The Logan County Freight Route Improvements project will resurface and widen five rural county roads to accommodate truck traffic. The other projects are identified within the LUC Regional Transportation Plan and include TR 179/TR 185, TR 30, TR 136, CR 200/TR 216, and the truck route on CR 35 between SR 47 and SR 235.

**Project Type:**
Transportation - Highways & Roads

**Estimated Cost:**
$0.8 million / $6.4 million for five routes

**Lead Agency:**
Logan County Engineer’s Office

**Project Contact:**
Scott Coleman, PE, PS, Logan County Engineer
scoleman@lceo.us | 937-592-2791

**Partner Agencies:**
LUC Regional Planning Commission

**Priority order:**
1. CR 200/TR 216
2. TR 179/TR 185
3. TR 136
4. TR 30
5. CR 35 between SR 47 and SR 235

**Project Benefits**

- Maintains competitive infrastructure by improving rural roadways for residential and business use
- Adds value to the transportation system by improving corridors for commercial truck traffic, promoting continued economic development in the region
- Maximizes existing infrastructure by utilizing existing roads in already-developed corridors
- Aligns with existing planning documents, including the LUC Regional Transportation Plan
