**NOTICE OF A MEETING
SUSTAINABILITY ADVISORY COMMITTEE
MID-OHIO REGIONAL PLANNING COMMISSION**

REMOTE MEETING

December 15, 2021, 2:30 pm – 4:00 pm

AGENDA

- 2:30 – 2:35 pm** **Welcome** – *Jim Schimmer, Chair and Ben Kessler, Vice Chair*
- 2:35 – 2:45 pm** **[Member Recognition](#)** – *William Murdock, MORPC*
- 2:45 – 2:55 pm** **[Policy Update](#)** – *Joe Garrity, MORPC*
- 2:55 – 3:10 pm** **Regional Sustainability Agenda – Remaining Indicators and Targets**
– *Ethan Hug, MORPC*
- Objective 1.5 Reduce regional greenhouse gas emissions
 - Objective 2.5 Reduce the conversion rate of farmland
- 3:10 – 3:35** **2021 Highlights and Accomplishments** – *Kerstin Carr and the MORPC Planning & Sustainability Team*
- 3:35 – 3:50 pm** **Working Group/Board Updates**
- Central Ohio Greenways Board: *Letty Schamp*
 - Sustaining Scioto Board: *Kristen Atha*
 - Sustainable2050: *Ben Kessler*
 - Energy & Air Quality Working Group: *Matt Stephens-Rich*
- 3:50 – 4:00 pm** **Other Business**
- 2022 meeting schedule
 - Member updates
- 4:00 pm** **Adjourn**

Please notify Lynn Kaufman at 614-233-4189 or LKaufman@morpc.org to confirm your attendance for this meeting or if you require special assistance.

**The next Sustainability Advisory Committee Meeting
will be on Wednesday, February 16, 2022 at 2:30 pm**

William Murdock, AICP
Executive Director

Karen J. Angelou
Chair

Erik J. Janas
Vice Chair

Chris Amorose Groomes
Secretary

SUSTAINABILITY ADVISORY COMMITTEE MEETING

PLANNING COMMISSION

MEMBER RECOGNITION

MORPC

Thank you!

- **Kristen Atha**
- **Kate Bartter**
- **Justin Milam**
- **Megan O'Callaghan**
- **Letty Schamp**
- **Jim Schimmer**
- **Alana Shockey**

REGIONAL SUSTAINABILITY AGENDA INDICATORS AND TARGETS

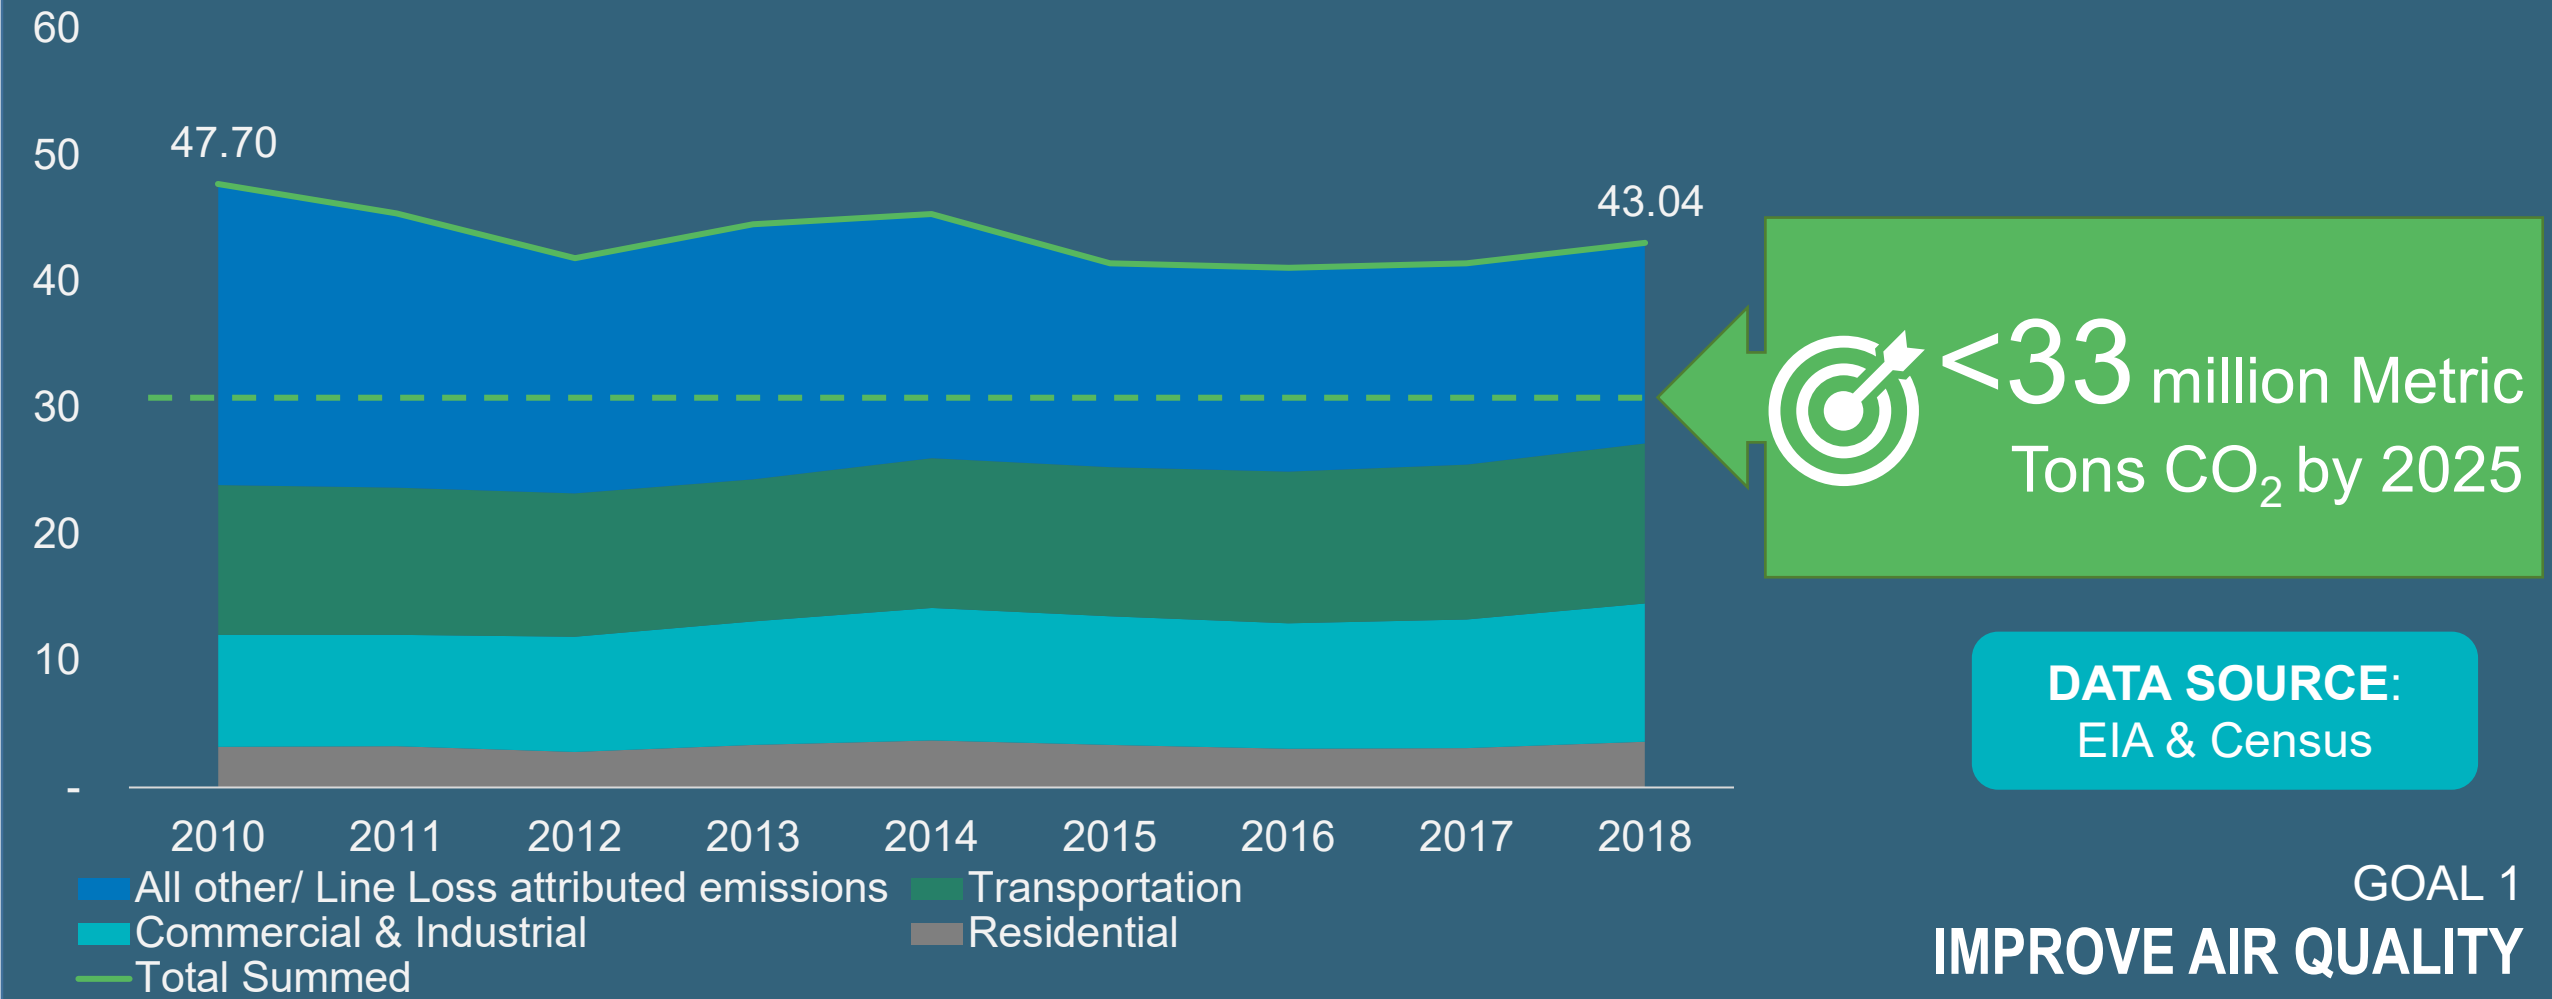

Ethan Hug, MORPC

MID-OHIO REGIONAL
MORPC
PLANNING COMMISSION

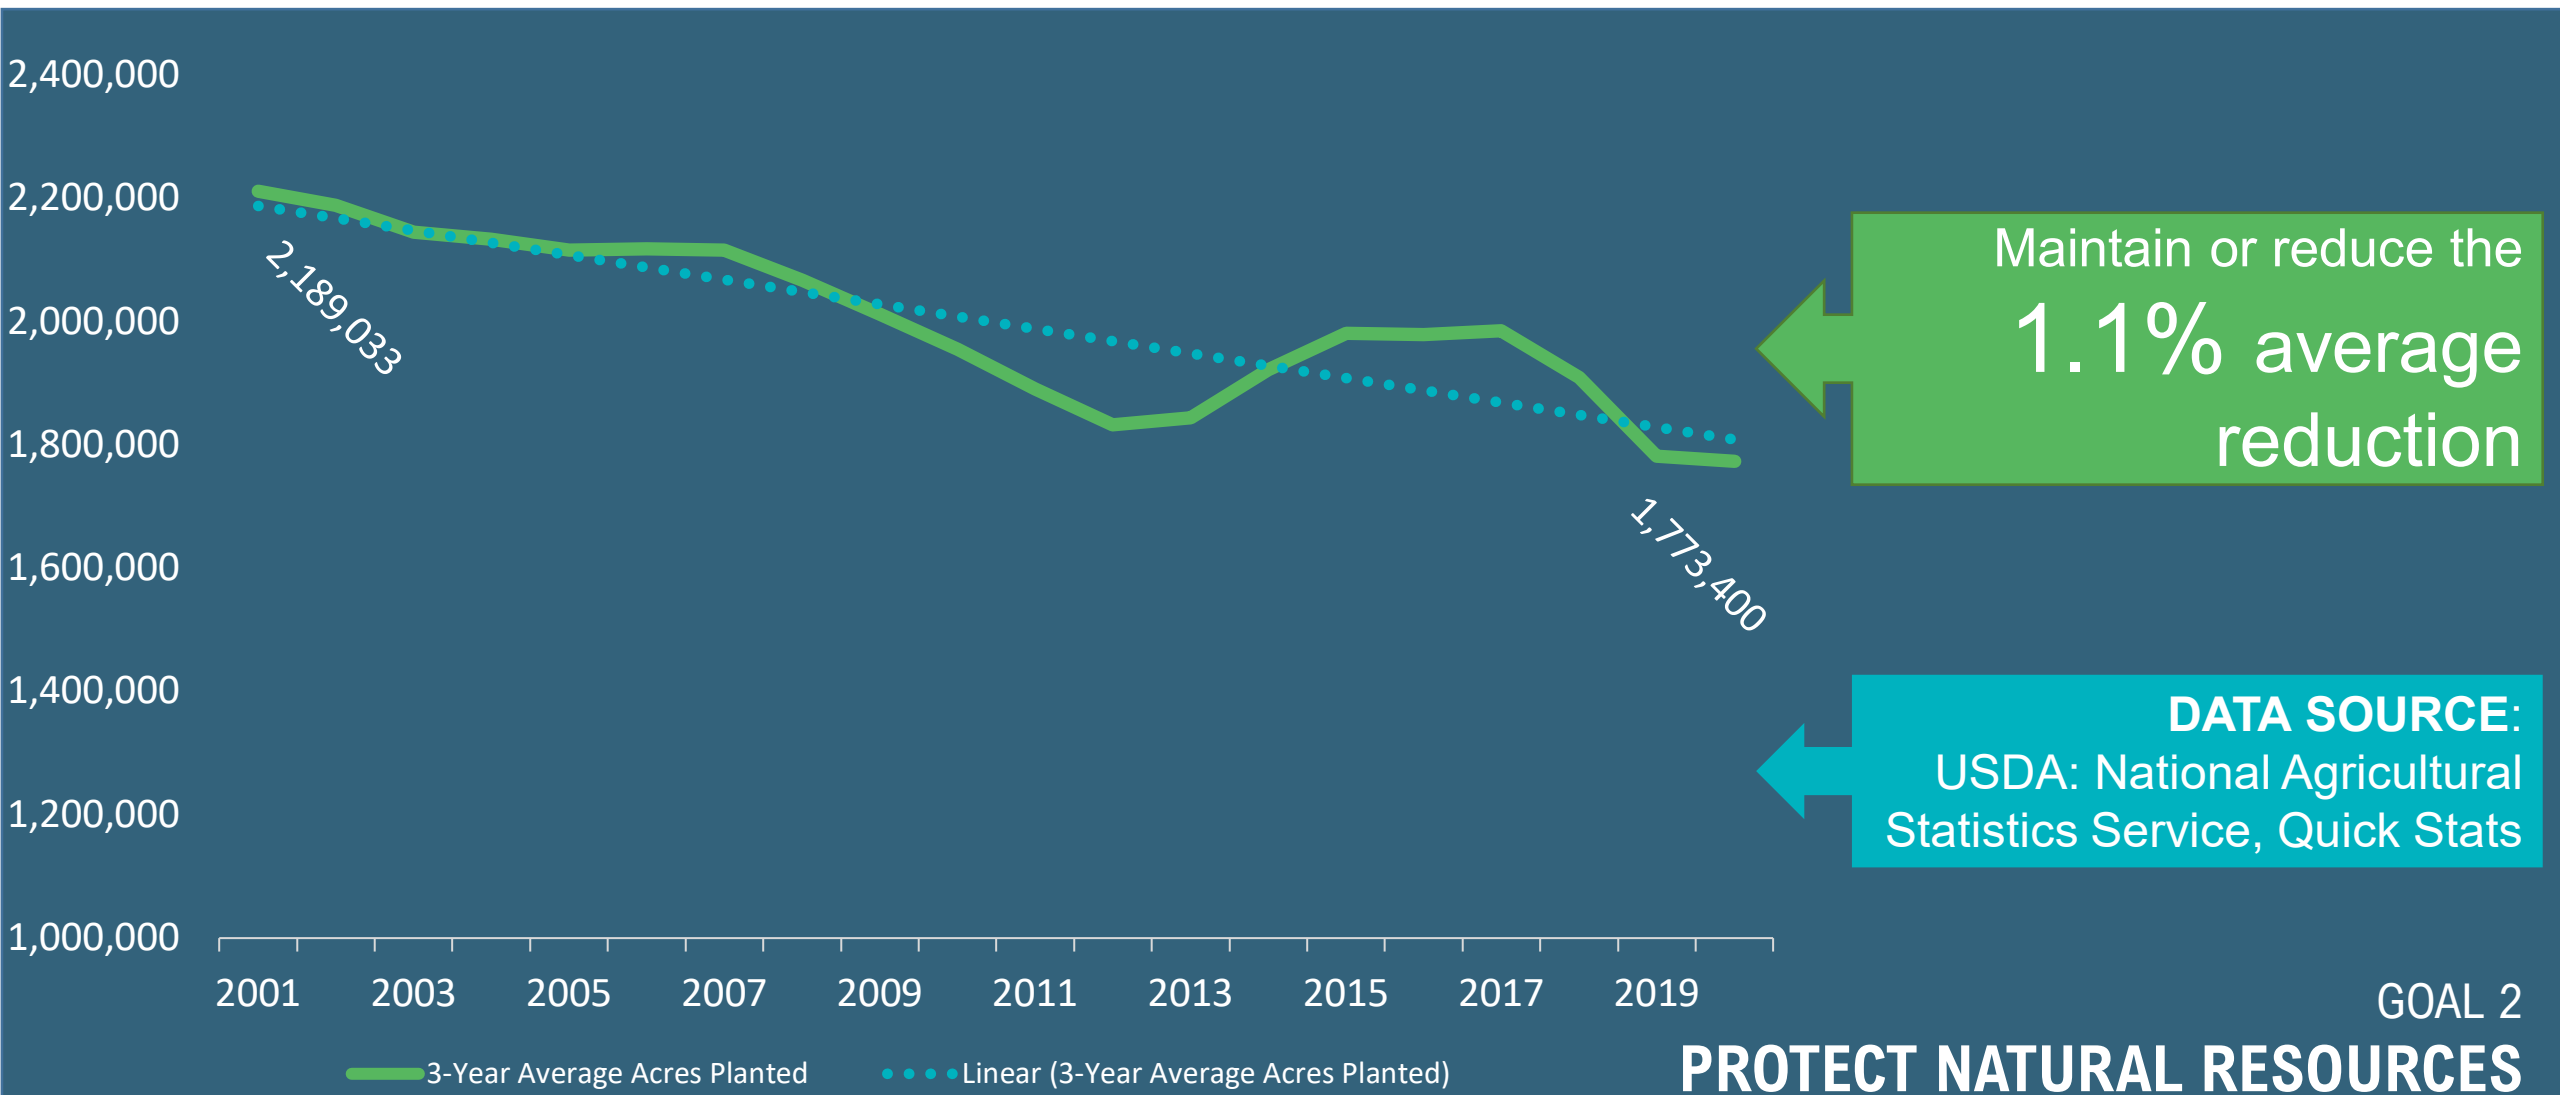

1.5 Reduce regional greenhouse gas emissions

ANNUAL CO₂ EMISSIONS FROM ENERGY AND FUEL CONSUMPTION (metric tons)
15-COUNTY REGION

2.5 Reduce the conversion rate of nationally significant farmland

Agriculture land use – 3-Year average

Questions?

Ethan Hug

ENERGY

MORPC

2021-

- **SolSmart**

= technical assistance & designation program → recognize local gov'ts for encouraging solar growth by addressing barriers

- **Energy Aggregation**

= regional approach centered on 100% RE & in-state

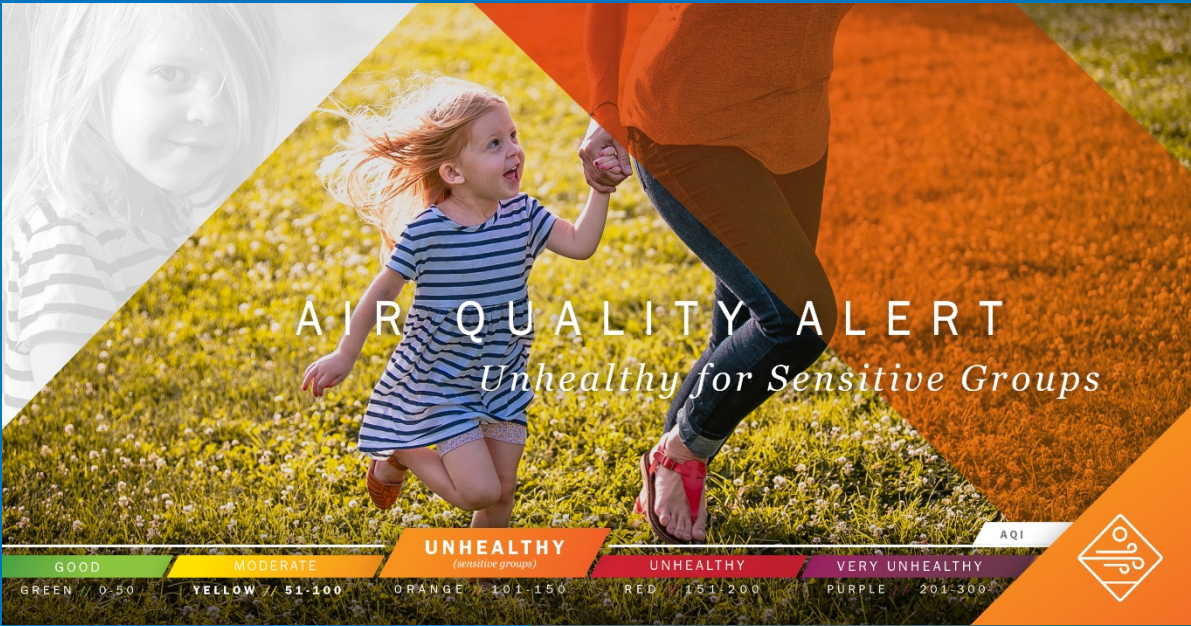

- **Rickenbacker Area Plan Update**

AIR QUALITY

- Neighborhood level air quality monitoring
- Forecasting and annual report

MORPC

WATER RESOURCES

MORPC

Sustaining Scioto-

- Forum on precipitation impacts and water infrastructure planning tools
- Funding and partnership with American Farmland Trust
- Ag & Rural Outreach Working Team
- Virtual Riverfest

208 Water Quality Management Plans-

- Complete for Morrow, Logan, and Champaign Counties

2021 SUMMIT ON SUSTAINABILITY

REGIONAL SUSTAINABILITY AGENDA

MORPC

GOAL ONE

Improve air quality and reduce climate change impacts to protect public health and the environment.

GOAL TWO

Protect and preserve natural resources to support a healthy and resilient region.

GOAL THREE

Improve quality of life for all residents by creating sustainable and equitable communities.

GOAL FOUR

Promote robust, inclusive, and sustainable growth and development.

MID-OHIO REGIONAL
MORPC
PLANNING COMMISSION

Central Ohio Greenways Board (Chair: Letty Schamp)

Next meeting January 19, 2022

The Central Ohio Greenways (COG) Board meet on November 9th to review 2022 COG Board Accomplishments, learn about federal legislative updates including the recent Infrastructure Bill, learn about MORPC's technical assistance, and review working group activities. Lastly the Board discussed goals for 2022 and would like to continue focusing on partnership building, utilizing federal funds, and evaluating the strategic plan.

Trail Development Working Group: The group is supporting a trail monitoring pilot project. Two state of the art counters were installed on trails and will be evaluated over the next 6-9 months. A formal equipment recommendation to partners is expected after the evaluation period. Lastly the group reviewed Regional Trail Vision changes and will present them to the Board in January.

Marketing & Communications Working Group: The Group has partnered with Experience Columbus to develop a passport program aimed to encourage use of trails. Incentives will be offered monthly to random participants.

Additionally, the Group will advise MORPC's Trail Town Planning effort, which will provide recommendations to rural towns and communities on how to utilize trail connectivity for economic development, tourism, and quality of life. The trail town project is scheduled to begin on December 13th and will last approximately 8 months.

Operations & Access Working Group: The group reviewed wayfinding strategies for a new trail segment and would like to identify funding for a wayfinding planning study.

Partnership Working Group: The Group recently finalized an Impact of Trails Report, which estimates a return on investment for the Regional Trail Vision. The report reveals significant impacts related to quality of life, health, the economy, and the environment. In 2022, the group plans to focus more on environmental partnerships.

Energy & Air Quality Working Group (Chair: Matt Stephens-Rich)

Next meeting: January 25, 2022

The Energy and Air Quality Working Group met for the final time in 2021 on November 23 with a featured presentation on the LinkUs initiative from John Gardocki with MORPC. The Group was also introduced to MORPC's new Energy & Sustainability Program Coordinator.

Air Quality Monitoring Subcommittee: The project team has finished collocating the 20 low-cost air monitors with Ohio EPA's regulatory particulate matter monitor. One monitor will remain collocated to obtain calibration data throughout the year to understand the influence of meteorology. Fourteen out of twenty monitors have been placed in their final destinations throughout Franklin County. The project team is exploring an educational engagement partnership with COSI staff.

Sustainable2050

Next meeting: Friday, March 18, 2022

The Q4 membership meeting took place on December 10. The featured meeting topic was energy, where staff presented about SolSmart and energy aggregation. Tristan Rader with Solar United Neighbors also gave a presentation about solar co-ops.

The MORPC team also provided an overview of the updated certification process to achieve bronze, silver, gold, and platinum Sustainable2050 levels. The certification process has been updated to align with the new Regional Sustainability Agenda (RSA). Members will use this framework to track their achievements from the list of strategies that have been adopted in the RSA. The current framework includes a much larger menu of activities for earning points toward certification. The certification levels are determined by the percentage of total possible points achieved: 75% earns Platinum, 50% earns Gold, 30% earns Silver, and 15% earns Bronze. If a community has already achieved certification under the old framework, then that will not change unless they decide to certify again.

There's also a new element incorporated into this process, where members can also earn recognition as a Diversity, Equity and Inclusion Champion, or DE&I Champion, by achieving at least 10 of the strategies that have been labeled as DE&I (there are 37 total). We are excited to offer this to our Sustainable2050 members and elevate equity within their sustainability work.

If your community or agency is interested in participating in Sustainable2050 or earning its Tier Status, please contact Brandi for more information at bwhetstone@morpc.org.

Sustaining Scioto Board (Chair: Kristen Atha)

Next Meeting: February 23, 2022

The Board met in October with an update from the Agricultural and Rural Communities Outreach Team on administering a survey and interview with the Upper Scioto River Watershed Soil and Water Conservation District supervisors. The Board also discussed the need to renew member terms and identify a new Chair for 2022.

Agricultural and Rural Communities Outreach Team: The Team wrapped up the year during the November 18 meeting. There was a presentation by the OSU Capstone Design Class on the Social Science Farmer Survey deployed to farmers in the Upper Scioto Watershed to help analyze farmer perceptions on topics including water quality and climate change. The results will guide the Team to develop outreach programming for the agricultural and rural communities in the watershed in 2022.

2022 MEETING SCHEDULE

MORPC

All meetings are at 2:30pm

- Wednesday, February 16
- Wednesday, April 20
- Wednesday, June 8
- Wednesday, September 28
- Wednesday, December 14

Happy
Holidays and
warm wishes
for 2022!
