The Ewing Street Connector project will extend South Ewing Street at its intersection with Sugar Grove Road south to Logan-Lancaster Road/Memorial Drive/Old US 33. The roadway is also a component of a planned ring roadway around the Southwest side of the City of Lancaster, diverting truck traffic from the core of the city. The road also opens up additional land for economic development.

**Project Benefits**

- Maintains competitive infrastructure by relieving traffic congestion through Central Lancaster
- Adds value to the transportation system by creating redundant transportation connections between national and statewide highway corridors
- Provides for development of shovel-ready sites with transportation infrastructure
- Keeps pace with the infrastructure needs of growing companies and residents
- Aligns with existing planning documents, including City of Lancaster Thoroughfare Plan

**Project Contact:**
Mitch Noland, City Engineer
mnoland@ci.lancaster.oh.us | 740-687-6614

**Partner Agencies:**
Ohio Department of Transportation
