- Sierra MacEachron, Franklin County Public Health
- Harvey Miller, OSU Center for Urban & Regional Analysis
- Andrew Wilson, City of Hilliard

2021-2022 RDAC Priorities & Working Groups

April 6 Special RDAC Meeting Summary

MORPC

- Ahead of the meeting 22 objectives and action items suggested as potential priorities
- Following discussion and a round of voting, list was narrowed to seven:

1.2.5 - Provide guidance to local governments in the creation and management of open data resources	1.3.5 - Build partnerships with associations of Central Ohio data leaders	1.4.1 - Develop best-practice case studies on how data can be used to make better policy decisions	2.3 - Establish a regional Data Day to promote data education and access throughout Central Ohio
3.1.3 - Compile best practices for data governance	5.3 - Build capacity and collaboration in Central Ohio to address digital equity needs	6.2.4 - Create community partnerships to provide free/reduced cost data and mapping services to underserved populations	

- Strong support for remaining items & intersectionality among them, suggested a change to more inclusive approach – rather than narrowing down to just 2-3 priorities

2021-2022 RDAC Priorities & Working Groups

- The three working groups will be more permanent in scope, encompassing nearly all objectives and action items in the Regional Data Agenda

- Focus will continue to be on concrete deliverables
  - Each working group will focus primarily on one key initiative at a time
  - Working groups will define key initiative and corresponding scope of the work

- Will maintain certain elements of flexibility
  - Can bring in participants beyond RDAC membership
  - Opportunities to adjust working group membership upon completion of initiatives

2021-2022 RDAC Priorities & Working Groups

MORPC

LOCAL GOVERNMENT RESOURCES	CAPACITY BUILDING & PARTNERSHIPS	BROADBAND & DIGITAL EQUITY
1.2.5 - Provide guidance to local governments in the creation and management of open data resources	1.3.5 - Build partnerships with associations of Central Ohio data leaders	5.3 - Build capacity and collaboration in Central Ohio to address digital equity needs
1.4.1 - Develop best-practice case studies on how data can be used to make better policy decisions	2.3 - Establish a regional Data Day to promote data education and access throughout Central Ohio	
3.1.3 - Compile best practices for data governance	6.2.4 - Create community partnerships to provide free/reduced cost data and mapping services to underserved populations
