Short North Late Night Parking Shuttle Pilot RFP**

Notice: The following was added to the **Short North Late Night Parking Shuttle RFP** on December 3, 2018 within the **Route Category** in the **Scope of Services** Section:

*For any type of service proposed (set stop or individualized on-demand stops), wait time for any pick-ups should not exceed 20 minutes during normal service conditions. Preference will be provided to offerors that can offer wait times less than 20 minutes by increasing frequency and/or the number of active vehicles while remaining within the estimated budget capacity.*
