This report was prepared by the Mid-Ohio Regional Planning Commission (MORPC), 111 Liberty St., Columbus, OH 43215, 614-228-2663, with funding from the Federal Highway Administration, Federal Transit Administration, Ohio Department of Transportation, and Delaware, Fairfield, Franklin, Licking and Union counties. The contents of this report reflect the views of MORPC which is solely responsible for the information presented herein.

In accordance with requirements of the U.S. Department of Transportation, MORPC does not discriminate on the basis of age, race, color, national origin, gender, sexual orientation, familial status, ancestry, military status, religion or disability in programs, services or in employment. Introduction and Background

To improve the transparency of the expenditure of Federal transportation funds, Congress requires transportation agencies to publish annually a listing of projects using these funds. 23 CFR 450.334 requires:

(a) In metropolitan planning areas, on an annual basis, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were obligated in the preceding program year.

(b) The listing shall be prepared in accordance with §450.314(a) and shall include all federally funded projects authorized or revised to increase obligations in the preceding program year, and shall at a minimum include the [Transportation Improvement Program (TIP)] information under §450.326(g)(1) and (4) and identify, for each project, the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year, and the Federal funding remaining and available for subsequent years.

(c) The listing shall be published or otherwise made available in accordance with the MPO's public participation criteria for the TIP.

MORPC is issuing this report to meet this requirement.

This report covers funding obligated during the period from July 1, 2017, to June 30, 2018, being State Fiscal Year (SFY) 2018. To be included in this listing, an obligated project must be either entirely or partially located within MORPC's transportation planning area. The obligated amounts shown in the report are attributable to entire projects, including those portions located outside of the planning area. The planning area is composed of Delaware and Franklin counties, Bloom and Violet townships in Fairfield County, New Albany, Pataskala and Etna Township in Licking County, and Jerome Township in Union County.

An **obligation** is the Federal government's legal commitment to pay the Federal share of a project's cost. An obligated project is one that the Federal agency has authorized and for which it has obligated funds. Projects obligated in a certain fiscal year are not necessarily initiated or completed in that fiscal year, and the amount of the obligation will not necessarily equal the total cost of the project. For Federal Transit Administration (FTA) projects, an obligation occurs when the FTA awards a grant. For Federal Highway Administration (FHWA) projects, an obligation occurs when a project agreement is executed and the State/grantee requests that the funds be obligated.

The Ohio Department of Transportation supplied the data for obligated projects and the obligated amounts. MORPC did not verify the data and does not guarantee their accuracy or completeness. Except for FTA obligations, MORPC matched the obligations in these data to the funding commitments in the SFY 2018-2021 Transportation Improvement Program (TIP) and subsequent modifications. The FTA obligations data MORPC received did not include sufficient information to be matched with items in the TIP.

Report Organization

This report is intended to provide technical information that transportation professionals use in a format understandable by anyone interested in surface transportation improvements in the MORPC study area.

The report includes three tables:

- Table 1 lists information for projects, except transit projects, for which Federal funds were obligated in SFY 2018. The table includes a project description, sponsoring agency, types of bicycle and pedestrian facilities included in the project (if provided), Federal amount listed in the TIP or subsequent TIP amendments, the obligated amount, and the remaining amount. Projects are grouped by the primary type of work (Arterial Expansion, Bikeway, Bridge Repair & Replacement, etc.). Within these groupings, projects are ordered by County-Route-Section. (See Guide to Obligated Project Listing below.)
- Table 2 lists information for transit projects for which Federal funds were obligated in SFY 2018. The table includes the receiving agency, obligation date, project description, eligible cost, and the obligated amount. Projects are listed in order of the obligation date and project number.
- Table 3 is a listing of the amount of Federal funds for transit projects included in the TIP at the end of SFY 2018. The table includes the project description, agency, and the Federal amount listed in the TIP or subsequent TIP amendments. Projects are grouped by the primary type of work (Transit Capital or Transit Operating, if any). Within these groupings, projects are ordered by County-Project Name. (See Guide to Obligated Project Listing below.)

Guide to Obligated Project Listing

Below is a guide to some of the headings and abbreviations used in the tables on the following pages.

Agency – The agency that is sponsoring the project.

MORPC ID – Identification number that MORPC has assigned to track the project on the TIP.

ODOT PID – The identification number assigned by the Ohio Department of Transportation (ODOT).

County-Route-Section - Identifies project by county, route and section mileage designations, where applicable. Project phase or segment identification may also be indicated.

The list for each group of projects is sorted in this order:

1. By County in alphabetical order
2. Projects without route numbers in alphabetical order by name of Route
3. Projects with route numbers in numerical order by Route
4. By Section in alpha-numerical order

County – County in which the project is located.

Ped Components – Type of pedestrian components associated with the project.

TIP Amount – The amount of Federal funds listed in MORPC’s Transportation Improvement Program (TIP), as amended, at the end of SFY 2018. Double asterisks (**) indicate that the project is included in the TIP as a Statewide Line Item, which groups similar projects together without providing a specific amount for each project. Statewide Line Items are shown on pp. 112-114 of the SFY 2018-2021 TIP.

SFY – State Fiscal Year of the obligated amount.

Obligated Amount – The amount of Federal funding obligated during the associated SFY.
