

FRANKLIN COUNTY

TRANSPORTATION IMPROVEMENT DISTRICT

ABOUT THE FCTID

Established in March 2019, the FCTID's primary function is to facilitate collaboration between local jurisdictional partners and other county, state and federal agencies to identify, develop and secure funding for transportation improvement projects that support local and regional economic development strategies in Franklin County. The FCTID actively seeks out and builds partnerships that harness private sector innovation and resources, encourages competition, and optimizes the assignment of risk. Through this approach, the FCTID brings about cost-effective and environmentally compatible solutions for project development and delivery.

PROJECT FUNDING UPDATES

The Franklin County Transportation Improvement District applied for MORPC Attributable Funding for the SR-161 at Linworth Road Improvements Project in the Fall of 2020. This application was successful, and the project was awarded \$7,138,600 for right-of-way and construction activities. Construction of this project is planned for SFY 2026. The Franklin County Engineer's Office also applied for MORPC Attributable Funding for the East Cooke Road Phase 1 project, which is part of the FCTID Cooke Road Corridor Project. This application was successful, and the project was awarded \$2,446,519 for right-of-way and construction activities. Construction of this projects is planned for SFY 2026.

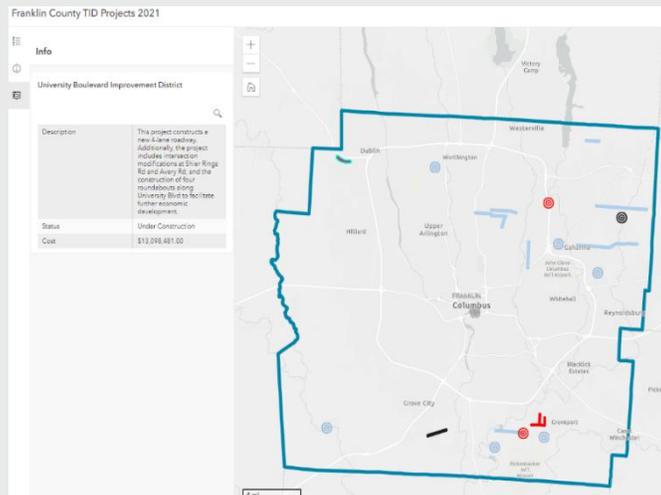

The Franklin County Engineer's Office applied for OPWC assistance for the SR 317 at Lockbourne Road Improvements Project, and the Morse Road at Babbit Road Roundabout, which is a part of the FCTID Morse Road Corridor Project. The SR 317 at Lockbourne Road Improvements Project was awarded \$92,613, and the Morse Road at Babbit Road Roundabout was awarded \$1,257,750. These awards are for construction activities in SFY 2022.

NEW FCTID PROGRAM OF PROJECTS WEB MAP IS AVAILABLE

Want to stay up to date on the FCTID Program of Projects? Check out the new [FCTID Program of Projects web map](#).

This map includes all FCTID projects, and provides information regarding the project scope, project status, and project cost. Additional information for each project will be made available in the coming months.

This web map will provide a dynamic platform for everyone to stay up to date on the status of FCTID projects. The map is accessible through the [FCTID webpage](#), hosted on MORPC's website.

CURTISS WILLIAMS JOINS THE FCTID BOARD OF TRUSTEES

Curtiss Williams was appointed to the FCTID Board of Trustees by the Franklin County Commissioners on January 5, 2021. Curtiss currently serves as president of the Central Ohio Community Improvement Corporation (COCIC) and brings a background in economic and community development to the FCTID Board. The FCTID thanks Curtiss for his willingness to serve on the FCTID Board of Trustees.

Please visit <https://www.morpc.org/committees/franklin-county-transportation-improvement-district> for additional information regarding the Franklin County Transportation District, including meeting materials from past board meetings and future board meeting information.
