

Logan County Freight Route Improvements

PROJECT
PROFILE

The Logan County Freight Route Improvements project will resurface and widen five rural county roads to accommodate truck traffic. The other projects are identified within the LUC Regional Transportation Plan and include TR 179/TR 185, TR 30, TR 136, CR 200 /TR 216, and the truck route on CR 35 between SR 47 and SR 235.

Prioritized by:
LOGAN COUNTY

Project Type:
Transportation - Highways & Roads

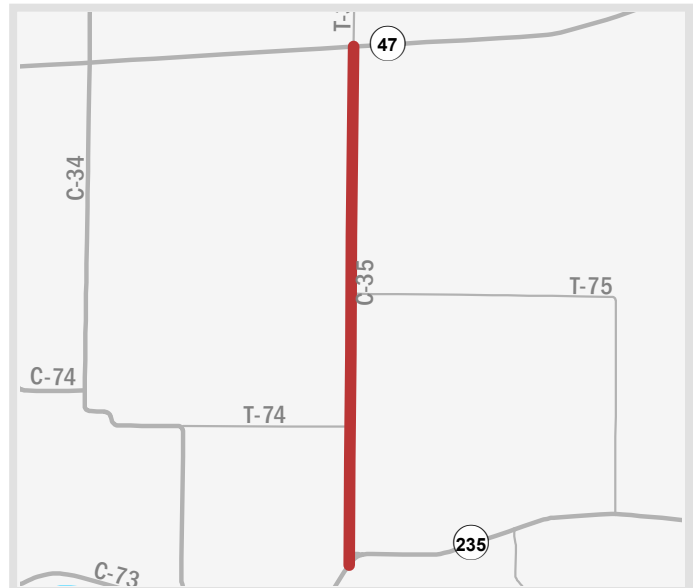

Estimated Cost:
\$0.8 million / \$6.4 million for five routes

Lead Agency:
Logan County Engineer's Office

Project Contact:
Scott Coleman, PE, PS, Logan County Engineer
scoleman@lceo.us | 937-592-2791

Partner Agencies:
LUC Regional Planning Commission

- Priority order:**
1. CR 200 /TR 216
 2. TR 179/TR 185
 3. TR 136
 4. TR 30
 5. CR 35 between SR 47 and SR 235

Project Location
CR 36 from SR 47 to SR 235

Project Benefits

- Maintains competitive infrastructure by improving rural roadways for residential and business use
- Adds value to the transportation system by improving corridors for commercial truck traffic, promoting continued economic development in the region
- Maximizes existing infrastructure by utilizing existing roads in already-developed corridors
- Aligns with existing planning documents, including the LUC Regional Transportation Plan
