## Memorandum

**TO:** Mid-Ohio Regional Planning Commission  
Executive Committee  
Officers and Board Members

**FROM:** Nick Gill, Assistant Director  
Transportation Systems & Funding

**DATE:** June 8, 2018

**SUBJECT:** **Proposed Resolution T-9-18: "Amending the State Fiscal Year (SFY) 2018-2021 Transportation Improvement Program"**

Proposed Resolution T-9-18 will add or modify three projects on the SFY 2018-2021 Transportation Improvement Program (TIP) with commitments totaling over \$65 million. In July, the Ohio Department of Transportation (ODOT) will ask the Federal Highway Administration (FHWA) to amend the Statewide TIP to include these changes.

Attachment 1 to the resolution provides a description of the funding and scope of each project, including a description of the bicycle and pedestrian components. One project, Supplemental Planning, has a commitment of MORPC-attributable funds. The amendment would increase this commitment.

Below is an explanation of the proposed changes to the TIP.

MORPC is requesting an additional \$100,000 of MORPC-attributable funds for Supplemental Planning activities in State Fiscal Year (SFY) 2019 to be consistent with amount included in the SFY19 Planning Work Program adopted in May.

ODOT District 6 has split up the reconstruction and widening of I-71 south of SR 665 into two phases, delaying the construction of the latter phase to SFY 2021. The replacement of a pair of bridges over Big Darby Creek would remain in SFY 2019. The amendment would reduce the scope and cost of the original widening project to the bridge replacements and add a project for the reconstruction and widening of I-71. The total cost of the two phases is approximately equal to that of the combined project.
