Description: Requests of a traffic light at the intersection of Spangler Rd and Williams Rd. Concern about the speed limit being 50 mph on Williams Rd - wants it reduced to 35 - 40 mph. Williams Creek HOA

Response: I called Mr Goodwin and explained that a speed study indicated that the current 50 mph speed limit is justified, and that a signal warrant analysis indicated that a traffic signal is not warranted at this time. We will continue to closely monitor crashes since it ranks #11 on our unsignalized high crash list. Bill Bielek
