

# MID-OHIO REGIONAL PLANNING COMMISSION EDUCATION PARTNERSHIPS

The Mid-Ohio Regional Planning Commission (MORPC) has formed education partnerships to encourage public sector service professionals to obtain additional degrees and build competences. MORPC is Central Ohio's regional council for more than 70 members comprised of counties, cities, villages, townships, and regional organizations. These governments provide the human capital to deliver critical services and community planning to a growing region. Professionals who dedicate themselves to learning new skills and keeping up with industry trends can enhance career advancement. These education partners are pleased to offer benefits to all qualifying MORPC member government employees to advance personal and professional knowledge. Benefits can include tuition discounts and in some cases free books.
