MORPC Regional Sustainability Dashboard

2020Q1 beta testing results summary

Tutorial

- Generally useful
- Sufficient for now (may need more as features are added)
- Consider option for voice over

Map

- Need to provide a means to identify counties
- Need a means to make more accurate comparisons between counties
- Map should have a legend
- Not intuitive?
- Map not formatted correctly after resize
- Consider making map larger
- Consider adding pop-ups to map features
- Allow user to layer indicators
- Consider allowing user to change indicator shown on map directly

Cards

- Axis labels are difficult to read
- Cards not formatted correctly after add/move
- Colors difficult to see/distinguish
- Card rearrangement not preserved
- Card rearrangment is non-intuitive and clunky
- Consider adding autoarrange feature
- Map features not displayed after clicking on some data points
- Narrative text is difficult to read

Miscellaneous

- Site doesn't work correctly in Internet Explorer
- Possibly doesn't satisfy use case 5 (Elevate sustainability as an issue in the region among a broader audience)
- Linkage between card and map needs to be made more obvious/explicit
- Reveal sources of data
- Allow user to download data
- Ability to reset is valuable
- Possibly too much information on a single page
- Allow display of data on a full-featured map
- Show more frequently updated data
- Generally not ready to share with colleagues
  - Not ready
  - Subject matter expertise is required
  - Not relevant/useful in daily work
