

# 33 INNOVATION PARK CONNECTOR ROAD

PROJECT  
PROFILE

The 33 Innovation Park Connector Road project involves the extension of Innovation Way to access additional acreage and complete industrial development in the 200-acre 33 Innovation Park in the City of Marysville. The business park is being developed by the City of Marysville with a vision to create a hub for advanced manufacturing, research and development (R&D), aerospace, agribusiness, and logistics.

Prioritized by:  
**UNION COUNTY**

**Project Type:**  
Transportation - Highways & Roads

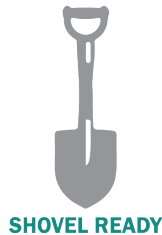

**Estimated Cost:**  
\$3.5 million

**Lead Agency:**  
City of Marysville

**Project Contact:**  
Jeremy Hoyt, PE, Public Service Director  
jhoyt@marysvilleohio.org | 937-645-7357

**Partner Agencies:**  
Union County-Marysville Economic Development Partnership

**Jobs Supported:**  
1,150 - 2,100 permanent jobs onsite

## Project Location

Between US 33 and Industrial Parkway in southern Marysville

## Project Benefits

- Creates competitive infrastructure by creating interior roadway access for development of the park, providing the ability to offer flexible lot arrangements
- Prepares shovel-ready sites with fiber optic and transportation infrastructure
- Capitalizes on the 33 Smart Corridor, encouraging interest from intelligent companies, R&D firms, and automotive institutions
- With two projects announced in the park in 2020, the extension keeps pace with the infrastructure needs of global and growing companies
- Aligns with existing planning documents, including the Union County/Marysville Economic Development Strategy
