

MORPC-attributable funds are federal funds set aside for the Central Ohio region by the Ohio Department of Transportation (ODOT). Every other year, MORPC conducts a selection process for local jurisdictions to apply for funds to use on specific transportation projects and programs located in the planning area. The funds are from three federal programs:

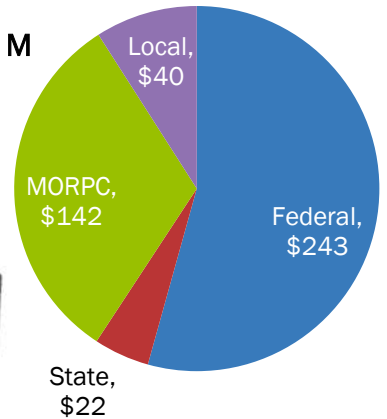

- Surface Transportation Block Grant Program (STBG)
- Congestion Mitigation and Air Quality Improvement Program (CMAQ)
- Transportation Alternatives Program (TAP).

MORPC has committed funds to these projects over the next four years. Some will not begin construction until after 2021.
