

## **PUBLIC RECORDS POLICY**

All records of the Mid-Ohio Regional Planning Commission are public, unless they are specifically exempt from disclosure under the Ohio Revised Code. “Record” includes any document or device, whether paper, electronic, or other format, which is created or received under the jurisdiction of this agency and which documents the agency, functions, policies, decisions, procedures, operations, or other activities of the agency.

### **Record Requests**

No specific language is required to make a request, but the requester must identify records with sufficient clarity to allow the office to identify, retrieve, and review the records. If it is not clear what records are being sought, the records custodian should ask the requester for clarification, and assist the requester in revising the request by informing them of the manner in which this office maintains and accesses its records. The requester need not put a request in writing, or provide his or her identity or the intended use of the requested records. It is the agency’s policy that this information should not be requested.

### **Production of Requested Records**

Inspection of public records must be made available promptly. Copies of public records must be made within a reasonable period of time. “Promptly” and “reasonable period of time” take into account all the factors related to a particular request, including but not limited to the volume of records requested, where the records are stored, and time for any legal review and/or redaction. Records prepared for inspection may be viewed during regular business hours. MORPC’s office will provide copies of public records on paper, on the medium on which they are kept, or on any other medium the office determines it reasonably can duplicate the records as an integral part of normal operations. If portions of a record are public and portions are exempt, the exempt portion will be redacted and the rest released. Denial of all or any part of any public record requested shall include an explanation for the denial, including legal authority.

### **Cost of Public Records**

- There is no charge for viewing (inspecting) public records.
- Copies of public records may be charged at the following rates (actual costs):
  - Paper copies – 5 cents per page
  - Downloaded computer files on a compact disc - \$1 per disc
  - Electronic records e-mailed to the requester – no charge
- Requesters may have records mailed to them by paying the agency the actual cost of postage and mailing supplies.

### **E-mail Records**

If the content of an e-mail or other electronic communication meets the definition of a public record (see “Records” above), it is subject to disclosure, whether it is a public, or private, e-mail account. Requests for e-mail records will be treated in the same fashion as records in other formats.

### **Failure to respond to a public record request**

If a person believes this agency has failed to comply with the Ohio Public Records Act, they may file a court petition in mandamus: 1) to compel the office to comply with the request, 2) to seek payment of statutory damages, 3) for court costs, and 4) to have the office pay the requester’s attorney fees.
