the TIP.

MORPC: The following addition to the TIP is being made for a MORPC project:

- PID 115208 – LinkUs Regional Coordination Planning: Add MORPC funded project to the TIP.

ODOT, District 6: The following additions and modifications to the TIP are being made for ODOT projects:

- PID 110587 – Cleveland Ave at Hudson St: Increasing HSIP construction funding to $1,294,956 in SFY 2024 and adding $1,305,000 of HSIP ROW funding in SFY 2022.
- PID 114970 – Ohio Rides to Community Immunity: Add project to the TIP.

Reynoldsburg: The following addition to the TIP is being made for a Reynoldsburg project:

- MORPC ID 3853 – East Main St Improvements: Add locally funded project to the TIP.

Whitehall - The following modification to the TIP is being made to a Whitehall project:

- PID 105768 – E Broad Street at S Hamilton Road: Add $50,000 in SFY 2022 for non-let construction materials. This project includes MORPC funding in the construction phase and right-of-way phase, but there is no change to the MORPC funding.

- Proposed Resolution T-6-21
RESOLUTION T-6-21

“Amending the State Fiscal Year (SFY) 2021-2024 Transportation Improvement Program”

WHEREAS, the Transportation Policy Committee of the Mid-Ohio Regional Planning Commission (MORPC) adopted the SFY 2021-2024 Transportation Improvement Program (TIP) by Resolution T-7-20; and

WHEREAS, MORPC adopted Resolution T-2-21 committing MORPC attributable funding to projects; and

WHEREAS, 25 of the specific projects mentioned below and included in Attachment 1 are incorporating commitments of MORPC funds from Resolution T-2-21 for project phases through fiscal year 2024 into the TIP; and

WHEREAS, thirteen project additions or modifications to the 2021-2024 TIP have been identified as needed for Columbus projects as shown in Attachment 1; and

WHEREAS, five project additions or modifications to the 2021-2024 TIP have been identified as needed for Central Ohio Transit Agency projects as shown in Attachment 1; and

WHEREAS, two project modifications to the 2021-2024 TIP has been identified as needed for Delaware projects as shown in Attachment 1; and

WHEREAS, six project additions or modifications to the 2021-2024 TIP have been identified as needed for Franklin County projects as shown in Attachment 1; and

WHEREAS, one project addition to the 2021-2024 TIP has been identified as needed for a Franklin County Transportation Improvement District project as shown in Attachment 1; and

WHEREAS, one project addition to the 2021-2024 TIP has been identified as needed for a Gahanna project as shown in Attachment 1; and

WHEREAS, one project addition to the 2021-2024 TIP has been identified as needed for a Grandview Heights project as shown in Attachment 1; and

WHEREAS, one project addition to the 2021-2024 TIP has been identified as needed for a MORPC project as shown in Attachment 1; and

WHEREAS, four project additions or modifications to the 2021-2024 TIP have been identified as needed for Ohio Department of Transportation projects as shown in Attachment 1; and

WHEREAS, one project addition to the 2021-2024 TIP has been identified as needed for a Reynoldsburg project as shown in Attachment 1; and

WHEREAS, two project modifications to the 2021-2024 TIP have been identified as needed for Upper Arlington projects as shown in Attachment 1; and
WHEREAS, one project modification to the 2021-2024 TIP has been identified as needed for a Whitehall project as shown in Attachment 1; and

WHEREAS, the projects are consistent with the transportation policies, plans, and programs, including the most recent Metropolitan Transportation Plan adopted by the Transportation Policy Committee; and

WHEREAS, the Community Advisory Committee at its meeting June 1, 2021, and the Transportation Advisory Committee at its meeting on June 2, 2021 recommended approval of this resolution to the Transportation Policy Committee; now therefore

BE IT RESOLVED BY THE TRANSPORTATION POLICY COMMITTEE OF THE MID-OHIO REGIONAL PLANNING COMMISSION:

Section 1. That the MORPC SFY 2021-2024 TIP be amended to include the project information as shown in Attachment 1.

Section 2. That it affirms that the fiscal balance of the SFY 2021-2024 TIP is maintained.

Section 3. That the determination of conformity between the TIP and the State Implementation Plan (SIP) is hereby reaffirmed, as the projects are exempt from conformity requirements or have been included in the most recent air quality conformity approval.

Section 4. That it affirms that the amendment was developed in compliance with the transportation performance measures as described in Section 6 of the SFY 2021-2024 TIP as modified.

Section 5. That this resolution will be transmitted to ODOT and all sponsoring agencies in Attachment 1 for appropriate action.

Section 6. That the Transportation Policy Committee finds and determines that all formal deliberations and actions of this committee concerning and relating to the adoption of this resolution were taken in open meetings of this committee.

Karen Angelou, Chair
MID-OHIO REGIONAL PLANNING COMMISSION

# Resolution T-6-21

## Attachment 1 - Amended Project Information

### Project 1: Major Widening/Bridge Replacement

- **Agency:** ODOT 6
- **PID:** 96053
- **TIP ID:** 2874
- **MTP ID:** 270
- **Co-Route-Sec:** FRA-IR070-14.00 (Ph 4B)
- **Length (mi.):** 0.73
- **Project Type(s):** Major Widening/Bridge Replacement
- **Air Quality:** System Analyzed
- **Description:** I-70/I-71 Innerbelt (Phase 4B), Major Widening & Bridge Replacement, paving I-70 from Front to Grant; paving 3rd and 4th sts from Livingston to Fulton; and replacement of 3rd and 4th St bridges plus 5 retaining walls. PE DD under PID 77372.

**Bike Components:** Bicycle lanes. Locations of bike lanes and bike-activated signal loop detectors will be coordinated with Columbus.

**Ped Components:** Modify existing facilities. Sidewalks on surface streets and bridges. Ped signals and crosswalks at signalized intersections.

### Project 2: Streetscape

- **Agency:** Reynoldsburg
- **PID:** NP
- **TIP ID:** 3853
- **MTP ID:** 772
- **Co-Route-Sec:** FRA-East Main St--
- **Length (mi.):**
- **Project Type(s):** Streetscape
- **Air Quality:** Exempt
- **Description:** East Main St from Rosehill Rd to Lancaster Ave, Streetscape from 5 lanes to 4 lanes, Including reducing the roadway from 5 lanes to 4 lanes. The project will also include water/sewer improvements.

**Bike Components:** No change to existing conditions.

**Ped Components:** Sidewalk on 2 sides.

**Grand Total:** $784,523,005

Funds in FYs prior to 2021 are not included in this report nor in the 2021-2024 Transportation Improvement Program. LR = Long Range (after SFY 2024, the last year of the TIP). LR funds are shown for information only and are not included in the TIP.
WHY?

• Walkable and bicycle-friendly communities benefit economic development, safety, and health and provide access to opportunity.

• To maximize these benefits, we must maximize opportunities for walking and biking.

• To walk & bike, people need safe & connected access to all destinations.

• All streets must accommodate low stress corridors.
Types of Cyclists in Central Ohio

- No Way, No How: 6%
- Strong and Fearless: 21%
- Interested But Concerned: 47%
- Enthusiastic and Confident: 25%

User Profiles in Central Ohio

- Not Interested: 6%
- Interested But Concerned: 47%
- Somewhat Confident: 25%
- Highly Confident: 21%

Source: MORPC, ODOT
Level of Traffic Stress (LTS)

• LTS-1: Low Traffic Stress Bikeway
  • Comfortable for “interested, but concerned”

• LTS-2: Moderate Traffic Stress Bikeway
  • Comfortable for “somewhat confident”

• LTS-3: High Traffic Stress Bikeway
  • Comfortable for “highly confident”

• LTS-4: Extreme Traffic Stress
  • Not comfortable for most

The Current Network

LTS 1 (interested/concerned) – 8.3 mi
LTS 2 (somewhat confident) – 44.1 mi
LTS 3 (highly confident) – 695.3 mi
LTS 4 (expert) – 1,235.1 mi
No data - 15 mi

Total Road Miles – 1,997.8
How to Improve The Network?

- Match the bike facility to the characteristics of the roadway
- Higher speed and higher volumes require more separation
- Bike lanes fine with moderate volumes and speeds (buffer pref.)
- Shared lanes work best with low speeds and volumes

ODOT HSTC Regions

- ODOT established ten Human Services Transportation Coordination (HSTC) regions in Ohio.
  - The Regional Mobility Plan serves as the Transit Coordinated Plan for ODOT HSTC Region 6

- Regionalism goals:
  - improve service delivery
  - increase regional coordination
  - reduce duplication
  - fill gaps in service
REGIONAL MOBILITY PLAN

• Purpose:
  • Required by the Federal Transit Administration for funding
  • Priorities for future federal, state or local funding
  • Plan for each county and an overall regional nine-county plan

• Goals:
  • Identify community resources
  • Understand mobility gaps and unmet needs
  • Determine education and awareness strategies
  • Prioritize local and regional

PROJECT TIMELINE

January - March
• Public announcements and meetings
• Kick off continuous local-level meetings and regional steering committee

April - June
• Survey outreach
• Data and map review
• Review best practices
• Workflow trip maps in and out of each county
• Prioritize goals and strategies
• County commissioner engagement

July - September
• Draft and finalize county sections
• Draft regional intentions and action steps
• Review survey results
• Stakeholder engagement

October - December
• Open plan for public comment with public meetings
• Obtain and act on feedback
• Finalize plan
• Approval from seven county commissions, and MORPC
• Submit final to ODOT
