

# Active Transportation Committee

Q4 Meeting – October 20, 2022

MID-OHIO REGIONAL  
**MORPC**  
PLANNING COMMISSION

# Agenda

- Welcome and Introductions
- Travel Demand Management Highlights
- MTP Updates
- MORPC Technical Assistance Program
- Central Ohio Greenways Updates
- Funding Programs Update
- Printed Bike Map Discussion
- Other Business

# TDM Highlights

MID-OHIO REGIONAL  
**MORPC**  
PLANNING COMMISSION

# Welcome, Pete!

Pete is HNTB's Urban Mobility Practice Leader and brings 18 years of experience in creative multimodal planning, emerging mobility, and equitable engagement. Pete has worked with communities, public agencies, non-profit organizations, academic institutions, and private businesses across the U.S. prioritize their investments in transportation to meet their fundamental goal of enhancing the built environment and quality of life. He brings a high level of transparency to the planning process by putting the interests of those affected by policies and programs at the forefront of the conversation. His focus on equitable planning, transportation demand management (TDM), Complete Streets and emerging mobility has created new opportunities for public-private partnerships across the U.S., ensuring that smart street design, mobility programs and policies, and technologies are used to accomplish community values.

**Pete Costa, AICP, PTP**

# MORPC GOHIO COMMUTE

Rethinking the Work Commute  
*Patty Olmsted, MORPC*

MID-OHIO REGIONAL  
**MORPC**  
PLANNING COMMISSION

**Success starts with  
with the Commute**

## Our Mission

Motivate commuters to drive less and use sustainable modes of transportation to work

## Our Approach

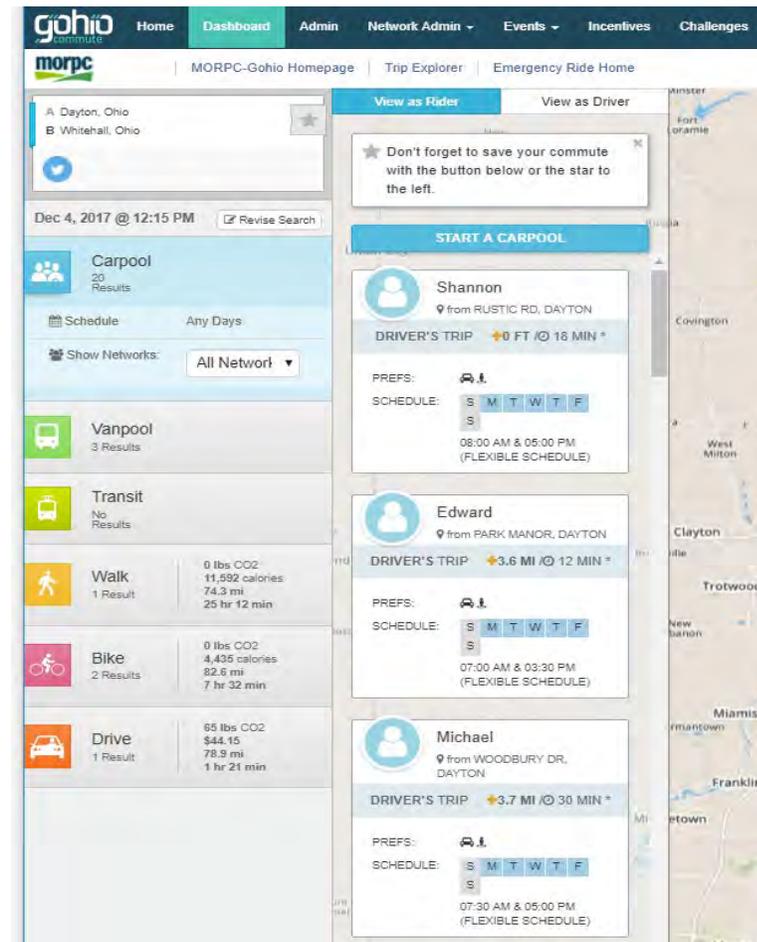

Creating a behavior change model that encourages permanent mode shift solutions for workforce mobility

- Engage commuters with access to commute options through our multimodal trip planner
- Achieve companies goals with measurable success
- Make a positive impact on the environment

*Explore your commute  
options at  
[Gohiocommute.com/morpc](https://Gohiocommute.com/morpc)*

# Multimodal Trip Planner

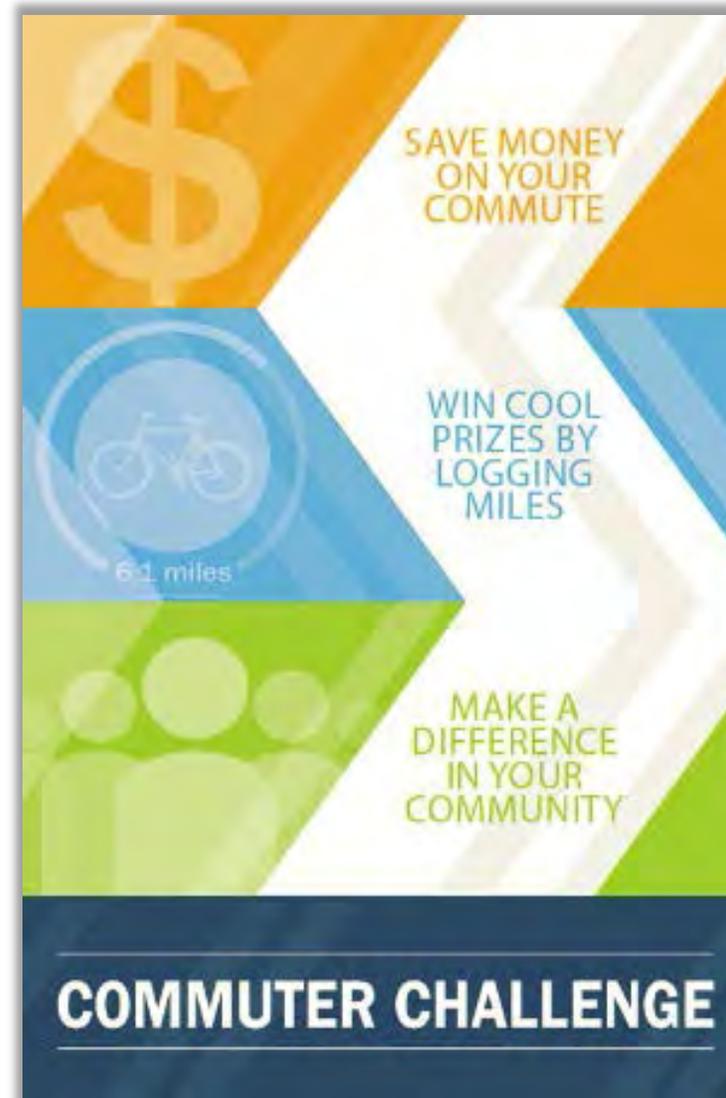

- Customize Trip Planning with instant results
- Employees can compare commute alternatives across multiple modes
- Offer ride-matching in trusted networks or all networks
- Promote employer-provided commuter benefits

# Gamification:

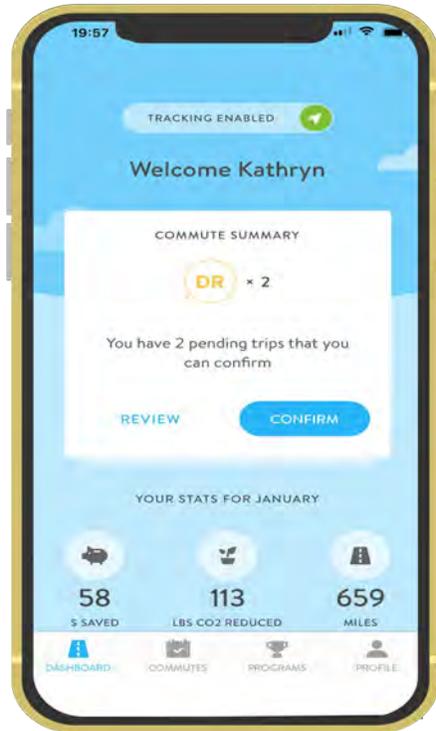

## What is it & Why it works?

Challenges, incentives, and campaigns encourage user participation. When starting a new rideshare program at your company it's important to get your employees to opt-in. Providing a small incentive for employees to try out the program can have a significant impact on employee participation.

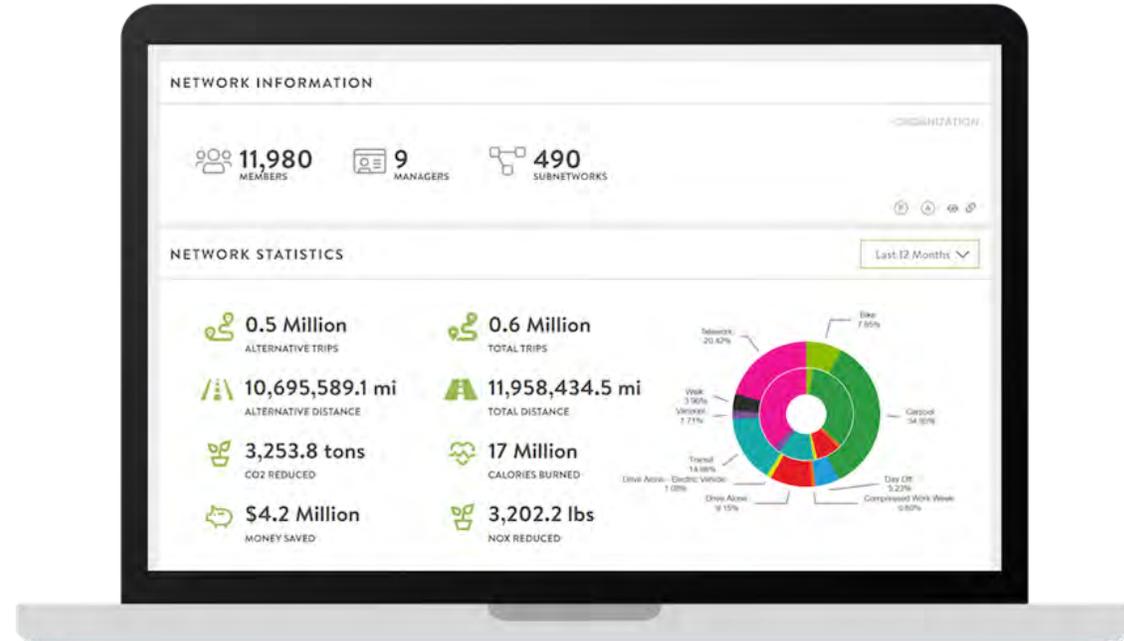

## Employees Can

- Discover a better commute
- Earn and redeem rewards
- Log trips automatically
- Track Achievements and impact

## Company network Can

- Promote employer-provided points, rewards and challenges
- Understand commuter behavior for improved recruitment and retention

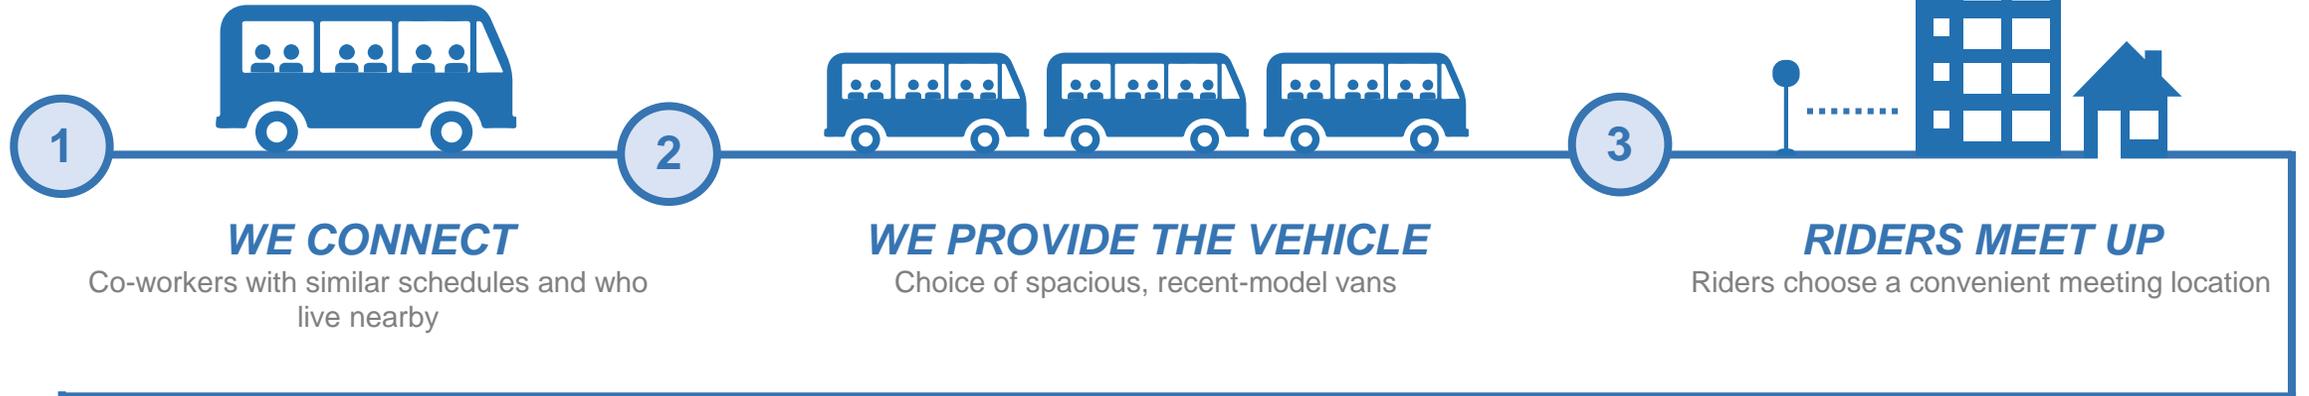

# Gohio Commute Vanpool Program

- A Gohio Commute vanpool is a group of 6 to 15 commuters who share the ride to work on a regular basis in a Gohio Commute Van.
- Riders share an affordable monthly fee that covers use of the van, insurance, maintenance, roadside assistance, and fuel card. Vans are provided by Commute with Enterprise.
- Vanpool is only a 30-day commitment.
- MORPC provides a \$525 monthly subsidy for each van

**gohio**  
commute

# HOW VANPOOLING WORKS

## WHAT IS INCLUDED:

- 7,12,15 passenger vans
- 24/7 roadside assistance
- Preventative maintenance
- Comprehensive physical and liability insurance
- Month-to-month flexibility
- Emergency Ride Home (ERH) program
- MORPC \$525 per month subsidy

# MORPC EMERGENCY RIDE HOME

- Free service that assures commuters will not be stranded at work in the case of emergency, unexpected overtime or illness and cannot make their sustainable commute home.
- Can be used four times in a calendar year.
- Free taxi ride includes tip.

# It Pays to Invest in the Commute

## Support a Successful Workforce

23% of workers have quit a job because of the commute. Replacing them can cost 1.5x their salary. Reducing stress by ridesharing supports strong, productive teams.

## Build a Culture of Sustainability

Aligning your employer brand with sustainable practices helps engage employees in your mission.

## Providing a Commuter Benefit Package

Companies that provide commuter benefits historically have fewer recruitment and retention issues.

# MORPC COMMUTE ACTION FUND

## MISSION

New program for central Ohio companies to fund new incentives or commute projects that motivate company's associates to drive less and use sustainable modes of transportation to work. The fund aims to empower central Ohio companies to take ownership of creating more sustainable commuter options for their workplace and to help with workforce mobility challenges.

## WHAT FUNDING IS AVAILABLE?

Companies can apply for dollar-for-dollar match against their spending toward new sustainable commute projects.

**\$5,000 ≥ 250 plus associates**

**\$2,500 ≤ 249 or less associates**

## HOW CAN A COMPANY APPLY

To apply, eligible companies must fill out the application located online at <https://morpc.gohio.com/commute-action-fund/>

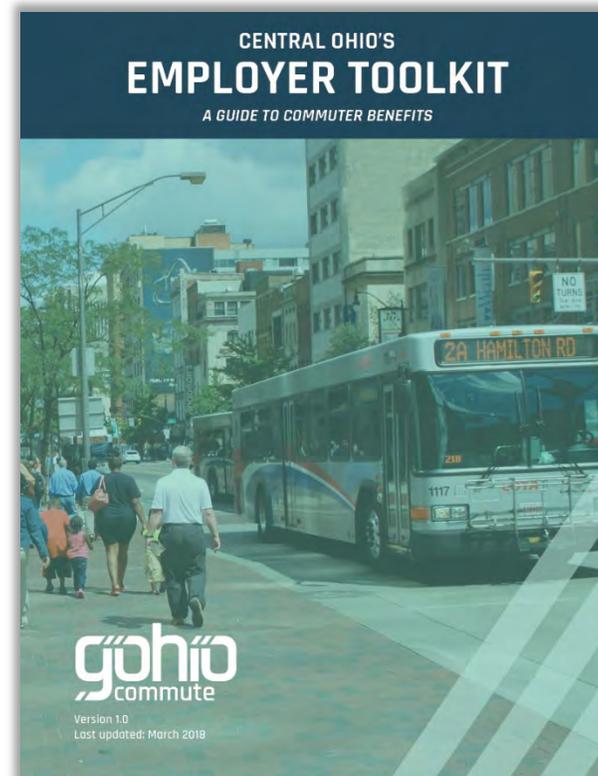

# Partnering With MORPC Gohio Commute

## Creating a Rideshare Program Customized For Your Employees

### Next Steps :

- Assign an employee to work with MORPC staff
- Assess your needs and set goals
- Develop your commute options plan
- Apply for Commute Action Funds (optional)
- Assist in on- site marketing your program

# Gohio Commute Hub

The Gohio Commute Hub provides resources to help Rethink Workforce Transportation

The hub provides information about:

- Sustainable modes of transportation
- Regional programs
- Commuter resources
- Employer resources

Visit the Gohio Commute Hub at [morpc.gohio.com](http://morpc.gohio.com)

# Regional TDM Planning

*John Gardocki, MORPC*

MID-OHIO REGIONAL  
**MORPC**  
PLANNING COMMISSION

# 2023 TDM Strategies

- TASK 1: Collect, develop, and maintain data on roadway, transit, bike, and pedestrian conditions
- TASK 2: Maximize TDM programming performance through innovative strategies
- TASK 3: Educate and market TDM programs and resources to increase use of alternative modes
- TASK 4: Educate and market alternative transportation options to increase use of transit, rideshare, bikeshare, and other non-SOV travel
- TASK 5: Facilitate thoughtful education and engagement outreach with accessibility and equity in mind

# TDM Strategies Implemented

- COTA Income Assistance Program
- COTA Transit / Fare Capping
- CoGo Bike Expansion
- Central Ohio Employer Telework Policy
- Scooter Policy Implemented at Municipal Level

CENTRAL OHIO

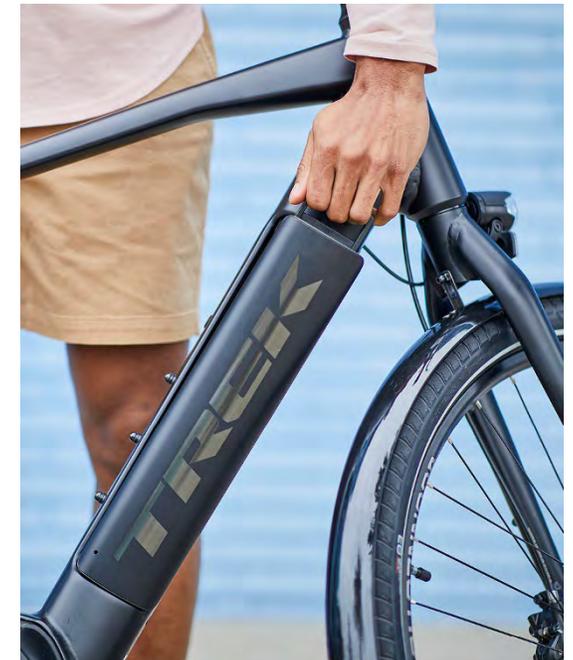

**EMPLOYER  
TELEWORK  
POLICY GUIDE//**

# TDM Strategies for the Future

- E-bike incentive program
- Statewide commuter benefits program
- Launch Gohio Mobility
- Coordination w/Rapid 5

# Local TDM Programs

*J.M. Rayburn, City of Dublin*

# TRANSPORTATION & MOBILITY STRATEGIC FOCUS AREAS

# COTA BUS LINES SERVING DUBLIN

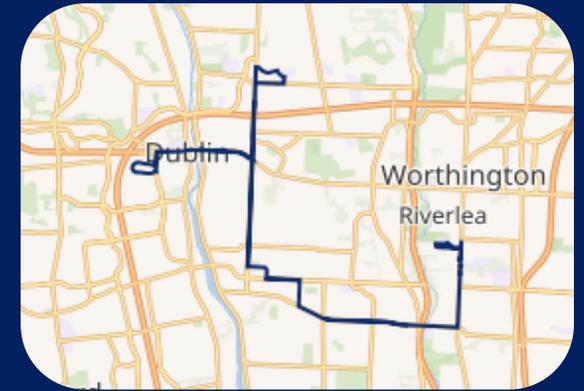

## Line 1 (Frequent)

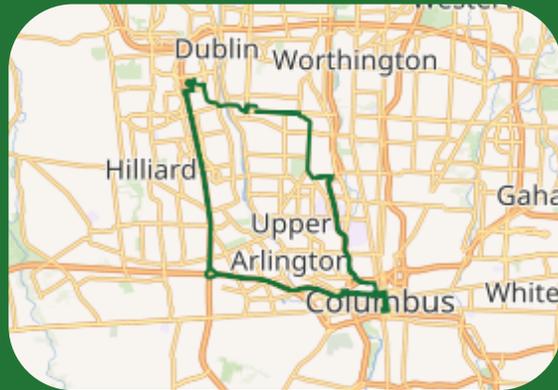

## Line 21 (Standard)

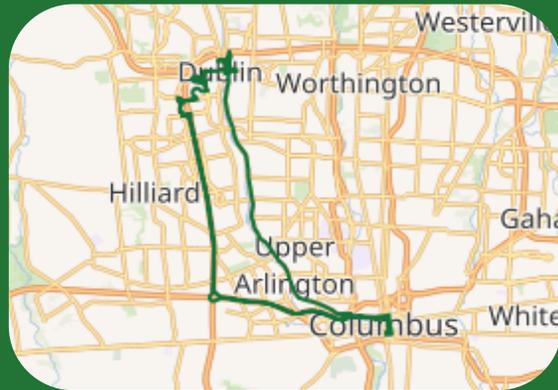

## Line 33 (Standard)

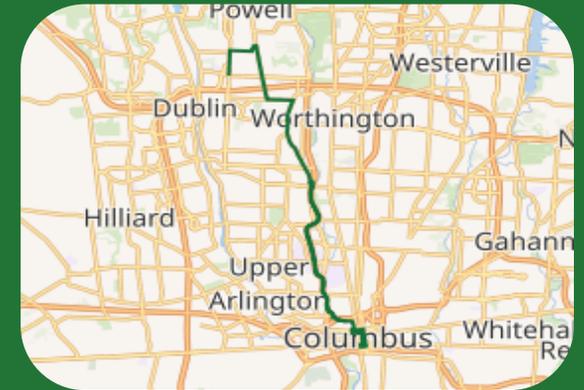

## Line 72 (Express)

## Line 73 (Express)

## Line 74 (Express)

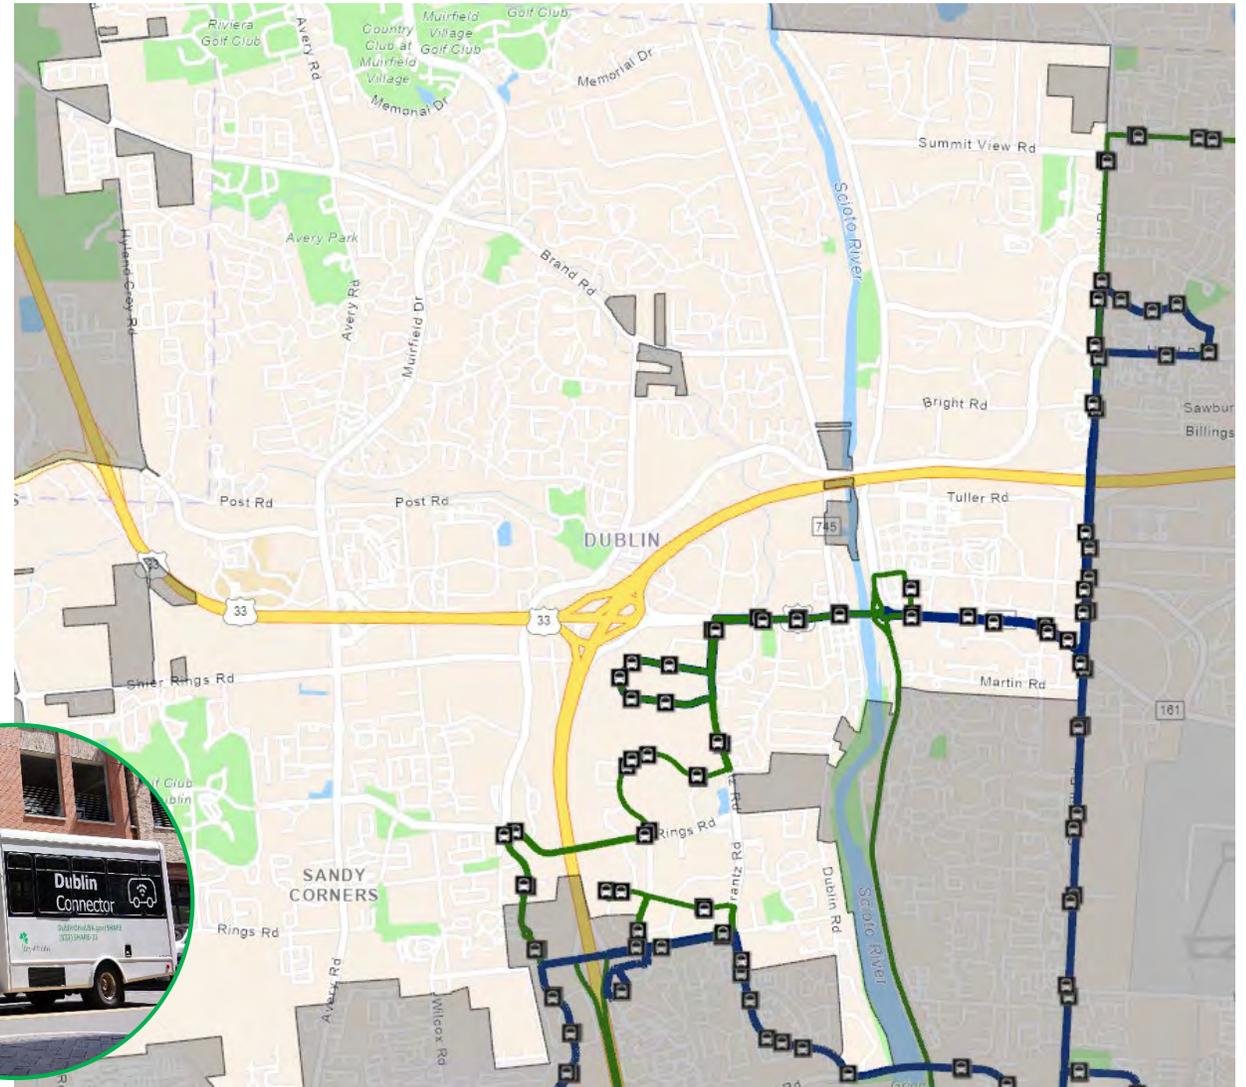

# COTA BUS STOPS IN DUBLIN

## 45 bus stops

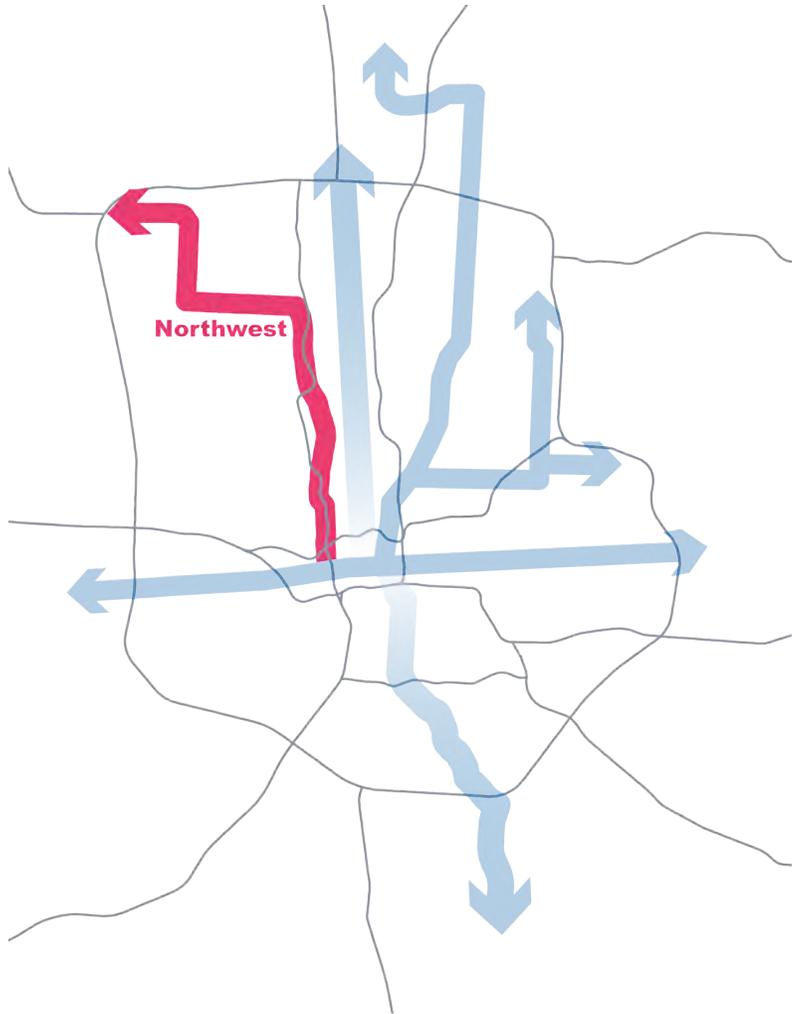

- SR 161
- Sawmill Rd
- Blazer Pkwy
- Tuttle Crossing Blvd
- MetroCenter

## Dublin Connector

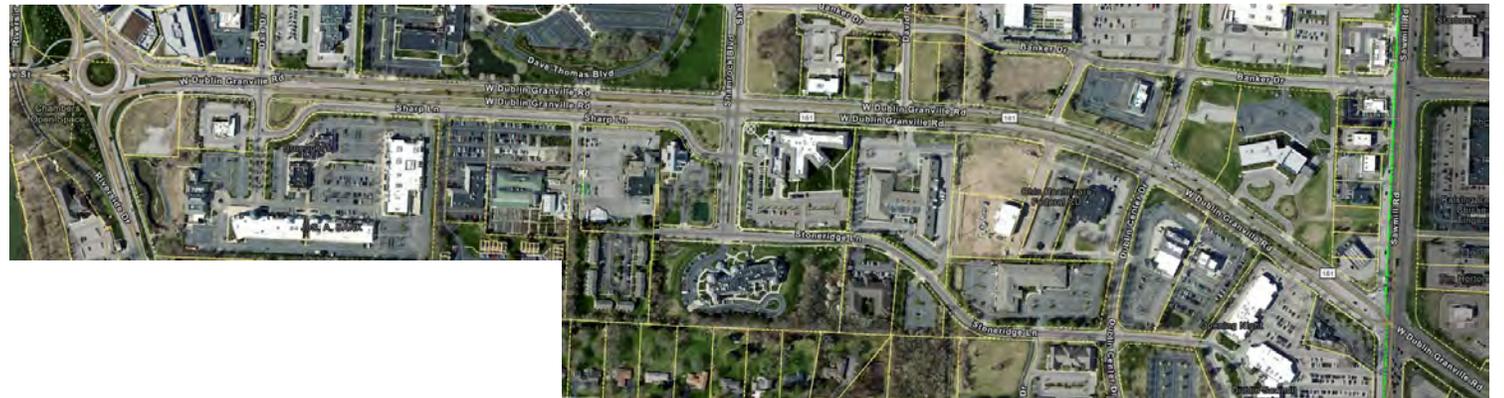

- First mile/last mile service

# LINKUS NORTHWEST CORRIDOR

## SR 161/W Dublin Granville Rd corridor

# DUBLIN CONNECTOR SHUTTLE

**FOR QUALIFIED RIDERS, THERE IS NO FARE TO RIDE**

Serving Dublin's workforce, seniors and residents with disabilities

- 1% mode shift of workforce
- Mobility independence
- First mile/last mile service
- Pre-scheduled (2 hours)
- SHARE Rider App or by phone  
833-742-7333

# DUBLIN CONNECTOR RIDERSHIP DATA (2022)

## 2022 Dublin Connector ridership

- 12,144 rides

COTA BUS STOP	DUBLIN CONNECTOR RIDERSHIP	COTA ROUTES
Resler Dr & Sawmill Rd (Carriage Place Plaza)	359 riders	<span style="background-color: red; color: white; padding: 2px;">1</span> <span style="background-color: darkblue; color: white; padding: 2px;">21</span> <span style="background-color: darkblue; color: white; padding: 2px;">33</span> <span style="background-color: green; color: white; padding: 2px;">72</span>
Sawmill Rd & Snouffer Rd (Einstein Bagels)	193 riders	<span style="background-color: darkblue; color: white; padding: 2px;">33</span>
Hard Rd & Heathermoor Dr	185 riders	<span style="background-color: darkblue; color: white; padding: 2px;">33</span>
Tuttle Crossing Blvd & Frantz Rd	6 riders	<span style="background-color: darkblue; color: white; padding: 2px;">21</span>
PNC Bank (2510 Bethel Road)	4 riders	<span style="background-color: darkblue; color: white; padding: 2px;">21</span>
Dale Drive COTA Park & Ride	2 riders	<span style="background-color: green; color: white; padding: 2px;">73</span>

# BUS STOP AUDIT

45 COTA bus stops in Dublin

- 24% have concrete pads
- 2% have benches
- 15% have lighting
- 2% have shelters

# SUMMARY OF BUS UPGRADE OPTIONS

*Options for Bus Stop Amenities in Dublin*

OPTION	AMENITIES	EST. COST PER STOP	EST. NUMBER OF STOPS TO UPGRADE WITH BUDGET
1	Concrete pad, bench and trash receptacle	\$5,000	To be determined.
2	Option1 + canopy structure and solar-powered lighting	\$25,000	16 out of 45 (35%)
3	Option 2 + smart components	\$75,000	3 out of 45 (7%)

# MOBILITY HUBS

- Provide a space to co-locate at least two modes of transportation.
- Serve as transfer points.

# DCRC MOBILITY HUB – EXISTING CONDITIONS

# DCRC MOBILITY HUB – RENDERING

# CURBSIDE MANAGEMENT PROGRAM STUDY

## Curbside Management Program Study

- Evolved from discussions regarding paid on-street parking and shared micro-mobility
- Reduce friction between competing uses
- Investigate technology, propose solutions, and review of existing curbside regulations
- Historic Dublin and the redeveloped areas of the Bridge Street District
- Study anticipated to be completed by end of 2023

# DUBLIN'S ELECTRIFICATION STORY

## Highlights

- 3<sup>rd</sup> Place – NAFA Green Fleet Awards 2022
- 25 electric and hybrid vehicles
- 12 public EV charging stations (21 ports)
- **Prototype for E-bike charging**

*NAFA Green Fleet Awards 2022*

RANK	AGENCY
1	City of Riverside, CA
2	City of Long Beach, CA
3	City of Dublin, OH
4	Denver International Airport (CO)
5	City of Fort Collins, CO
6	King County, WA
7	Atlantic County, NJ Utilities Authority
8	Salt River Project (AZ)
9	City and County of Denver, CO
10	UCI Irvine Transportation Services (CA)

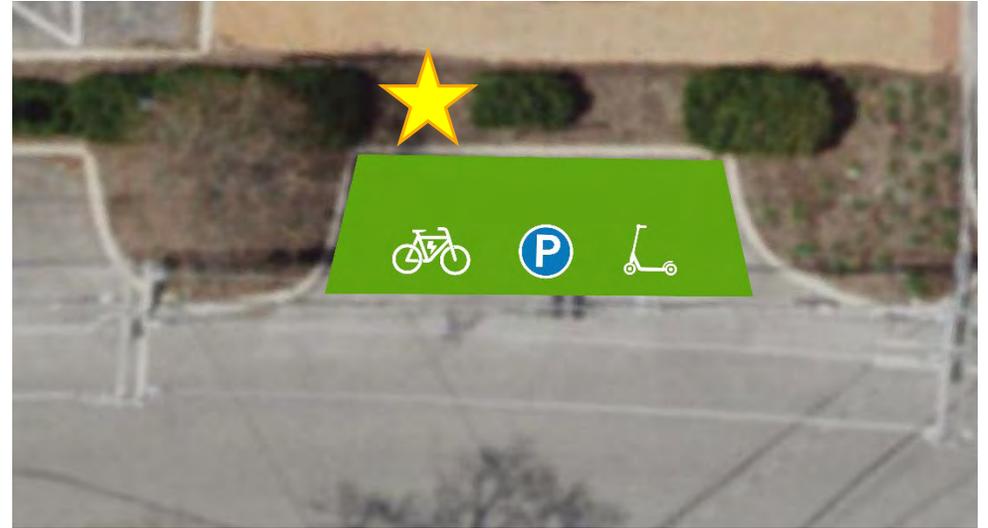

# PROJECTS UNDERWAY

## Micro-mobility Demo Pilot

- Bird electric scooters
  - 3,687 unique riders
  - 6,213 rides
  - 15,453 miles

## E-bike charging

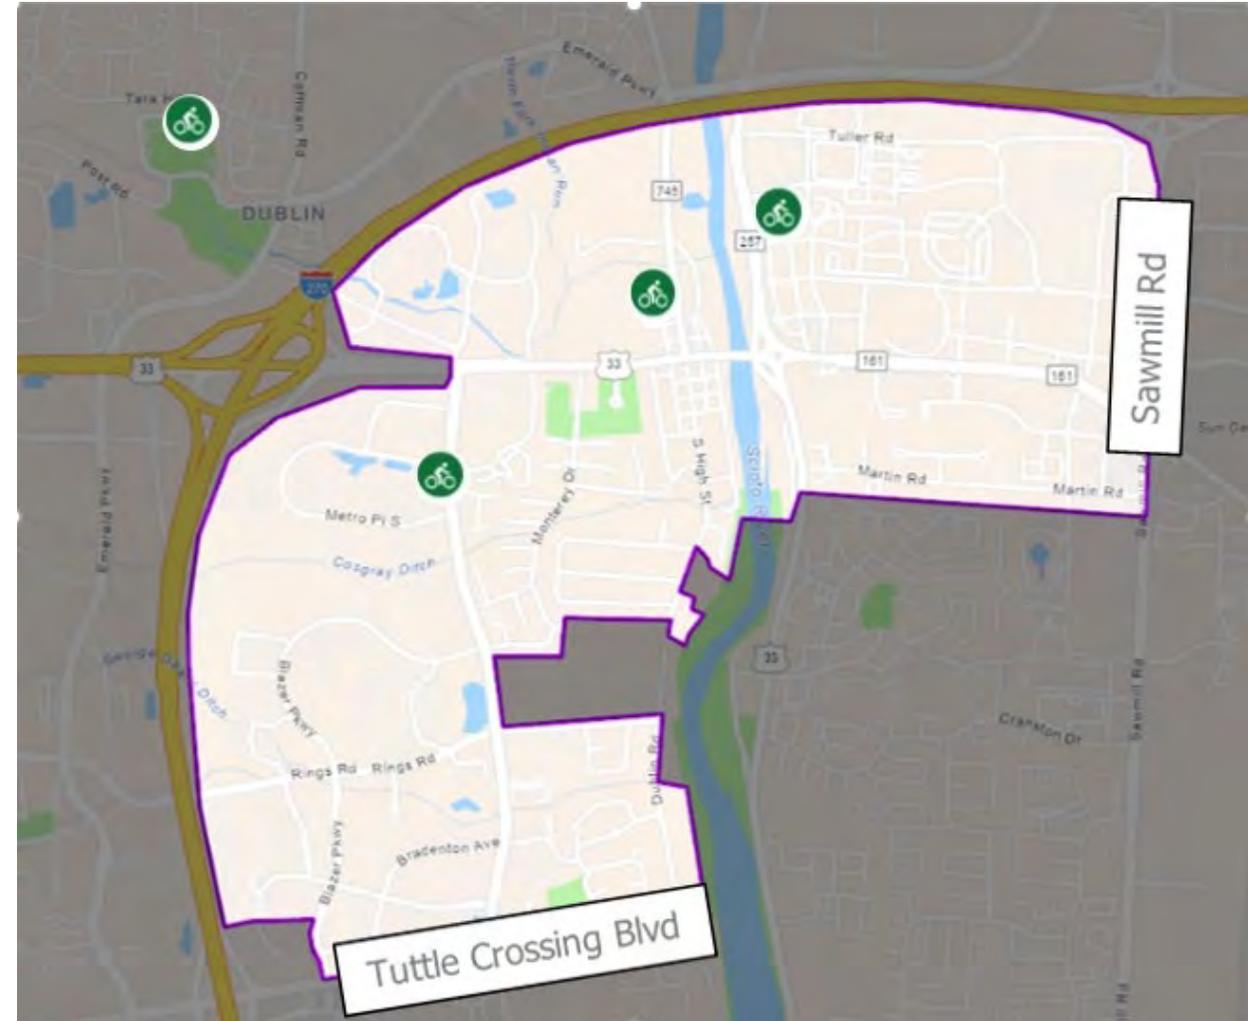

- Converting 1 parking space to micro-mobility parking
- City's first E-bike charging station

# CoGo Bike Share – Dublin Launch

## Phase 1

- DCRC
- Tuller Ridge Drive near the North Market Bridge Park
- CML - Dublin parking garage
- Frantz Road & Metro Place North

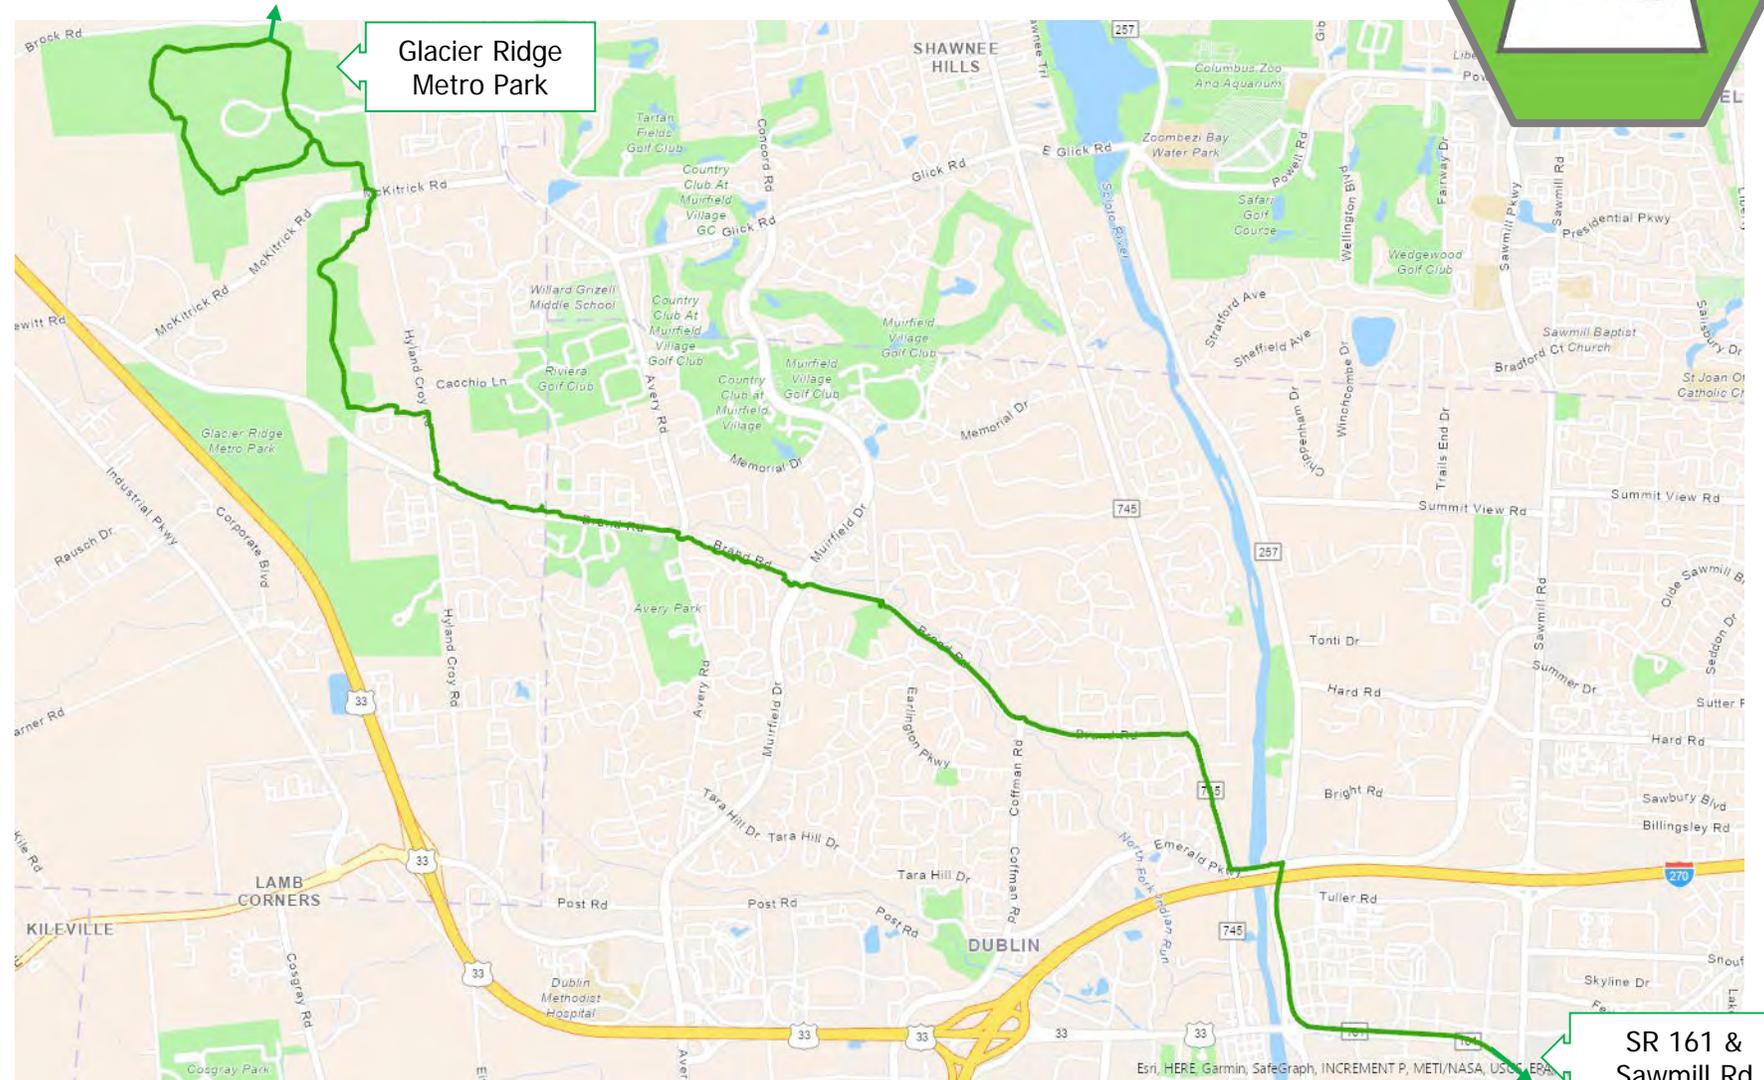

# EMERALD TRAIL – CENTRAL OHIO GREENWAYS

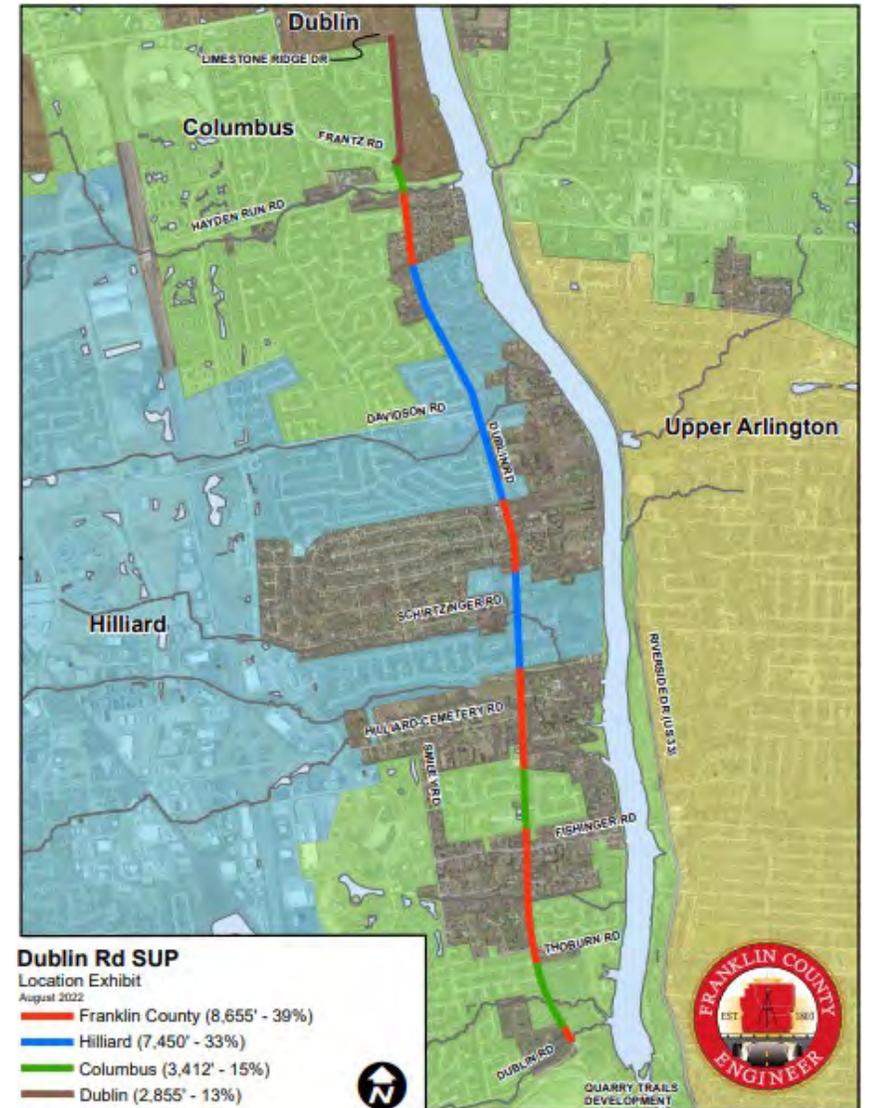

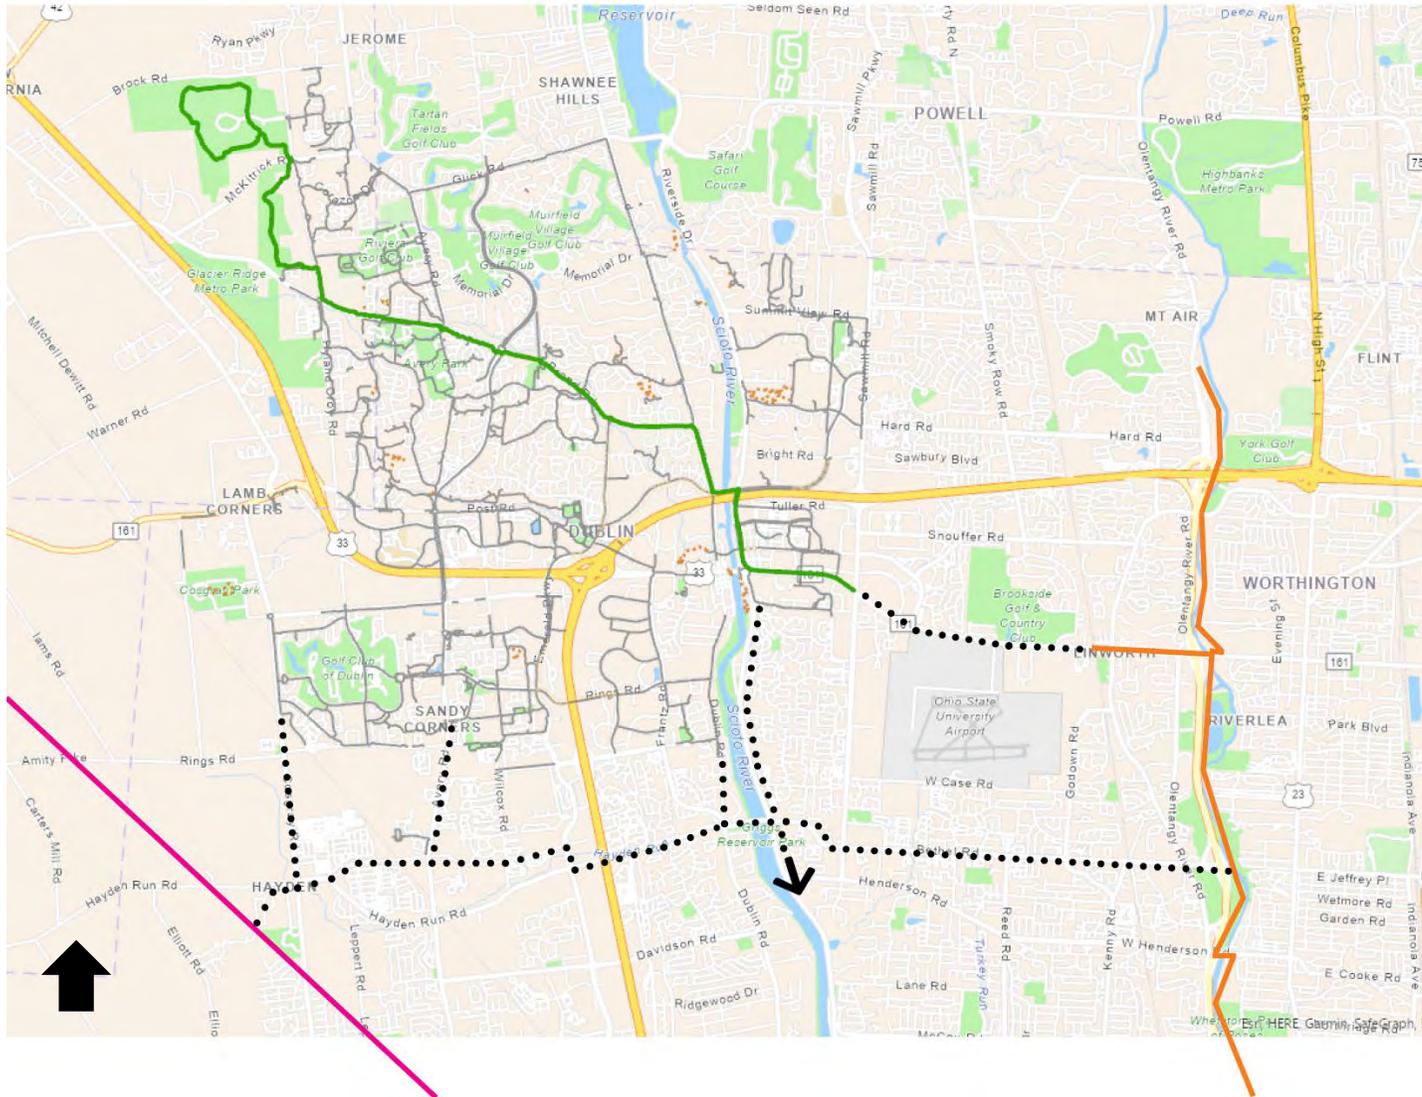

## Emerald Trail

- 10.5 miles
- 1 hour on bike
- Burn 480-710 calories
- Serves as backbone of bike loop network
- Digital Wayfinding (ArcGIS StoryMap):

# MORPC TECHNICAL ASSISTANCE – TRAIL CONNECTIONS

**THANK YOU!**

# Central Ohio TDM Ambassador Program

*Tobi Otulana, Toole Design*

MID-OHIO REGIONAL  
**MORPC**  
PLANNING COMMISSION

# Central Ohio Bike & Bus Ambassador Program

---

MORPC Active Transportation Committee

10/20/2022

## Program Goals

---

- Transportation Demand Management
- Address transportation disparities
  - Priority areas and populations
- Hire and train a diverse cohort of ambassadors

# Bike & Bus Ambassador Pilot Program

---

	Program development	Ambassador recruitment	Number of training cohorts	Ambassador Training	Program implementation start	Program implementation end
Pilot year 1 (2021)	April – June	July – August	1 cohort of 12 people	30 hours over 6 weeks (August to September)	September	November
Pilot year 2 (2022)	January – April	March – April	2 cohorts of 11 total people	32 hours over 4 days (April to May)	May	October

# Key Program Partnerships

---

**COTA**

COLUMBUS  
PUBLIC HEALTH

- Ohio Department of Health
  - Creating Healthy Communities Program
- Columbus Public Health
- COTA
- CoGo/Lyft
- Community Refugee & Immigration Services (CRIS)
- Franklinton Cycle Works
- Remember Us Urban Scouts

# Ambassador Recruitment & Hiring

---

- Recruitment
  - Job posting
  - Distribution through partners
- Hiring process
  - Screening application
  - Phone interview
  - HR orientation

# Ambassador Training

---

- Bicycle laws and safety
- Bicycle route planning
- Bus etiquette and safety
- Bus route planning
- Program marketing
- Commuting tips
- Program evaluation

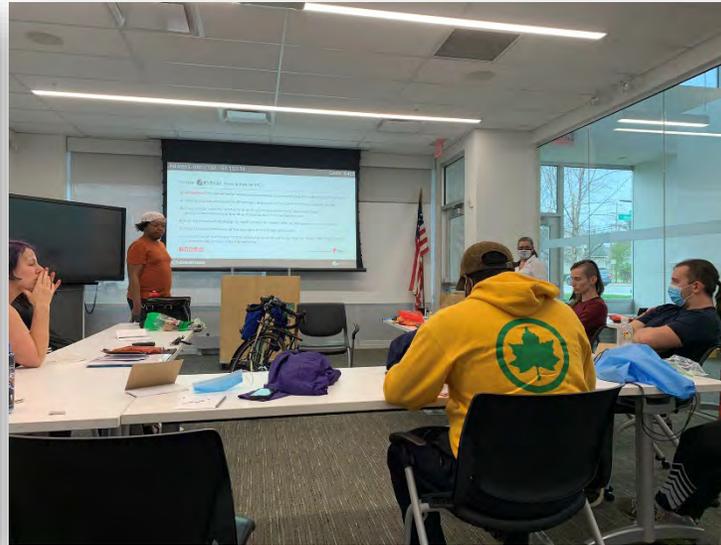

# Ambassador Activities

---

Training rides

Group sessions

Tabling events

# Outcomes

---

## Considerations for Equity & Inclusion

---

- Pay ambassadors or provide incentives
- Coordinate with partners to recruit diverse ambassador candidates
- Provide biking equipment through partnerships
- Lived experience = experience
- “No Drop” training rides
- Budget for accessibility (translation, interpreters, etc.)

# Thank you

---

# MTP Updates

*Maria Schaper, MORPC*

MID-OHIO REGIONAL  
**MORPC**  
PLANNING COMMISSION

# Active Transportation Committee MTP Update

October 2022

# What is the Metropolitan Transportation Plan (MTP)?

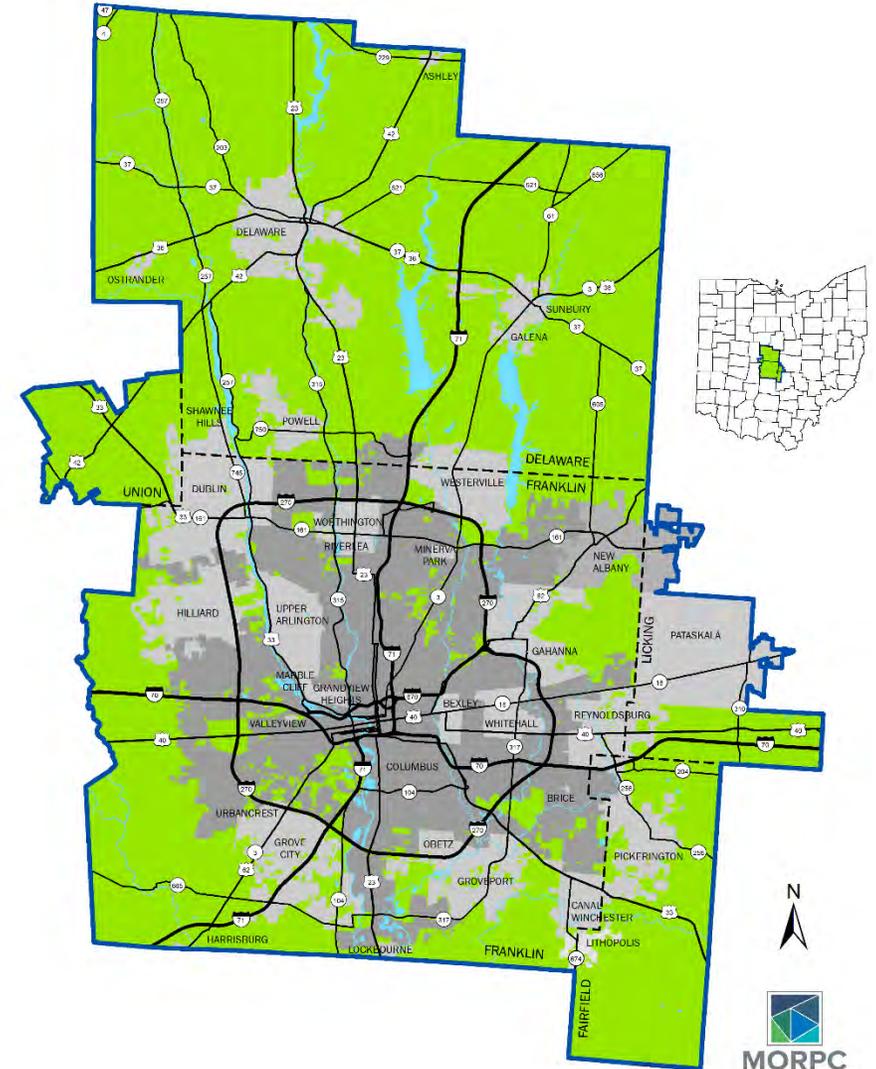

- IDENTIFIES REGIONAL TRANSPORTATION STRATEGIES AND PROJECTS
- LONG-RANGE (20+ YEARS)
- FISCALLY CONSTRAINED
- FORMAL DOCUMENT SUBMITTED TO ODOT AND USDOT EVERY 4 YEARS

# Metropolitan Planning Area

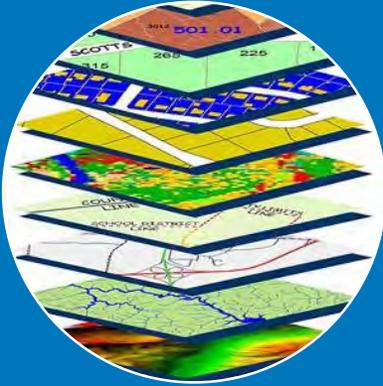

The Metropolitan Transportation Plan includes only communities within the official MPO boundary.

# Why is the MTP Important?

- **Central Ohio is growing**
  - Demographics are changing
  - Development is changing
  - Demands on the transportation system are changing
- **Transportation projects must be on MTP to be eligible for federal funding**
  - Formula & Discretionary (BIL)
  - Guides the work of MORPC and regional and local planning partners

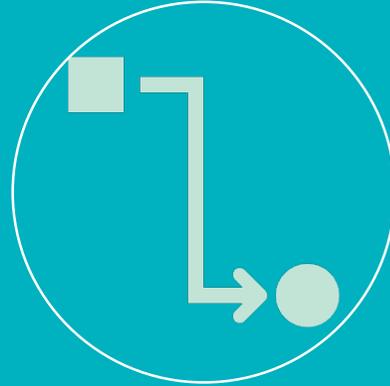

# 2024-2050 COLUMBUS AREA METROPOLITAN TRANSPORTATION PLAN

Goals, Objectives &  
Targets

Local & State Plans

Data

Pop/Emp Forecasting

Travel Demand Modeling

Project Evaluation

Fiscal Analysis

Impact Analyses

Regional Strategies

Priority Projects

Documentation

Public Participation

## Current Action Items:

- **PROPOSED GOALS:**

- Public Comment period now open, ends Nov 4
- Review and update Objectives & Targets

# Goals

- **BROAD VISION STATEMENTS THAT GUIDE PLAN DEVELOPMENT**
  - Inform:
    - **Strategy Development**
    - **Project Evaluation**
    - **Programming for other regional planning activities/services**

# Purpose Statement

**BY GUIDING INVESTMENT IN  
TRANSPORTATION AND MOBILITY  
INFRASTRUCTURE AND SERVICES IN  
CENTRAL OHIO, THE MTP IDENTIFIES  
STRATEGIES TO ADVANCE THE FOLLOWING  
SIX GOALS:**

*Create sustainable neighborhoods to improve all residents' quality of life.*

*Increase regional collaboration and employ innovative transportation solutions to maximize the return on public expenditures.*

*Position central Ohio to attract and retain economic opportunity to prosper as a region and compete globally.*

*Provide transportation and mobility to benefit the health, safety, and welfare of all people.*

*Protect natural resources and mitigate infrastructure vulnerabilities to maintain a healthy ecosystem and community.*

*Reduce per capita energy consumption and promote alternative fuel resources to increase affordability and resilience of regional energy supplies.*

## Next Steps

- **NOVEMBER**
  - Present Goals for adoption by Committees
  - Present Draft Objectives & Targets

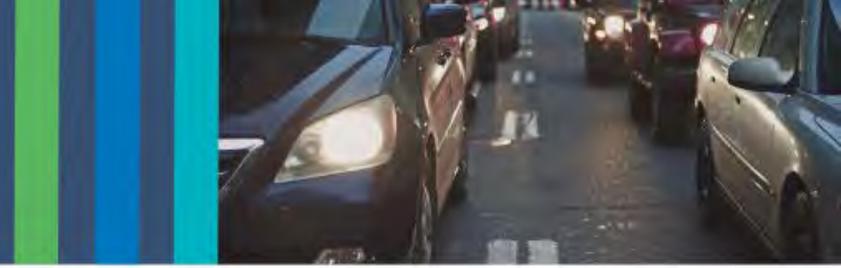

# Objectives & Targets

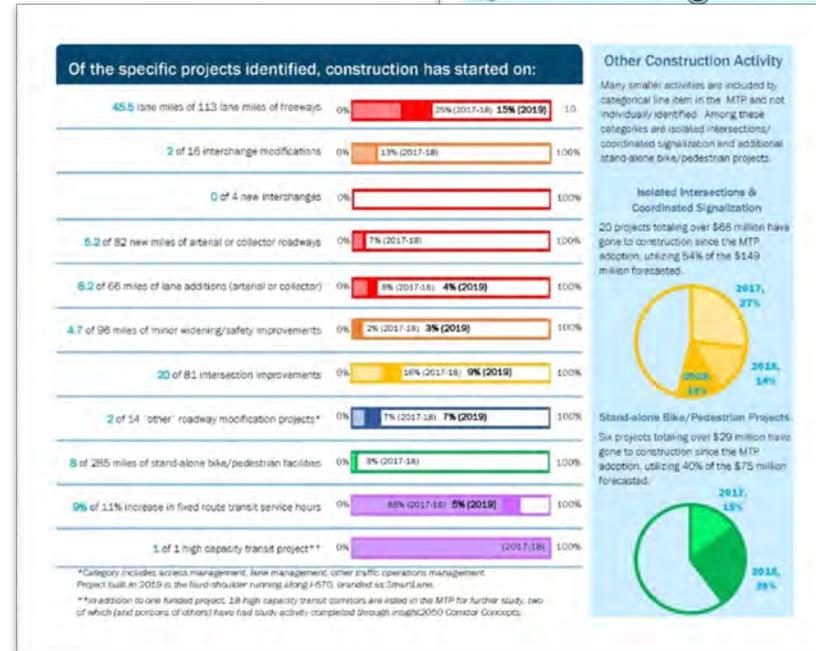

- **2-4 objectives for each goal**
  - What needs to be done to achieve the goal?
  - Chosen to measure certain aspects of each goal that can be impacted through transportation or the transportation system
  - Based on data availability and measurability.
- **1 or more measures for each objective**
  - How do we know if we are making progress?
- **Near- and Long-term targets for each measure**
  - How much progress should we make by when?
  - 2030, 2050
- **Cite data source, applicable geography and network**
- **Include both regional and federally required measures**

# Objectives & Targets

- Inform Project Evaluation Criteria
- Monitored through Annual Report Card

\*Category includes access management, lane management, other traffic operations management, Project Icarus. In 2019 is the fixed-shoulder running along I-570, branded as SmartLane.  
\*\*See addition to one funded project, 1R High capacity transit corridors are noted in the MTP for further study, two of which (and portions of others) have had study activity completed through IRI&N2050 Corridor Concepts.

2022

- Review, update, adopt Goals, Objectives, Performance Measures, Targets
- Develop and adopt 2050 population and employment growth projections

2023

- Compile candidate strategies and projects
- Interactive webmap
- Strategy and project evaluation
- Draft strategies and projects

2024

- Full draft document
- Public comment period
- May: MTP Adoption

Public Participation

DRAFT AUGUST 2022

## CENTRAL OHIO TRAIL TOWN FRAMEWORK

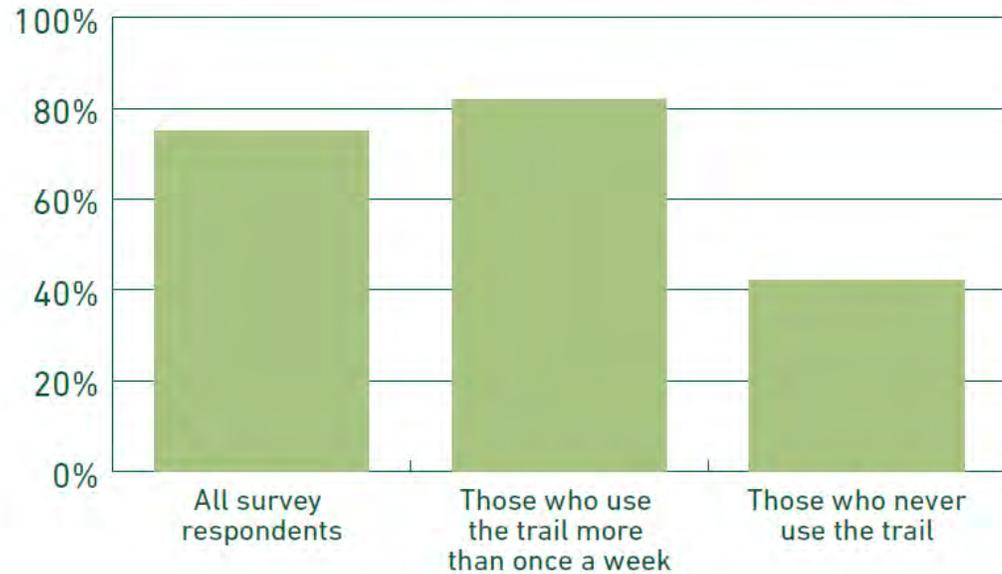

*Purposes: Supporting local quality of life by addressing **active transportation** options for residents; making communities more walkable and bikeable to **maximize trail user visits and trail user spending.***

- Part 1: Asset Inventory and Trail Town Visioning – Existing Conditions *and* Perceptions
- Part 2: Framework Development
- Part 3: Short-Term Implementation Recommendations

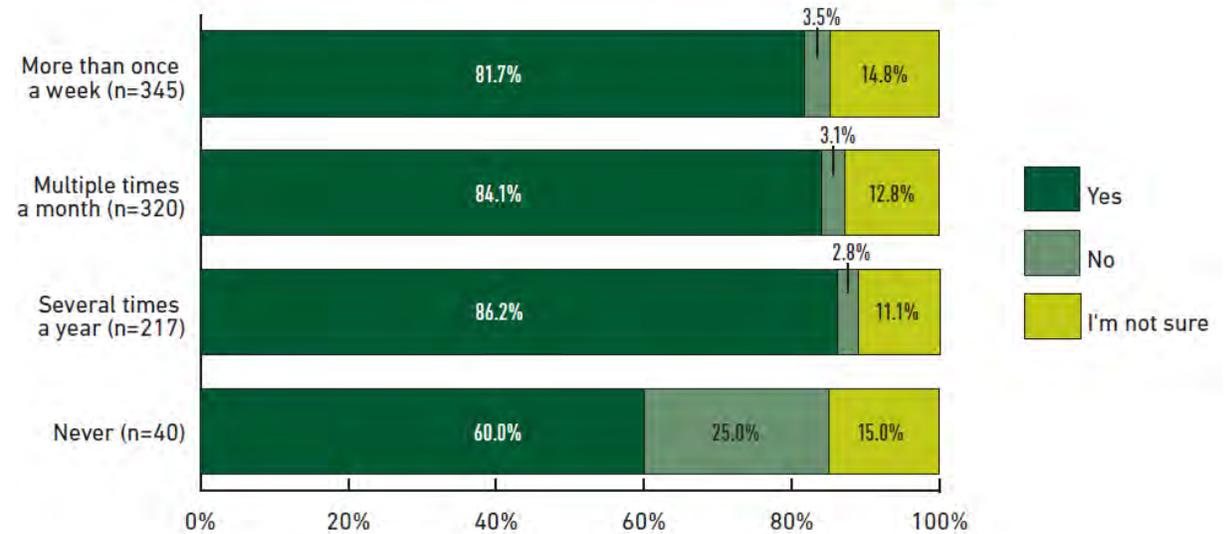

Cover Image: Randy Cronk

# Part 1: Community Survey – More than 1,000 Responses!

**“Yes” responses to the question “Do you think of your community as being a trail town along the Ohio To Erie Trail?”**

**Would you like to see more people who are traveling on the Ohio to Erie Trail to come into your community to visit and buy goods and services?**

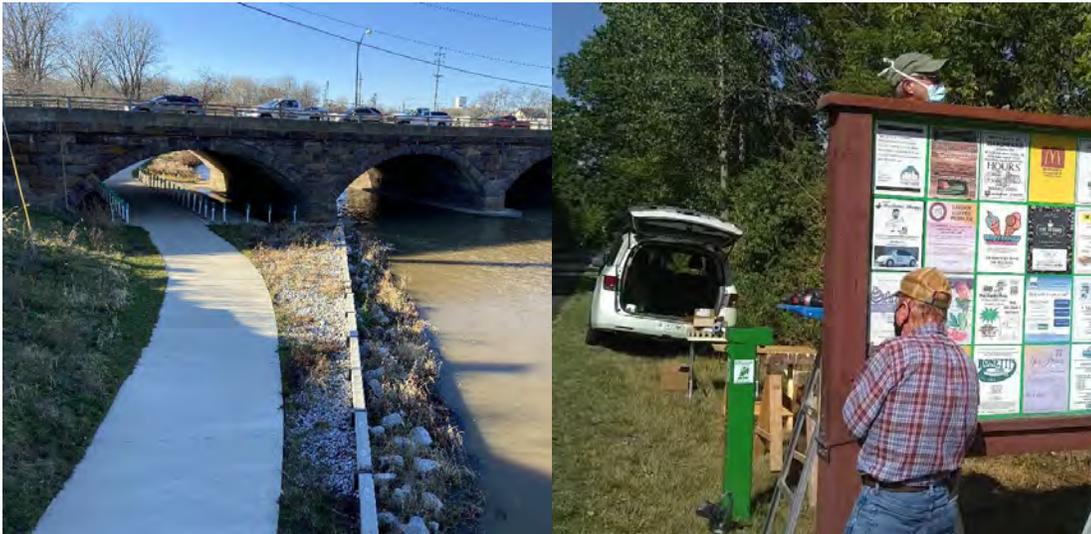

# Part 1: Inventories

MORPC

- Points of Interest
- Local Leader Interviews
- Infrastructure Inventory

# Part 2: Trail Town Framework Program Design

MORPC

1. Regional strategy, local commitment
2. A designation program
3. A long term approach to community development
4. Requires staffing
5. Requires regional collaboration

Image: Bike Buckeye Lake

# Areas of Focus

MORPC

1. A cohesive regional trail town brand
2. Wayfinding
3. Local business collaborations
4. Economic development catalysts and tourism activities
5. Infrastructure
6. Art/culture/recreation

**Brand  
Identity**

**Business  
Collaborations**

**Economic  
Catalysts**

**Infrastructure**

**Wayfinding**

**Art  
Installations**

# Eligibility and Designation

MORPC

## Eligible Communities

- ✓ Should be able to accommodate trail users with business services
- ✓ Should be located within 2 miles of a Central Ohio Trail of Regional Significance\*
- ✓ Must declare a commitment to designation as a Trail Town via city or village council
- ✓ Will have to maintain their trail town designation from year to year

\*Should be committed to active transportation infrastructure that allows people to safely walk and bike between the trail and community.

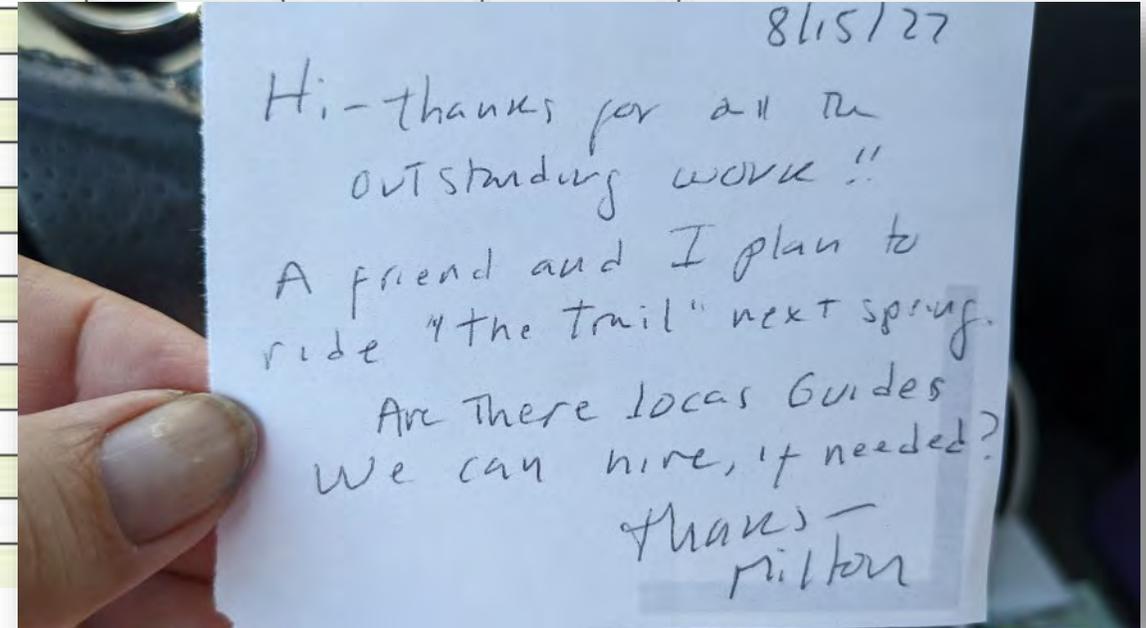

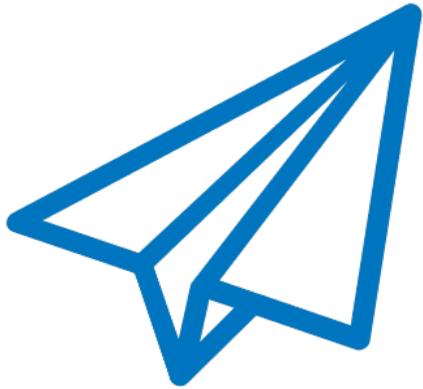

- 11 participation requirements are outlined in the document. They are meant to ensure there is trail town viability, community commitment, and that there are local resources available to sustain a trail town effort.
- Equitable access to the program has been built into the framework.

# Resource! Available Services Matrix

MORPC

Available Services	Widely Available	Available	Limited Availability	Not Available
Traditional indoor lodging (hotel, B&B, etc.)				
Private rentals (Airbnb, VRBO, etc.)				
Camping				
Bike rental (or bike share)				
Bike shop/repair				
Other businesses offering basic bike repair tools and parts				
Bike repair stations (self-serve, free)				
Outfitter				
Restaurants				
Coffee shop				
Bakery				
Bar/craft brewery				
Grocery store				
Farmers market				
Pharmacy/medical facility				
Library/computer/internet				
Visitor or welcome center				
Post office				
Public restroom				

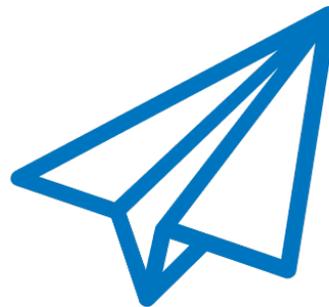

# Part 3: Short-Term Implementation

## Intent:

- Provides communities with ideas for improvement projects that can be completed prior to a formal program launch: “Lighter, Quicker, Cheaper”
  - Quick Wins
  - Build Community Momentum
- Recommendations are based on survey findings, site visits, and committee discussions
- There is a “pick and choose” quality to the projects – communities have choice

**SAFE ROUTES TO SCHOOL**

**Description:** Safe Routes to School often incorporate trails as part of their programming. Not only can Safe Routes to School funds be used to build trail connections to schools and neighborhoods, they can also be used to establish programs that encourage the use of existing trails for walking or biking to school. For example, a “walking school bus”-type program organized and led by adults, such as teachers or caregivers, can create a safe environment which encourages more students to walk or ride a bike to school. This program would improve air quality; mental health; increase physical activity and independence; and would expand students knowledge of nature and trails.

- <https://www.actrills.org/learn-more-for-educators>

**TRAILHEAD KIOSKS**

**Description:** Visitors often do not know all that a community has to offer when they are traveling along the trail. A kiosk that has room for point of interest brochures, a regional map of the trail, photos of the trail and community, mileage charts, a website for real-time trail conditions, and contact information, for example, can help visitors and trail users know what the community has to offer. Brochures and maps could be located at trail heads, community centers, resource centers, schools, and businesses. All trailheads should have bulletin board maps with QR codes to support these materials electronically as well.

**Price:** Low to High

**Potential Locations**

- Trailheads

**ART FEATURES**

**Description:** Art installations along the trail can be a strategy to increase awareness and usage of the trail for residents and visitors alike. Paint along the trail, whether that is on walls or on the asphalt can create a sense of place and general talking points. Sculptures are another way to increase ties to the community. Lastly, light art, which is not very common, can be a temporary and easily replaceable placemaking strategy.

**Price:** Low to High

**Partners**

- ArtWorks
- Ciney Nice
- AGAR
- Carol Ann and Ralph V. Hale
- Jr. Foundation
- Cincinnati USA Regional Chamber

**PROGRAMMING**

**Description:** Programming, within trail side parks and plazas, are an inexpensive but interactive way to bring visitors of all ages to the trail. Activities could range from physical games, such as cornhole or shuffle board, to painted interactive activities, such as hopscotch. Additionally, signage can be used throughout the trail to create interactive activities for children, such as “I Spy” games, chalk activities, and storybook trails. Storybook trails include book page sign panels along the trail for children to read and interact with.

PART THREE: SHORT-TERM IMPLEMENTATION 77

CENTRAL OHIO TRAIL TOWN FRAMEWORK 78

# What's Exciting About *this* Effort

MORPC

- Planning focus
- Attention on complete streets and connections beyond the trail
- Insistence on including quality of life measures and improving the life chances of local residents
- The process (research, collaboration, buy-in) on the front end of the effort

# >>>WHATS NEXT? >>> URBAN TRAIL TOWNS

- Funding partners
- Steering Committee Members
- Case Study Communities
  
- Focus on Ohio to Erie Trail through Franklin County
  
- Possible Communities:
  - Westerville
  - Bexley
  - Easton
  - Linden
  - Mt Vernon – neighborhood
  - Hilltop/ Valleyview

# >>>WHATS NEXT? >>> WAYFINDING PROJECT

COG was awarded an ODOT SRP Grant

- Wayfinding asset data base
- Inventory destination
- Trail Counters
- Signage review

MORPC

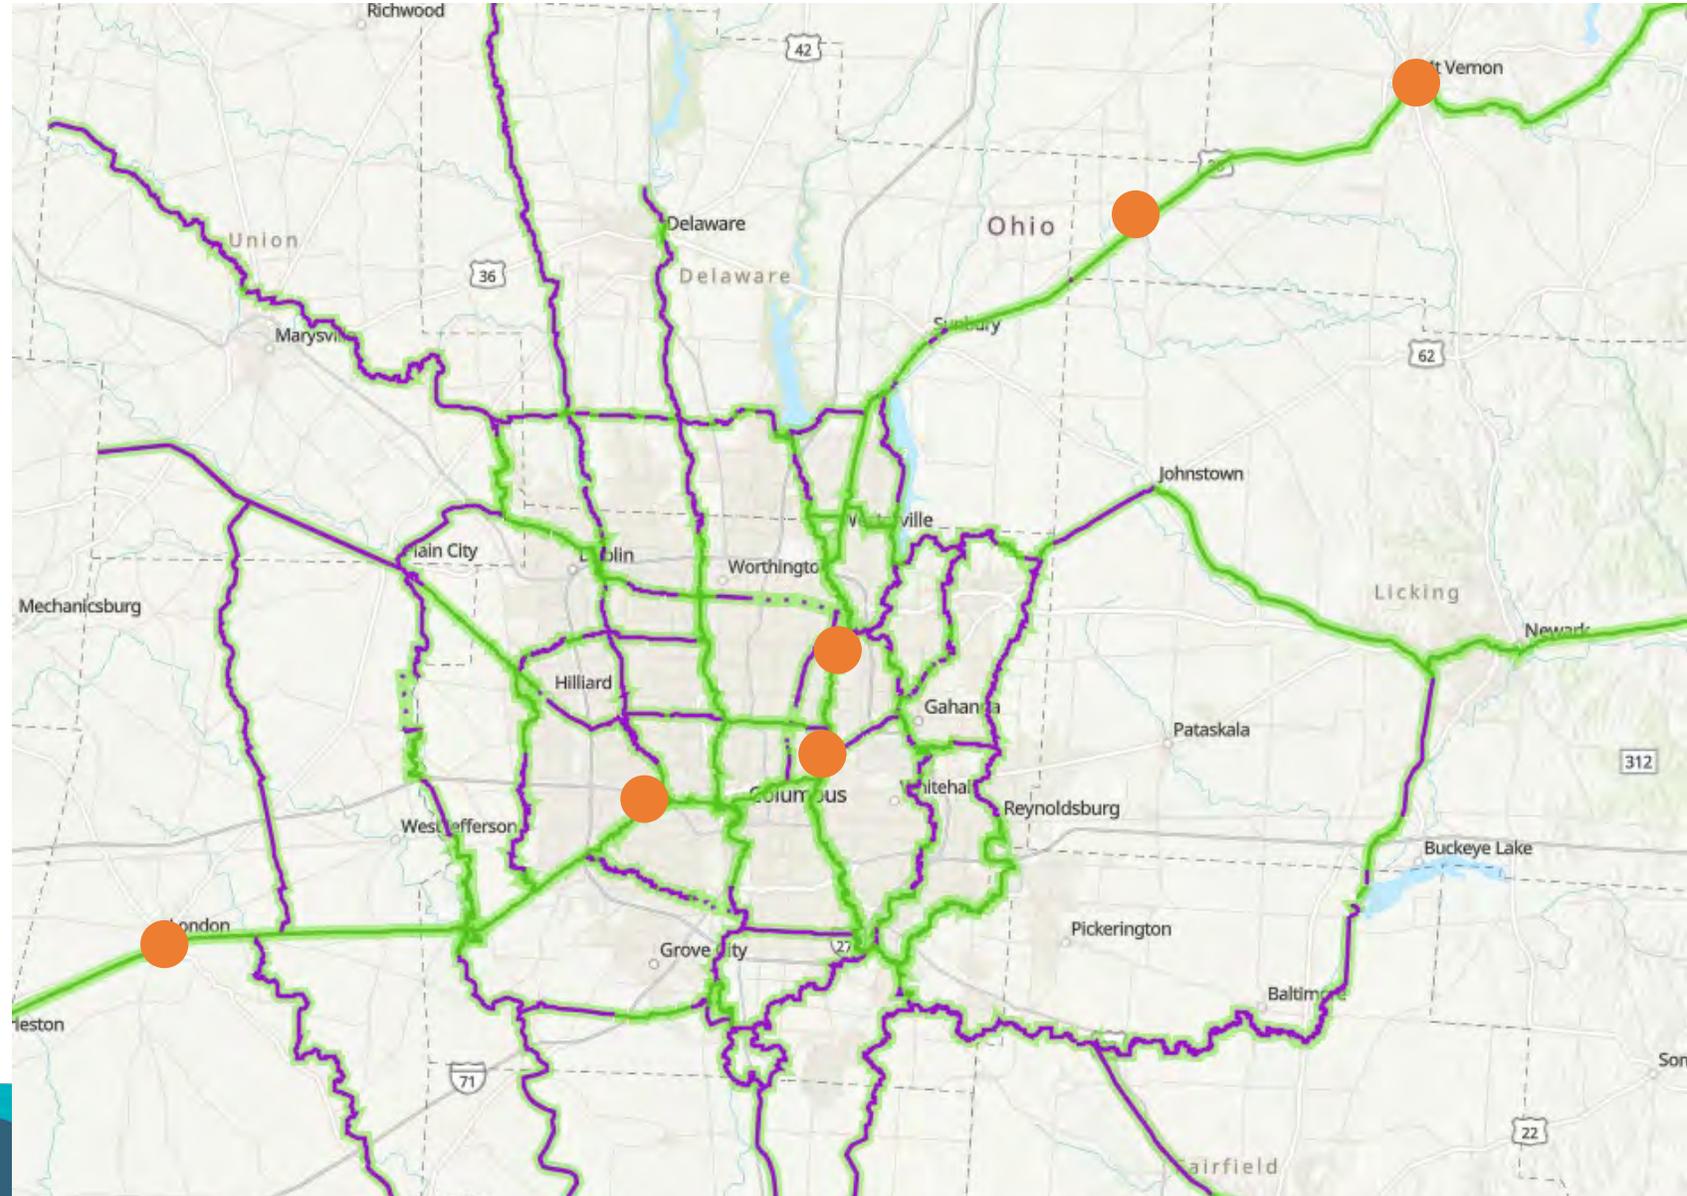

# >>>WHATS NEXT? >>> COUNTER LOCATIONS – Proposed

MORPC

Ohio – To – Erie Trail

- Mt Vernon, Centerburg, Easton, Bexley Area, Valley View Area, London
- Supports Trail Town Effort
- Supports Wayfinding Effort
- Support Trail Count Program Updates

# OUTDOOR TRAILS PASS
