AGENDA

- 9:00 a.m. Welcome & Introductions** – James Young, Chair
- 9:02 a.m. Approval of April 5, 2023 Meeting Minutes**
- 9:03 a.m. Metropolitan Planning Organization (MPO) Report** – Nick Gill, MORPC
Jennifer Noll, MORPC
- 9:10 a.m. Funding Programs**
- Attributable Funds Project Status Update – Thomas Graham, MORPC
 - Resolution T-5-23 Adopting the SFY 24-27 Transportation Improvement Program – Thomas Graham, MORPC
- 9:15 a.m. Resolutions**
- Resolution T-6-23 Acceptance of the MORPC Fiscal Year 2024 Planning Work Program – Nick Gill, MORPC
 - Resolution T-7-23 Certification of the MORPC Metropolitan Transportation Planning Process – Nick Gill, MORPC

William Murdock, AICP
Executive Director

Erik J. Janas
Chair

Chris Amorose Groomes
Vice Chair

Michelle Crandall
Secretary

- 9:20 a.m. 2024-2050 Metropolitan Transportation Plan**
- 2024 - 2050 Metropolitan Transportation Plan Update – Maria Schaper, MORPC
- 9:30 a.m. Informational Items**
- Air Quality Update – Brandi Whetstone, MORPC
 - Energy Grant Funding-Project Updates – Brandi Whetstone, MORPC
- 9:50 a.m. Other Business**
- 10:00 a.m. Adjourn**

PLEASE NOTIFY CHUCK RATLIFF AT 614-233-4115 OR EMAIL cratliff@morpc.org TO CONFIRM YOUR ATTENDANCE FOR THIS MEETING OR IF YOU REQUIRE SPECIAL ASSISTANCE.

**The next TAC meeting is
May 31, 2023 at 9 a.m.**

Maria Schaper
Emma Strange

I. Welcome & Introductions

- Chair Young called the meeting to order at 9:00 a.m. There was a quorum present.

II. Approval of March 1, 2023 Meeting Minutes

- Chair Young asked for a motion to approve the March 1, 2023, meeting minutes. Ms. Schamp moved; Ms. Boucher seconded; and the motion passed.

III. Metropolitan Planning Organization (MPO) Report – Nick Gill, MORPC, Jennifer Noll, MORPC

- Mr. Gill informed the committee that Governor DeWine, the Ohio Department of Transportation, and the Ohio Department of Public Safety launched a public education campaign around the new Distracted Driving law with a press conference held on Monday, April 3, 2023. The law officially took effect on April 4, 2023. Law enforcement will be issuing warnings to drivers for the next 6 months. Educational resources and campaign materials can be found online at <http://www.PhonesDown.Ohio.gov>.
- Mr. Gill continued discussing the Distracted Driving Law, announcing that MORPC will host a special distracted driving luncheon for Commission members on

Thursday, April 13, 2023. Attendees will learn more about the new distracted driving law, have an opportunity to experience a distracted driving simulator, and hear from Michelle May, ODOT's Highway Safety Program Manager regarding related statewide traffic safety initiatives.

- Mr. Gill let the committee know that COTA will be holding public involvement sessions in person and virtually throughout the month of April, across the service area for the Short-range Transit Plan. A handout with more information was provided.
- Mr. Gill discussed the final slate of projects for funding through the TRAC program. There are six projects approved for funding, with no change from the draft based on feedback from the public comment period. The TRAC application cycle will begin in May.
- Mr. Gill closed his report with an overview of Money Mondays, a virtual event hosted by Dr. Todd Bradley, MORPC's Regional Investment Officer. Money Mondays are held every Monday from 1:00 p.m. to 1:30 p.m. This event will identify upcoming funding opportunities.
- Ms. Noll provided a Regional Housing update, stating that:
 - A newly formed Regional Housing Coalition, led by the Affordable Housing Trust, the City of Columbus, and the Columbus Partnership, is bringing stakeholders together to establish a shared regional approach to address affordability, livability, and economic competitiveness in Central Ohio. With the help of four task forces, the Coalition will build upon past and current efforts including the Regional Housing Strategy and insight2050, as well as the Affordable Housing Challenge Report and the Blueprint for Reducing Poverty.
 - MORPC is leading a task force focused on Advocacy & Partnerships. On Monday, April 3, 2023, MORPC hosted the first meeting of this task force comprised of MORPC members and RHS advisory board members including representatives from the real estate development community, non-profits, and the financial sector. The task force is taking a deeper dive into the actions of the RHS to evaluate which could be more effective or better leveraged if implemented at the regional scale and identifying new actions that have emerged as priorities over the last few years. Their work will roll up into a summary report back to the Coalition conveners.
- Ms. Noll provided air quality updates to the committee:
 - MORPC reviewed a recently released 2022 World Air Quality Report by IQAir. This report describes the status of a particulate matter called PM 2.5 and highlights global pollution issues and the need for more data and action to reduce pollution levels and protect our most vulnerable communities. However, the report identifies Columbus as the most polluted major city in the U.S. based on IQAir's PM2.5 pollution calculations, which is misleading information. MORPC continues to seek clarification on the report's methodology and has identified areas for further consideration that could lead to the mischaracterization of Central Ohio's air quality.
 - MORPC has responded in interviews with several media outlets over the last couple of weeks and hopes to meet with the IQAir team to learn more about their methods.
 - If you would like more information, please contact Prince Kwarteng-Crooklyn or Brandi Whetstone.
- Ms. Noll informed the committee that April 22, 2023, is Earth Day and Celebrate Trails Day. This year, MORPC and Central Ohio Greenways will again partner with Green Columbus and the Rails to Trails Conservancy to have a presence at the

Earth Day Columbus event. Ms. Noll invited the committee members to join us from noon to 5 p.m. at Genoa Park, in front of COSI. Last year, the Columbus Celebrate Trails Day was the largest event in the country. MORPC hopes to repeat that this year.

- Ms. Noll closed their update informing the committee that several Central Ohio communities are also hosting Earth Day and Celebrate Trails celebrations. The MORPC sustainability team is attempting to track these events and help communities with planning. If you have an event to share or would like to know more about Earth Day events happening in the region, please contact Brandi Whetstone. For more information on Celebrate Trails Day, please contact Melinda Vonstein.

IV. Funding Programs

- **Attributable Funds Project Status Update – Thomas Graham, MORPC**
 - Mr. Graham gave a brief verbal update stating that there were minimal adjustments to the encumbrances over what was presented during the March 1st meeting.
- **Draft SFY 24-27 Transportation Improvement Program – Thomas Graham, MORPC**
 - Mr. Graham stated that we are in the process of the full update of the to create the SFY 2024-2027 TIP.
 - Mr. Graham explained what the TIP is one of three required products that the MPO produces. Based on the MTP, it focuses on the transportation improvement to the region over the next four years.
 - Mr. Graham continued, describing the contents of the TIP and the process in developing the product. The final draft was submitted to ODOT on March 9, 2023.
 - Mr. Graham concluded, stating that the final draft was posted online on March 10, 2023. The TIP Open House was hosted at MORPC on March 28, 2023, with COTA, Delaware County Transit, and ODOT present. Public comments will be accepted through April 10, 2023, at tip@morpc.org.

V. 2024-2050 Metropolitan Transportation Plan

- **2024-2050 Metropolitan Transportation Plan Update – Maria Schaper, MORPC**
 - Ms. Schaper informed the committee that the MTP identifies regional transportation strategies and projects that span 20+ years, are fiscally constrained, and is formal document submitted to ODOT and U.S. DOT every four years. It is the guiding document that U.S. DOT refers to when considering federal investments. All projects must be on this plan to be eligible for federal funding. In 2022, we adopted six goals that guided the development of this plan.
 - Ms. Schaper described the current activities which include 2050 population and employment forecasts, compiling candidate projects, and developing project evaluation criteria. Candidate projects will be included on a web map that will be published this spring.
 - Ms. Schaper closed the presentation with a discussion of the project evaluation criteria, which are based on objectives and performance measures and which projects will best advance goals. Some changes that are being considered include streamlining the evaluation of stand-alone active transportation projects

to fulfill established targets and coordination with LinkUS in high-capacity transit corridor evaluation. The 2024-2050 MTP will be adopted in May of 2024.

VI. Informational Items

- TAC Member Update – Columbus – Tim Nittle, City of Columbus
 - Before Mr. Nittle began, Mr. Gill reminded the committee that before Covid, the committee regularly gave members the opportunity to provide an update on their community. The plan is to begin having regular member updates again.
 - Mr. Nittle started with discussing the U.S. DOT equity initiatives and invited members to contact him to discuss Columbus' concerns and the Biden Administration's Climate and Economic Justice Screening Tool.
 - Mr. Nittle continued, giving an overview of the City of Columbus Department of Public Services and its various transportation assets which total approximately 11 billion dollars.
 - The committee viewed a Vision Zero video which asked Columbus residents about transportation safety. The video can be found at <https://vimeo.com/750486438/02f8ce5b8e>.
 - Mr. Nittle continued discussing Vision Zero, an action plan to end crash-related fatalities and serious injuries. Studies found that 65% of severe or fatal crashes happen on 10% of Columbus streets and 50% of the fatal crashes in Columbus involve a pedestrian, bicyclist, or motorcyclist.
 - Mr. Nittle shared some successes such as, a reduction in Downtown Columbus speed limit to 25 mph, the distracted driving legislation, and design standards that were created or updated for ODOT's Multimodal Design Guide, COTA's transit stop standards, and the City of Columbus' standards for bikeways and pedestrian facilities.
 - Mr. Nittle detailed various areas throughout the city that has benefited from this program and technology initiatives that are being pursued such as PAWS 2.0 for pavement assessment, the Asset Information Management System, and the Closed Lanes Or Steel plate Events (CLOSE) program. For more information about Vision Zero, visit <https://columbus.gov/VisionZero>.
 - Mr. Nittle reviewed discretionary grant initiatives such as the William Road Corridor, the Solid Waste Infrastructure for Recycling, and Recycling Education and Outreach.
 - Mr. Nittle concluded by outlining current significant local projects and studies that are underway such as a city-wide bike plan and the Downtown Mobility plan.
- State Fiscal Year 2024 Planning Work Program – Nick Gill, MORPC
 - Mr. Gill informed the committee that the PWP is one of three federally required products which describe the transportation planning activities that the MPO conducts during the state fiscal year which runs from July 1st through June 30th.
 - Mr. Gill outlined various core and special work elements that are part of the PWP.
 - Mr. Gill concluded by reviewing the development schedule. The resolution for the SFY 2024 Planning Work Program (PWP) will come forth to the committee during its May 2023 meeting.
- TAC Subcommittee – Jon Heider, MORPC and Matt Peoples, City of Canal Winchester

- Mr. Gill gave an introduction of the Intelligent Transportation System (ITS) and the Active Transportation Committee (ATC) committees to the group.
- TAC Subcommittee – Intelligent Transportation System (ITS) – Jon Heider, MORPC
 - Mr. Heider explained that the ITS subcommittee meets quarterly to discuss technology in roadways and throughout the transportation system and maintains the regional ITS architecture.
 - Mr. Heider reviewed what was discussed at the January meeting, like regional pilots and tests of new ITS technologies and procedures for updating any changes to the technologies through continuous updates to the regional ITS architecture.
 - Mr. Heider stated that ODOT has involved MORPC in meetings for the Advanced Air Mobility (AAM) Workshop with NASA and Parallax Advanced Research, with other MPOs and AAM industry members. The goal is defining use cases and developing a comprehensive Concept of Operations for Ohio using Model Based Systems Engineering (MBSE) tools.
- TAC Subcommittee – Active Transportation Committee (ATC) – Matt Peoples
 - Mr. Peoples introduced himself and Abbey Trimble as the new co-chairs for the ATC.
 - Mr. Peoples reviewed the impacts of various speeds as they relate to pedestrian survivorship.
 - Mr. Peoples stated that to reduce the prima facie speed limit, the zone must undergo the ODOT Speed Zone Study. ODOT must approve speed zones that lower speed limits on all state, federal, interstate, and local roadways.
 - Mr. Peoples provided information on existing speed zones in Ohio showing the extents, location, road type, prima facie speed limit, and the posted speed limit.

VII. Other Business

- No other business was brought forward.

VIII. Adjourn

- The meeting was adjourned at 10:07 a.m.

Nick Gill, Secretary
Transportation Advisory Committee

METROPOLITAN PLANNING ORGANIZATION REPORT

April 2023

PROGRAMMING

Nick Gill, Interim Chief Regional Development Officer & Sr. Director of Programming – ngill@morpc.org

Transportation

Nick Gill, Transportation Director – ngill@morpc.org

Metropolitan Transportation Plan:

- Continued development of the 2050 population and employment forecasts at the zone level.
- Continued to review local plans to collect candidate projects.
- Continued to develop 2023 benchmark data and project evaluation criteria and methodology.

Transit, Mobility & Human Services:

Mobility Management

- MORPC submitted a letter of intent (LOI) to the Ohio Department of Transportation Office of Transit for their annual call for projects.
- Region 6 Mobility Managers held the quarterly Regional Mobility Plan meeting and finalized the yearly regional survey.
- MORPC hosted the April Franklin County Mobility Advisory Committee (FCMAC) meeting. During this meeting, the subcommittee aimed at creating an emergency ride program was established.
- Members of MORPC's mobility team received training in signing up community members for COTA's reduced fare program.

FTA Section 5310 Designated Recipient

- Assisted with a 5310 vehicle transfer from Share Mobility to Delaware County Transit (DCT). DCT will utilize this vehicle for their purchased transportation contract with Sourcepoint through the 5310 program as well as their Flex on-demand service.

- Presented to the Delaware County Transit Board April meeting on April 19, 2023.

Gohio Commute

- Held a Transportation fair at the Chillicothe VA Medical Center to educate employees about workforce transportation options.
- Participated in the State of Ohio Health Fair to educate state employees about transportation options for their new hybrid work schedules.
- Welcomed a new vanpool to the Gohio Commute vanpool program. This vanpool will commute daily from Wellston, Oh to Chillicothe, Ohio.
- Participated in White Castle's Earth Day Fair. Information was provided about sustainable commuting and air quality.
- Presented on MORPC's Transportation Demand Management programs for workforce mobility and MORPC's Commute Action Fund at the Rural Mobility Forum.
- Met with Delaware County Transit to discuss ways to incorporate Gohio Commute offerings to enhance transportation offering in Delaware, Ohio, and surrounding areas.
- Was a guest speaker for MORPC's Money Monday's series to educate participants on sustainable commuting programs and Commute Action Fund.

Transportation Planning Activities:

US 23 Connect Study

- Participated in meetings with ODOT and their consultant team to support the development and review of study materials and communication materials in preparation for upcoming Community Partner and public meetings.

LinkUS Mobility Initiative

- The partners held an internal workshop to discuss the principles of the Transit Supportive Infrastructure (TSI) component of LinkUS.
- MORPC and COTA submitted a TSI proposal for the Ohio Engineering Technical Conference (OTEC) for October 2023.
- Participated in the Regional Housing Coalition Advocacy and Partnerships Task Force meeting on April 3rd.
- The team started working on a TRAC application for the West Broad Street BRT corridor.
- The modeling team continued to provide traffic analysis support for the West Broad and East Main corridor design activities.

Interregional Connections

- The Rail Team went to Fort Wayne on April 13th for a press conference with the City of Fort Wayne and other partners to announce the application for the Midwest Connect passenger rail line in the Federal Railroad Administration (FRA) Corridor ID Program. Late Summer (September) announcements are expected by the FRA.

Central Ohio Rural Planning Organization (CORPO):

- County-level subcommittee meetings wrapped up in early April and post-meeting packets were transmitted to participants.
- CORPO team members reviewed the CORPO Dedicated-Funds policy and made recommendations for updates to the policies for the FY 2024-2025 funding cycle. The CORPO Committee will act on the revised policy at their May 1st meeting.
- The CORPO Committee will also be asked to adopt the FY 2024 Planning Work Program and the FY2024-2027 Transportation Improvement Program.
- The CORPO team met with a Federal Highway Administration representative to kick-off the CORPO Safety Action Plan, which is the result of a \$200,000 award from the federal Safe Streets and Roads for All program. The CORPO Safety Action Plan will be developed over the course of the next year.
- Benchmark data was developed and mapped to be analyzed as part of the 2023-2050 CORPO Transportation Plan development.

Active Transportation Planning:

- MORPC hosted a virtual group viewing of the April APBP monthly webinar. The next webinar is on Wednesday, May 17th at 3:00 p.m. These webinars are eligible for 1.0 hour of AICP Certification Maintenance credit. Contact Jordan Petrov (jpetrov@morpc.org) if interested in attending any of the MORPC group viewings.
- Work continued with Franklin County Public Health (FCPH) to provide active transportation planning assistance to Franklin Township and help the City of Reynoldsburg develop a Complete Streets Policy. A stakeholder workshop was held at Franklin Township on April 17th that engaged staff from Grove City, Columbus, Franklin County Engineer, Jackson Township, and other important partner agencies in discussions about active transportation challenges and opportunities.
- MORPC hosted staff from the ODOT Traffic Monitoring team on April 20th to have an in-depth discussion about non-motorized volume data collection and management in Central Ohio and throughout the state.

Transportation Safety:

- Hosted a distracted driving awareness event on April 13th. The event included a presentation from ODOT Highway Safety Program Manager, Michelle May. A distracted driving simulator was also available for attendees to try.
- Participated in the quarterly OARC Transportation Safety Sub-Committee meeting on April 11th.
- Assisted Franklin County Safe Communities Coalition with a special safety event at COSI After Dark on April 13th.
- Participated in the quarterly Technical Records Coordinating Committee Technical Council meeting on April 20th.
- Participated in the monthly Franklin County Traffic Fatality Review meeting on April 20th.

Technical Assistance Program:

- Work has continued with all five communities awarded technical assistance services. Initial meetings and conversations with key stakeholders have been scheduled or are already underway.
- MORPC and the City of Delaware hosted a collaborative stakeholder workshop on April 26th to review crash trends and safety priorities for the city. Stakeholders provided input that will inform development of a draft Safety Action Plan for the City.

Infrastructure Funding:

Transportation Improvement Program (TIP)

- The SFY 2024-2027 TIP was submitted to ODOT on May 1st. Throughout April, changes resulting from the TIP public comment period were incorporated into this final TIP.

MORPC-Attributable Funding

- New funding commitments and updates to previous funding commitments have been transmitted to ODOT District's 5 and 6 for programming.

Ohio Public Works Commission (OPWC)

- The Public Works Integrating Committee for District 3 (Franklin County) approved the applicant manual for the SFY 2025 infrastructure funding round in April.

Transportation Review Advisory Council (TRAC)

- The next TRAC application cycle will be open from May 1st through May 31st. To be eligible for TRAC funding, a project must have a total cost greater than \$12 million and add capacity to a transportation system.

Competitive Advantage Projects (CAP)

- Two new CAPs were created for the member communities of Violet Township and South Bloomfield.
- MORPC's Economic Development Team will be consulting with MORPC's GIS and Communications and Engagement teams to finalize the 2023 CAP updates and showcase these projects on MORPC's CAP website.

Economic Development

Comprehensive Economic Development Strategy (CEDS):

- The semi-annual narrative, survey, and financial reports for the Economic Adjustment Assistance grant were completed and submitted at the end of April.

Brownfield Assessments:

- Asbestos and universal waste studies have been initiated for the property owned by the City of Powell. These studies are a necessary step in eventual demolition and development. On-site visits for testing are set to be scheduled in the next couple weeks.

PLANNING

Kerstin Carr, Chief Regional Strategy Officer & Sr. Director of Planning – kcarr@morpc.org

Community Development

Central Ohio Greenways (COG):

- The COG Board met March 3rd for a COG Board Retreat to discuss priorities for an updated Strategic Plan. During the retreat the Board discussed how to make progress through partnership, funding, and marketing opportunities. With support from the COG Working Groups, MORPC staff are drafting updated Strategic Plan action items. The draft recommendations will be presented at the May 17th COG Board meeting.
- The COG Trail Development Working Group is offering advice to MORPC's technical assistance program, an updated trail count program, and trail vision refinements. The Working Group will meet again on June 15th.
- The Marketing Working Group is advising website upgrades, social media calendar development, the wayfinding project, and a trail town framework development. The Working Group will meet again on June 14th. MORPC has signed a contract extension with Cycle Forward to begin the second phase of the Trail Town Framework as well as a contract with Designing Local to begin a Wayfinding Strategy project. COG partners will install five new permanent trail counters along the Ohio to Erie Trail in April.
- COG is supporting the Rails to Trails Conservancy and Green Columbus's Celebrate Trails Day event on April 22nd. An updated Outdoor Trails Pass will be released in partnership with Experience Columbus in April 2023. The updated pass will include curated route itineraries.

Central Ohio Blueways:

- The Community Development Team spent April holding one-on-one conversations with the Central Ohio Blueways Advisory Panel members. The meetings were held to allow the Advisory Panel members individual time to discuss any thoughts or ideas they may have, as well as provide opportunities to express any concerns. A summary of the discussions will be presented at the next Advisory Panel meeting on May 10th at 10:30 am.

insight2050:

LinkUS Mobility Initiative

- Together with the Programming Department, staff is engaged in ongoing Committee and Working Group meetings for the LinkUS initiative.

RAPID 5

- MORPC is engaging with RAPID 5 on its Central Ohio Greenways and Blueways programming. Team members continue to provide transitional support to RAPID 5, which includes assisting with processing speaker requests and presentation needs. MORPC team members are also assisting with developing a resource library of data, resources, insights, and information about pertinent topics, including land use, multi-

modal transportation systems, sustainability, economic development, etc. Stay up to date with RAPID 5 news and events at rapid5.org. MORPC's main contact for the RAPID 5 initiative is Chief Regional Strategy Officer, Kerstin Carr (KCarr@morpc.org).

Regional Housing Strategy (RHS):

Outreach

- MORPC hosted a meeting of the Regional Housing Coalition Advocacy & Partnerships Task Force on April 3rd. Approximately 50 attendees helped identify regional-scale actions from the Regional Housing Strategy, along with several new priorities which have emerged since the RHS was released in 2020. The results of the workshop will be summarized in a report back to the Coalition conveners, and ultimately will help to create a regionally coordinated approach to address affordability, livability, and economic competitiveness in Central Ohio.
- Team members discussed the Regional Housing Strategy and the Regional Housing Coalition with various audiences including the Ohio Realtors, Ohio State University undergraduate and graduate students, and several MORPC member communities.

Implementation Assistance

- For those interested in a housing/growth workshop for your community's elected officials, staff, or community leaders, MORPC is accepting requests for presentations and workshops. Our team will work with you to design the agenda, including recommended speakers and learning objectives. Contact Jennifer Noll for more information (JNoll@morpc.org).

Sustainability

Sustainability Advisory Committee:

- The Sustainability Advisory Committee (SAC) met at the City of Westerville Electric Division on April 19th. The Westerville Green Team provided updates on their sustainability initiatives which support greenspace, waste reduction, electric vehicle charging and energy programming for residents and businesses. The MORPC team provided updates on federal funding opportunities, policy, and ongoing programs. The SAC will meet again June 21st at MORPC.

Sustainable2050:

- Reached out to Sustainable2050 members about federal funding opportunities. The city of Columbus and MORPC are co-leading an application to secure formula funding through the Climate Pollution Reduction Grant, and fourteen members have submitted letters of support. Member Earth Day events and activities were also highlighted on MORPC's website and social media pages. Membership and tier status certification is open to MORPC members. Please contact MORPC's Sustainability Officer, Brandi Whetstone, for more information at bwhetstone@morpc.org. The next Sustainable2050 meeting will be June 22nd.

Water Resources Program:

Sustaining Scioto Board

- Members of the Sustaining Scioto Board will have an opportunity to participate in a Field Day at the April 26th Board meeting. This event is organized by the Agricultural and Rural Communities Outreach Team. Field Day will focus on water quality practices in the watershed and members will be able to tour a site and learn more about water conservation practices.
- The Agricultural and Rural Communities Outreach team met on March 16th to finalize plans for the April 26th Field Day. The Team welcomed its newest member, Lauren Hirtle with the Ohio Ecological Food and Farm Association. Ms. Hirtle also provided an overview of policy work at OEFFA. The Outreach Team will meet again on May 18th.

Ohio EPA Water Resources Planning Work

- Continued to verify, and update where necessary, facility planning area boundaries and water quality management plans in the ten-county area have been developed. Data collected will inform the development of an interactive map.

Energy & Air Quality:

Energy & Air Quality Working Group

- The Energy and Air Quality Working Group met on March 28th. Members heard from the Ohio EPA on PM2.5 proposed revisions, as well as updates on air quality and energy programming, and grant opportunities. The Working Group will meet again on May 23rd.
- The Subcommittee on Power Siting Issues held its fourth meeting on April 18th. The meeting focused on the PILOT provisions granted to utility-scale solar projects in Ohio, in which the developer makes annual service payments to local and county tax districts.

Energy Planning

- The city of Columbus recently earned SolSmart Gold designation. In doing so, Columbus is spurring solar market growth by increasing transparency and access making going solar easier in their community. Congratulations to Mayor Ginther and the Sustainable Columbus team.
- The second round of the Columbus Area Residential Solar Co-op kicked off Wednesday, April 19th. The Co-op is a collaborative effort among the City of Columbus, Solar United Neighbors (SUN), MORPC, and IMPACT Community Action. Residents who are interested in solar and live in Columbus, Franklin County, and surrounding areas can join with other residents in the region to secure better pricing.
- Residents for a Sustainable Central Ohio's (RSCO) first quarter meeting will take place on April 26th at 6:00 pm. Each represented community will discuss the highlights of current sustainability programming and their priorities for 2023.
- Federal Funding opportunities are a priority as the Team continues to coordinate across departments and with regional partners on identifying opportunities for clean energy, EV charging, and sustainability. MORPC is co-leading on applications for both the Climate Pollution Reduction Grant and the Charging and Fueling Infrastructure Discretionary Grant. For more information, please contact Brian Filiatraut, MORPC's Energy & Sustainability Program Manager, at bfiliatraut@morpc.org.

Air Quality

- There have been no Air Quality Alerts issued since June 2022.

Neighborhood Air Monitoring Project

- MORPC, Ohio EPA, and Franklin County Public Health have been testing the performance of PurpleAir sensors with Ohio EPA's regulatory reference monitors to prepare them for data collection. The data collection for the current project is wrapping up at the end of April and a final report will be released this summer. Staff is preparing to kick off the U.S. EPA Air Monitoring grant in early summer and is focused on developing the required Quality Assurance Project Plan (QAPP).

Education and Outreach

- The 2022 World Air Quality Report by IQAir has generated a lot of questions and interest around Central Ohio's air quality. Over the past month, MORPC's Sustainability Officer has participated in five media interviews, including one most recently with Channel 10 in Columbus. That interview highlighted that the study is not consistent with available data from Ohio EPA, which indicates continued improvement and attainment with federal standards. The Ohio EPA and MORPC Teams look forward to a meeting with IQAir to discuss the study and methodology.

National Air Quality Awareness Week

- Air Quality Awareness Week is May 1-5, 2023. The theme for this year is "Working Together for Clean Air". MORPC works in coordination with other MPOs across the state to promote consistent messages and themes throughout AQ Awareness week. We localize the information while keeping in line with the national themes. Information will highlight resources that increase air quality awareness and encourage people to take action and incorporate air quality knowledge into their daily living.
- MORPC successfully engaged with internal and external stakeholders in a process to review the US EPA proposal to revise the particulate matter (PM2.5) standard and submitted comments on March 28th.

Clean Ohio Conservation Fund:

- Final applications for Round 17 were due on March 10th. The Natural Assistance Resource Council (NRAC) members met on March 23rd to visually inspect prospective assistance sites and met again for a Scoring Session on April 5th. For more information, please contact Edwina Teye at eteye@morpc.org. The Council will meet again on May 1st to discuss final actions for Round 17, and to review policies for the next round.

Data, Mapping & Modeling

Regional Data Advisory Committee (RDAC):

- In April, the Regional Data Advisory Committee successfully recruited six professionals to join three working groups, bringing additional capacity and more diverse perspectives for the work ahead. The Committee will meet again on May 9th.

Working Groups & User Groups

Regional Data Agenda Update Working Group

- The group met on April 18th to determine the most actionable and regionally impactful objectives for the RDAC Working Groups to pursue in the next three years. All recommendations moving forward from the March 7th RDAC meeting will be considered during a special RDAC meeting to be held May 9th. The Working Group will meet again on May 16th.

The Capacity Building & Partnerships Working Group

- Group Members are continuing conversations around how to develop a resource for social sector non-profits and added two new members. The Working Group will meet again on April 26th.

Local Government Resources Working Group

- The Working Group continues to add content to and refine the new Data Policy Resource Library tool. Next steps include determining the best path forward to scale and support the library as a Regional Data Objective. The Working Group meets the last Tuesday of each month at 3:00 pm.

Regional Information & Data Group (RIDG) Steering Committee

- A RIDG Steering Committee meeting was held on March 16th. The new Steering Committee Chair, Rob Moore of Scioto Analysis, welcomed members, followed by a discussion of the first general meeting and to spur ideas for latter meetings. The next meeting will be on May 16th.

Regional Information & Data Group (RIDG)

- The quarterly RIDG meeting was held on March 22nd. Members were introduced to the new Steering Committee Chair, Rob Moore. MORPC staff updated members on RDAC changes, including the current status of the Regional Data Agenda. Staff also presented the new Data Policy Resource Library and asked for feedback. The topics for presentation were Ohio's New Poverty Metric presented by Rob Moore, and an introduction to Web-Hooks by Langdon Sanders, City of Dublin. The next meeting is scheduled for June 28th at the MORPC office.

Central Ohio GIS User Group (COGUG)

- COGUG members have begun to informally explore the potential utility of WAZE for local municipalities as well as assessing the costs and benefits of utilizing ESRI cloud storage with an ad hoc selection of group members. The group is also exploring the potential for a persistent group chat tool which would be easily accessible to most members, in the aim of enhancing learning and information sharing between meetings. COGUG will meet again on May 17th.

Data Management:

Data Systems & Sharing

- Continued to explore ways to standardize data tools and workflows and to improve data and workflow version control and documentation. Staff has been working to improve the organization and metadata completeness of our assets in ArcGIS Online. The Data Team continues to develop quality assurance processes to govern the collection and maintenance of air quality data for efforts related to the recently awarded EPA air quality monitoring grant which are expected to kick off in May.
- The team continues to work with other departments to evaluate the usability of and extract insights from existing bike/ped counter data, and to help plan for deployment of future counters and monitoring and analysis of their data.

Data Outreach

- Continued to participate in digital inclusion efforts – specifically the Franklin County Digital Equity Coalition and the Regional Digital Inclusion Alliance for the Central Ohio region in support of a statewide digital inclusion initiative.
- Collaborated with third-party efforts to plan for growth in Licking County, including Framework Licking County and an LCATS scenario planning study.
- The Data Team met with CURA leadership and staff to discuss overarching organizational objectives and potential areas for collaboration, with an emphasis on how the organizations may better coordinate to fulfil our roles as co-partners with NNIP, and better serve local communities. Many areas of potential collaboration were identified, and a standing meeting series is being considered.

Data Analytics, Mapping, and Research:

Data & Research Activities

- Continued working to streamline the process for obtaining residential building permit data and to improve the completeness of that data and is assisting with ad-hoc projects, such as analyzing the accessibility impacts of a proposed extension to the Heritage Trail.
- Program, Data, and C&E team members are collaborating on an “Actionable Insights” report, based upon the findings of the “Leaders Listen” American Population Panel (APP) public opinion poll. The poll addressed the region’s transportation needs and experiences and concluded on March 17th. The report will provide more depth than the well-received initial insights shared with approximately 1,000 local leaders and stakeholders during MORPC’s State of the Region event on March 31st. As part of this burgeoning partnership, MORPC is working with its partners at the Center for Human Resource Research (aka CHRR) and The Columbus Dispatch to expand the survey series into additional topical domains and sustain these activities into the future.

Mapping Activities

- The mapping team worked on various different projects, including the creation of the TIP maps for its Open House, updating county reference data to rebuild geo-locators, and reviewing ArcGIS online data.

Modeling Activities

- The modeling team supported the North Knot and LinkUS project work, maintained the traffic count program, and responded to several traffic growth and modeling requests. Furthermore, the team began reviewing the land use model forecasts and expanding the travel demand model to the ten-county area to include CORPO counties.

Memorandum

TO: Transportation Policy Committee
Transportation Advisory Committee
Community Advisory Committee

FROM: Nick Gill, Transportation Study Director

DATE: April 26, 2023

SUBJECT: Proposed Resolution T-5-23: “Adoption of the FY 2024-2027 Transportation Improvement Program (TIP)”

As was presented during previous meetings, the TIP is a four-year program of projects and strategies that state and local governments have selected from MORPC’s long-range transportation plan as priorities for Central Ohio’s transportation system. It contains a listing of all regionally significant projects and projects that will require the authorization of funds by FHWA or FTA. For each project, the list describes the scope of the project and the amount and type of funds committed to each phase of the project by state fiscal year (SFY). The TIP may be updated through formal amendments or administrative modifications.

MORPC’s TIP is a component of the Statewide TIP (STIP). MORPC adopts an updated TIP every two years. Coordination with the MPO member governments and transit agencies began in January with an announcement of the beginning of the update process. In March, MORPC announced the availability of the final draft TIP and held an open house for the TIP on March 28th. The Transportation Policy Committee was regularly updated about the process through monthly reports and a presentation of the draft TIP.

From March 10th to April 10th, MORPC conducted a public involvement process for the Final Draft SFY 2024-2027 TIP, which included the open house on March 28th. Staff received several comments during the open house which were answered. Comments were also received via email. Comments on specific projects were passed along to specific project sponsors. None of the comments significantly changed the final draft TIP.

The final SFY 2024-2027 TIP was due to ODOT on May 1st and will be available at www.morpc.org/tip. In order to remain coordinated with the statewide process and MORPC’s meeting schedules, the Transportation Policy Committee is being asked to adopt the TIP after the final TIP is required to be submitted to ODOT. In the event that the Transportation Policy Committee modifies the TIP or fails to adopt it, this will be coordinated with ODOT. ODOT is aware of this situation.

RESOLUTION T-5-23

“Adoption of the FY 2024-2027 Transportation Improvement Program (TIP) and Amending and Reaffirmation of the 2020-2050 Metropolitan Transportation Plan”

WHEREAS, the Mid-Ohio Regional Planning Commission is designated as the metropolitan planning organization (MPO) by the Governor, acting through the Ohio Department of Transportation and in cooperation with locally elected officials for Franklin and Delaware counties, the cities of New Albany and Pataskala and Etna Township in Licking County, and Violet and Bloom townships in Fairfield County, and Jerome Township in Union County; and

WHEREAS, pursuant to 23 United States Code 134, and 49 United States Code 5303, 5305, and 5306, MORPC, as the MPO, has caused the 2020-2050 Metropolitan Transportation Plan dated May 2020 to be prepared; and

WHEREAS, pursuant to 23 United States Code 134, and 49 United States Code 5304, MORPC, as the MPO, has prepared a Transportation Improvement Program (TIP) for Fiscal Years 2024 through 2027 dated May 1, 2023, and available at www.morpc.org/tip; and

WHEREAS, all projects in the TIP are included in the 2020-2050 Metropolitan Transportation Plan (MTP) although there are projects in the TIP that are advancing ahead of the time frame shown in the MTP; and

WHEREAS, pursuant to 23 USC 134 and 42 USC 7506, the 2020-2050 Metropolitan Transportation Plan has been reanalyzed based on accepted methodology and has been determined to be in conformity with the requirements of the Clean Air Act Amendments of 1990, and said fact is documented in the TIP Appendix 1 : *Air Quality Conformity Determination* dated May 1, 2023, and the SFY 2024-2027 TIP projects are consistent with this conformity determination; and

WHEREAS, the TIP includes the Central Ohio Transit Authority's (COTA's) Short-Range Transit Plan (SRTP) with specific details provided in Appendix A of the TIP, which will be adopted by the COTA board at its May 2023 meeting; and

WHEREAS, in compliance with the U.S. Department of Transportation's Title VI regulations, solicitation of citizens' comments on the TIP was made by following MORPC's adopted Public Involvement Process including review by the Community Advisory Committee (CAC), advertisements in the area newspapers, sunshine mailings and an open house meeting; and

WHEREAS, in response to the Federal Transit Administration's guidelines on private sector participation, private transportation operators in the region have been involved in the planning process through representation on the Transportation Advisory Committee, the CAC and/or the Transportation Policy Committee; and

WHEREAS, pursuant to 23 USC 134, the financial plan for the TIP demonstrates that it can be implemented and that it is consistent with funding reasonably expected to be available; and

WHEREAS, the TIP does not become effective until approval is received from the federal and state authorities; and

WHEREAS, the Community Advisory Committee at its meeting on May 1, 2023 and the Transportation Advisory Committee at its meeting on May 3, 2023 recommended approval of this resolution to the Transportation Policy Committee; now therefore

BE IT RESOLVED BY THE TRANSPORTATION POLICY COMMITTEE OF THE MID-OHIO REGIONAL PLANNING COMMISSION:

- Section 1. That it adopts the Transportation Improvement Program for Fiscal Years 2024 through 2027 dated May 1, 2023, as provided on the MORPC website at www.morpc.org/tip and recommends that its members incorporate these improvements into their transportation improvement programming for their governmental units.
- Section 2. That it amends the 2020-2050 Metropolitan Transportation Plan to adjust the time frame of certain projects already included the MTP to match the schedule shown in the TIP and it affirms the consistency between the Fiscal Years 2024 through 2027 TIP and the 2020-2050 Metropolitan Transportation Plan and the determination of conformity between the TIP and the State Implementation Plan (SIP) as documented in TIP Appendix 1.
- Section 3. That it authorizes the Transportation Director to approve administrative modifications to the TIP as provided in Appendix E of the document.
- Section 4. That staff is authorized to make such changes to the TIP document as are needed to satisfy clarifying comments from the Ohio and U.S. Departments of Transportation, but which do not change the intent of the document.
- Section 5. That the Transportation Policy Committee finds and determines that all formal deliberations and actions of this committee concerning and relating to the adoption of this resolution were taken in open meetings of this committee.

Memorandum

TO: Transportation Policy Committee
Transportation Advisory Committee
Community Advisory Committee

FROM: Nick Gill, Transportation Study Director

DATE: April 26, 2023

SUBJECT: Proposed Resolution T-6-23: “**Acceptance of the MORPC Fiscal Year 2024 Planning Work Program**”

Annually, MORPC submits a Planning Work Program (PWP) that outlines the work of the metropolitan planning organization (MPO), the use of regional transportation planning funds, and the regional planning activities that will be undertaken in the coming year. The PWP outlines MORPC’s annual scope of work with ODOT using federal planning dollars. The total Fiscal Year 2024 budget of all work elements is **\$8,012,437** to be spent in SFY 2024 or later. The work elements of the PWP as shown in the summary attached to the resolution (T-6-23) are divided into four sections:

- 1) Formula-Funded Planning Program Projects (total budget of **\$4,254,279** for SFY 2024)
This includes work elements related to the core federally required planning activities. These touch on all areas including Management & Operations, Transit and Human Services Planning, Metropolitan Transportation Plan, Active Transportation Plan, Transportation Improvement Program, Public Involvement, Regional Strategic Initiatives (insight2050, housing, trail planning, RAPID 5), as well as work related to data, mapping, and modeling. This includes **\$60,000** in carryover from the SFY 2023 core program.
- 2) Special Studies (total budget **\$2,433,158** for SFY 2024 or later)
These are special studies completed with funding outside of the core planning funds. These include work elements related to the Central Ohio Greenways Wayfinding Strategy, LinkUS Regional Corridors Planning, Growth and Major Economic Development Planning, Paving the Way, Technical Assistance Program, Mobility Management, and 5310 designated recipients for enhanced mobility of seniors and individuals with disabilities programs.
- 3) Ridesharing and Air Quality Projects (total budget is **\$1,325,000** for SFY 2024)
This includes transportation services related to Ridesharing (Gohio Commute) and Air Quality Awareness activities.
- 4) Projects Undertaken by Other Entities
This area is provided to report on local and transit transportation planning activities throughout the region. No specific federal funding through MORPC is provided for these activities.

William Murdock, AICP
Executive Director

Erik J. Janas
Chair

Chris Amorose Groomes
Vice Chair

Michelle Crandall
Secretary

Resolution T-6-23 accepts the attached MORPC Planning Work Program for Fiscal Year 2024 as a document to receive federal and state planning funds.

Attachment: Resolution T-6-23

RESOLUTION T-6-23

“Acceptance of the MORPC Fiscal Year 2024 Planning Work Program”

WHEREAS, surface transportation systems serve economic activities and provide the necessary and highly valued opportunity for people to travel freely wherever and whenever they choose; and

WHEREAS, travel in Central Ohio involves frequent crossings of municipal, township and county boundaries on facilities that are under the control of various local jurisdictions, special-purpose agencies, and the State of Ohio; and

WHEREAS, transportation systems that function best and are most cost-effective include regular cooperative and coordinated planning and decision-making across geographic and administrative boundaries; and

WHEREAS, the 2020-2050 Metropolitan Transportation Plan includes facilitating multi-jurisdictional dialogue as a strategy to provide for collaboration in order to maintain and improve the transportation system; and

WHEREAS, it is the role of the metropolitan planning organization (MPO) to encourage, facilitate and provide a forum for this cooperation so as to help spend regional transportation funds most effectively; and

WHEREAS, the Planning Work Program (PWP) is the document that outlines the work of the MPO, the use of regional transportation planning funds, and the regional planning activities that will be undertaken in the coming year; and

WHEREAS, the Federal Highway Administration, the Ohio Department of Transportation, and the Central Ohio Transit Authority have reviewed the MORPC Fiscal Year 2024 PWP (summary attached); and

WHEREAS, approval of this work program by the Transportation Policy Committee is necessary for MORPC to receive federal and state grants to accomplish the scope of work within it; and

WHEREAS, basic requirements for the PWP are included in the U.S. Code of Federal Regulations, Title 23, Section 450.308; and

WHEREAS, the Community Advisory Committee at its meeting on May 1, 2023, and the Transportation Advisory Committee at its meeting on May 3, 2023, recommended acceptance of this work program by the Transportation Policy Committee; now therefore

BE IT RESOLVED BY THE TRANSPORTATION POLICY COMMITTEE OF THE MID-OHIO REGIONAL PLANNING COMMISSION:

Section 1. That it hereby accepts the attached MORPC Planning Work Program for Fiscal Year 2024 in order for MORPC to receive federal and state planning funds.

- Section 2. That staff is authorized to make such changes to the work element as are needed to satisfy clarifying comments from the Ohio Department of Transportation and U.S. Department of Transportation, but which do not change the intent of the activity.
- Section 3. That staff is authorized to make such changes to the work element budgets as needed to reflect final carryover budgets from FY 2023 into FY 2024, including modest shifting among work element budgets.
- Section 4. That this resolution be forwarded to ODOT as evidence of acceptance of this program by the Transportation Policy Committee.
- Section 5. That this committee finds and determines that all formal deliberations and actions of this committee concerning and relating to the adoption of this resolution were taken in open meetings of this committee.

SUMMARY
FISCAL YEAR 2024 MORPC PLANNING WORK PROGRAM

Notes on Listing

Total budget of all work elements (including funds spent prior to SFY 2024) **\$9,087,437**
\$8,012,437 is estimated to remain to be expended in SFY 2024 or subsequent years.

I. Formula Funded Planning Program Projects

Total Budget \$4,679,279

\$425,000 spent prior to SFY 2024 Balance for SFY 2024 or later is \$4,254,279

WORK ELEMENT PROJECT DESCRIPTION
BUDGET

<p>60124-3000 \$170,000</p>	<p>Management & Operations Planning</p> <p>Managing and maintaining the extensive existing transportation system is a priority of transportation agencies. This work element coordinates on the benefits of a holistically managed transportation system. Helping members collaborate on M&O, advancing ITS including connected infrastructure and CV/AV, access management, estimating costs to maintain the condition of the transportation system including pavement management and deficient bridges, etc., and incorporating security and emergency response into the planning process. Monitoring freight rail activities and analyzing for developing trends; meeting one-on-one with communities that are impacted by freight; and providing timely information via the web. Monitoring goods movement-related legislation and other regional freight initiatives.</p> <p><u>Products/Activities</u></p> <ul style="list-style-type: none"> Condition report of highway system and resources Access Management Maintain Regional ITS Architecture Participation and education on freight initiatives Transportation security assistance
<p>60134-3000 \$110,000</p>	<p>Safety Planning</p> <p>Safety continues to be a significant focus for FHWA, ODOT, and the entire region. This activity works to gather crash data, conduct crash data analyses, reports on safety meetings, encourages local governments to apply for funding to implement safety countermeasures, conducts pre- and post-crash data analysis for safety projects to evaluate the benefits of each countermeasure, and implements the regional systematic safety improvements.</p> <p><u>Products/Activities</u></p> <ul style="list-style-type: none"> Regional crash data analysis Regional Safety Education Member assistance Participation in local and state safety committees Project Evaluation Special projects and studies
<p>60154-3000 \$125,000</p>	<p>Transit and Human Services Planning</p> <p>Coordination, assistance, and oversight to improve transit service and workforce mobility. Work includes integration of all aspects of transit and mobility to ensure that an adequate level of access is afforded to all populations while improving the range of options for meeting diverse mobility needs.</p> <p><u>Products/Activities</u></p> <ul style="list-style-type: none"> Maintain the urbanized area's Coordinated Plan for Franklin and Delaware Counties Public transit provider coordination Transit Service planning assistance Monitor agreements and funding in the region Workforce Mobility Assistance

* Project was previously authorized. Budget estimated to remain at the end of SFY 2023
 ^ Project is expected to continue beyond SFY 2024

60204-3000

\$375,000

Transportation Improvement Program (TIP) and Implementation

The TIP is one of the two required items to allow for the flow of federal and state transportation funds into the region. This activity includes the development, update, and revisions of the TIP, monitoring of federally funded projects, coordination of federally funded infrastructure projects with projects funded from other sources, allocation of STBG, CMAQ, TAP and CRP funding, the TRAC process, environmental studies and engineering source document review including complete street implementation, innovative financing, and financing education. Specific activities for the year are listed below.

Products/Activities

Maintain the SFY 2024-2027 TIP

Prioritized list of regional projects for TRAC

Collaboration on innovative project delivery and financing options for projects

Reports on the status of federally funded projects & annual obligation report

Update the Policies for Managing MORPC-Attributable Funding

Complete Streets Policy and Implementation

60514-2000

\$510,000

Manage, Map, Collect, and Share Data

This element pertains to MORPC's role as a leader in coordinating data providers throughout the region, as well as managing its own internal data and GIS systems. It includes using technology for collecting, maintaining, and sharing data sets that support transportation programs. It includes keeping data sets current and organized and managing and monitoring the GIS system. In addition, it includes advancing collaboration among local data providers to reduce redundancies and improve efficiencies associated with information management.

Products/Activities

Increase efficiencies of internal data systems

Update and maintain data sets to support transportation planning efforts

Promote data sharing among data providers to reduce redundancy

Coordinate with U.S. Census

Collection and maintenance of mobility data sets

60524-2000

\$500,000

Data Analytics and Research for Transportation Projects and Programs

Many transportation programs and projects require GIS and data analytical methods. This element includes using information and tools developed through work element 60514-2000 to develop and prepare final products associated with the various projects and programs of the Metropolitan Planning Organization. In addition, function as a regional resource for requests for information regarding transportation, demographic, development, and various other community needs. This work element includes aspects of research associated with fulfilling those requests.

Products/Activities

Provide GIS and technical assistance to transportation programs

Prepare annual estimates of population and employment at the county and sub-county levels

Transform raw data into useful information, suggest conclusions, and support decision-making

Update the Transportation Plan Report Card

Respond to and document requests

60554-3000

\$460,000

Transportation Systems Analysis Techniques and Applications

Building upon transportation data, this activity maintains, updates, and refines the regional transportation models and continues to refine and implement the Congestion Management Process (CMP) procedures in the 3C planning process. This includes monitoring congestion, Environmental Justice (social equity) analysis, TIP and Transportation Plan air quality conformity, SIP revisions, and CMAQ justifications. Participation in other regional congestion management and air quality initiatives.

Products/Activities

Up-to-date travel demand model

Up-to-date data sets for SIP development and air quality conformity

Up-to-date CMP and EJ analysis procedures, data and documents

Determination of the emissions changes from proposed CMAQ projects

Up-to-date Land Use Model processes

Modeling assistance to ODOT staff in the certified design traffic development

* **Project was previously authorized. Budget estimated to remain at the end of SFY 2023**

^ **Project is expected to continue beyond SFY 2024**

<p>61013-3000</p> <p>\$485,000</p> <p>* \$60,000 remaining</p>	<p>Long-Range Multimodal Transportation Planning (SFY 2023)</p> <p>The Long-Range Transportation Plan is the major requirement of the MPO, including coordinating all Transportation Plan-related activities. This includes any follow-up to the completed 2020-2050 Metropolitan Transportation Plan and significant steps of the next Metropolitan Transportation Plan to be adopted in 2024. This activity is also to coordinate with state and local agencies on transportation studies and plans. Specific activities this year are listed below.</p> <p><u>Products/Activities</u></p> <p>2020-2050 MTP Follow-up</p> <p>Goals and Objectives for the 2024-2050 Metropolitan Transportation Plan</p> <p>2020-2050 MTP Candidate Strategies and Projects</p> <p>Active Transportation Plan</p> <p>Complete long-range system studies</p> <p>Coordination with ODOT planning activities</p> <p>Functional Class, National Highway System, and Thoroughfare Planning</p> <p>Intercity transportation service planning</p>
<p>61014-3000</p> <p>\$480,000</p>	<p>Long-Range Multimodal Transportation Planning</p> <p>The Long-Range Transportation Plan is the major requirement of the MPO, including coordinating all Transportation Plan-related activities. This activity is also to coordinate with state and local agencies on transportation studies and plans. Specific activities this year are listed below.</p> <p><u>Products/Activities</u></p> <p>2020-2050 MTP Follow-up</p> <p>Goals and Objectives for the 2024-2050 Metropolitan Transportation Plan</p> <p>Identification and Evaluation of Candidate Projects</p> <p>Draft strategies and projects, draft MTP and Adopted MTP</p> <p>Complete long-range system studies</p> <p>Coordination with ODOT planning activities</p> <p>Intercity transportation service planning</p> <p>Functional Class, National Highway System, and Thoroughfare Planning</p>
<p>61024-0400</p> <p>\$135,000</p>	<p>Transportation Public Involvement</p> <p>Public involvement and outreach are vital components of the transportation planning process. These activities maintain the public involvement process for transportation consistent with the Infrastructure Investment and Jobs Act (IIJA), federal regulations, and local needs. Efforts continue to seek the involvement of low-income and minority populations, handicapped, and elderly in the transportation planning process, Metropolitan Transportation Plan, Transportation Improvement Program, Active Transportation Plan, FTA's Section 5310, FTA's Section 5307, and other transportation-related studies. The Public Participation Plan supports the activities of the Community Advisory Committee and provides updates on transportation planning activities through in-person and virtual presentations, the web, electronic newsletters, social media, and other public involvement and outreach activities.</p> <p><u>Products/Activities</u></p> <p>Transportation Public Involvement Process</p> <p>Public Involvement Activities for the Metropolitan Transportation Plan</p> <p>Public Involvement Activities for the Transportation Improvement Program</p> <p>Public Involvement Activities for the Active Transportation Plan</p> <p>Public Involvement for Miscellaneous Transportation Activities</p>

Planning Coordination and Support

Coordination of transportation planning efforts among different jurisdictions is a critical element to ensuring regional consistency in the transportation network. This activity includes informational sharing meetings among MORPC and others, regional collaboration meetings, and educational transportation workshops and forums. MORPC staff also provides support to individual communities with integrating regional initiatives into local land use and transportation plans and provides education around advancing active transportation.

Products/Activities

- Informational Meetings
- Regional Collaboration Group Meetings

- Active Transportation Education and Outreach

62524-1000

\$550,000

Member Assistance and Support

This work element will provide member support around how to plan and manage future growth in Central Ohio. As Central Ohio is expected to become a region of 3.15 million people by 2050, MORPC is well positioned to identify innovative ways on assisting its local government members with best practices, tools, and services to make bold changes to their comprehensive plans, zoning codes, and development standards in order to create neighborhoods that provide more housing and transportation options for residents. This element builds off of work element 62514-1000 which is to educate members on planning topics and for MORPC to continuously be aware of efforts being taken at the local level to inform the type of staff assistance needed by our members.

Program Administration

This work element is to facilitate the efficient administration of the transportation planning program. This work element provides for technical and policy direction of activities to fulfill ODOT, U.S. EPA, Ohio EPA, FHWA, FTA and jointly funded work as described in the Planning Work Program, where such activities are not directly attributable to specific work elements. The specific items are listed below.

Products/Activities

- CAC, TAC, TPC agendas and meeting summaries
- Annual Planning Work Program and Completion Report
- Title VI & DBE Process
- Maintain certification and planning agreements
- Monitor federal and state planning requirements

* Project was previously authorized. Budget estimated to remain at the end of SFY 2023

II. Special Studies

Total Budget \$3,083,158

\$650,000 spent prior to SFY 2024 Balance for SFY 2024 or later is \$2,433,158

WORK ELEMENT PROJECT DESCRIPTION

BUDGET

66513-1000	Central Ohio Greenways Wayfinding Strategy
\$290,000	This work element will assist communities to plan for and implement a cohesive wayfinding strategy that unifies regional trail networks and celebrates the uniqueness of diverse communities. The wayfinding strategy will include guidance for selecting directional content such as destinations and landmarks, as well as appropriate placement of wayfinding tools, such as signs, maps, and digital applications. A replicable process for collecting data and inventorying assets along trails, including trail use data, will inform the wayfinding strategy.
* \$165,000 remaining	<u>Products/Activities</u> A cohesive wayfinding strategy that unifies regional trail networks
66522-3000	LinkUS Regional Corridors Planning
\$500,000	This work element focuses on conducting regional high capacity transit corridor planning and outreach to ensure a safe, accessible, and equitable implementation of the LinkUS Transit Corridors. The LinkUS Committees which include leaders from MORPC, COTA, City of Columbus, Franklin County and many other regional stakeholders will serve as the advisory bodies guiding most of this work. The City of Columbus and COTA have initiated the next step of planning and project development in three corridors. This work element supports that work including coordination of multiple regional stakeholders, technical planning and analysis, revenue forecasting, fiscally constrained budgeting, transit capital funds grant writing and extensive public engagement.
* \$40,000 remaining	<u>Products/Activities</u> Outreach, Education & Engagement High Capacity Transit Planning Transit Oriented Development Planning Corridor Funding Strategies

66534-3000	Growth and Major Economic Development Planning
\$1,000,000 ^	This work element focuses on conducting regional coordination of long-range transportation planning which includes consideration of access, infrastructure, land use, and housing. The outcomes are intended to address very near-term needs, long-term investment planning, and comprehensively align various local and regional efforts the Central Ohio Region for the Intel investment and subsequent growth.
* \$970,000 remaining	<u>Products/Activities</u> Agency Coordination Plan Enhanced data and travel demand model coverage Updated local planning documents Funding Opportunities List of Improvement Concepts
100% ODOT	
66544-0400	Paving The Way
\$50,000	The purpose of this work element is to provide transportation project construction and other road closure information to the public. Paving the Way acts as a liaison between the government agencies implementing projects and the public. It is unique in that it can provide information on all projects affecting traffic, regardless of which agency (state, local, or utility) is responsible. Paving the Way addresses construction management and communication on a regional rather than a project basis. The program regularly provides information and education to the public on roadway construction, traffic management, and work zone safety and alternative transportation options with the goal of ensuring that drivers experience the least possible inconvenience while traveling in and around Central Ohio.

Memorandum

TO: Transportation Policy Committee
Transportation Advisory Committee
Community Advisory Committee

FROM: Nick Gill, Transportation Study Director

DATE: April 26, 2023

SUBJECT: Proposed Resolution T-7-23: “**Certification of the MORPC Metropolitan Transportation Planning Process**”

In urbanized areas, which have a population of 50,000 or more, federal planning law (49 U.S.C. 5303) calls upon local officials to cooperate with states and public transportation providers in undertaking a continuing, comprehensive, and cooperative (3C) multimodal transportation planning process. This metropolitan transportation planning process is carried out through MORPC as a federally designated metropolitan planning organization (MPO).

Every four years, the Secretary of the U.S. Department of Transportation (DOT) must certify that each MPO serving a transportation management area (TMA) – a designation by DOT of an urbanized area with a population over 200,000 as defined by the Bureau of the Census – is carrying out the metropolitan planning process in adherence with federal statutes and regulations. The Federal Highway Administration and Federal Transit Administration last conducted this review, on the Secretary’s behalf, at MORPC in 2022 and will conduct another recertification review of MORPC in September 2026.

However, federal regulations also specify that the state and MPO must annually self-certify to the FHWA and the FTA that the planning process is addressing the major issues facing the area and is being conducted in accordance with all applicable requirements.

Resolution T-7-23 self-certifies MORPC’s metropolitan transportation planning process and affirms that MORPC, as an MPO, is meeting all requirements in its transportation planning work.

Attachment: Resolution T-7-23

RESOLUTION T-7-23

“Certification of the MORPC Metropolitan Transportation Planning Process”

WHEREAS, the Transportation Policy Committee of the Mid-Ohio Regional Planning Commission is designated as the metropolitan planning organization (MPO) for the Columbus Urbanized Area; and

WHEREAS, 23 CFR 450.334 requires that the state and MPO certify, at least every four years, that the transportation planning process is being carried out in accordance with all applicable requirements, including:

- 1) 23 U.S.C. 134 and 49 U.S.C. 5303 (Metropolitan Transportation Planning requirements);
- 2) Sections 174 and 176(c) and (d) of the Clean Air Act, as Amended (42 U.S.C. 7504, 7506 (c) and (d) and 40 CFR part 93;
- 3) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21;
- 4) 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex or age in employment or business opportunity;
- 5) Section 11101(e) of the Infrastructure Investment and Jobs Act (IIJA) (Public Law 117-58, also known as the “Bipartisan Infrastructure Law”) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in USDOT-funded projects;
- 6) 23 CFR part 230, regarding the implementation of the equal employment opportunity program on federal and federal-aid highway construction contracts;
- 7) The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37 and 38;
- 8) The Older Americans Act, as amended (42 U.S.C. 6101) prohibiting discrimination on the basis of age in programs or activities receiving federal financial assistance;
- 9) Section 324 of Title 23 U.S.C. regarding the prohibition of discrimination based on gender; and
- 10) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities; and

WHEREAS, this “self-certification” is separate from the MPO certification done by the Federal Highway Administration and Federal Transit Administration, which was last conducted at MORPC in 2022 and will be conducted again in 2026; and

WHEREAS, as a prerequisite to the receipt of federal financial assistance (per 49 CFR Subtitle A, Section 21.7), MORPC is required to provide the Title VI Assurances included in Attachment A; and

WHEREAS, the Community Advisory Committee at its meeting on May 1, 2023 and the Transportation Advisory Committee at its meeting on May 3, 2023 recommended approval of this resolution by the Transportation Policy Committee; now therefore

BE IT RESOLVED BY THE TRANSPORTATION POLICY COMMITTEE OF THE MID-OHIO REGIONAL PLANNING COMMISSION:

Section 1. That it certifies that the urban transportation planning process is carried out in conformance with all the applicable federal requirements to the degree that is appropriate for the size and complexity of the area.

Section 2. That it provides the Title VI Assurances in Attachment A, Parts 1 and 2.

Section 3. That this committee finds and determines that all formal deliberations and actions of this committee concerning and relating to the adoption of this resolution were taken in open meetings of this committee.

Erik J. Janas, Chair
MID-OHIO REGIONAL PLANNING COMMISSION

- A. Part 1 – Standard DOT Title VI Assurances
- Part 2 – Contractor Contractual Requirements

PART 1
STANDARD DOT TITLE VI ASSURANCES

The Mid-Ohio Regional Planning Commission (MORPC) hereby agrees that as a condition to receiving Federal financial assistance from the Department of Transportation (DOT), it will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.) and all requirements imposed by 49 CFR Part 21 - Nondiscrimination in Federally Assisted Programs of the Department of Transportation - Effectuation of Title VI of the Civil Rights Act of 1964 (hereinafter referred to as the "Regulations") to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which MORPC receives Federal financial assistance and will immediately take any measures necessary to effectuate this agreement. Without limiting the above general assurance, MORPC agrees that:

1. Each "program" and "facility" (as defined in Sections 21.23(e) and 21.23 (b)) will be conducted or operated in compliance with all requirements of the Regulations.
2. It will insert the clauses of Part 2 of this assurance in every contract subject to the Act and the Regulations.
3. This assurance obligates MORPC for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of personal property or real property or interest therein or structures or improvements thereon, in which case the assurance obligates MORPC or any transferee for the longer of the following periods:
 - (a) the period during which the property is used for a purpose for which Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits, or
 - (b) the period during which MORPC retains ownership or possession of the property.
4. It will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom they delegate specific authority to give reasonable guarantee that it, other sponsors, sub-grantees, contractors, subcontractors, transferees, successors in interest, and other participants or Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Act, the Regulations, and this assurance.
5. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Act, the Regulations, and this assurance.

THIS ASSURANCE is given in consideration of and for the purpose of obtaining Federal financial assistance for this Project and is binding on MORPC, its contractor, subcontractors, transferees, successors in interest and other participants in the Project. The person whose signature appears on this resolution is authorized to sign this assurance on behalf of MORPC.

PART 2 CONTRACTOR CONTRACTUAL REQUIREMENTS

During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

1. **Compliance with Regulations.** The contractor shall comply with the Regulations relative to nondiscrimination in federally assisted programs of the Department of Transportation (hereinafter "DOT"), Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time (hereinafter referred to as the "Regulations"), which are herein incorporated by reference and made a part of this contract.
2. **Nondiscrimination.** The contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, national origin, gender or sex (including pregnancy, gender identification or expression, and sexual orientation), age (including federally protected 40 years or older), disability or other handicap, low-income status, limited English proficiency, religion, genetic information, gender identification, creed, military status (past, present, or future), medical conditions, or marital/familial status in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by Section 49 CFR 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B to part 21 of the Regulations.
3. **Solicitations for Subcontracts, including Procurements of Materials and Equipment.** In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, national origin, gender or sex (including pregnancy, gender identification or expression, and sexual orientation), age (including federally protected 40 years or older), disability or other handicap, low-income status, limited English proficiency, religion, genetic information, gender identification, creed, military status (past, present, or future), medical conditions, or marital/familial status.
4. **Information and Reports.** The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Mid-Ohio Regional Planning Commission (MORPC), the Ohio Department of Transportation (ODOT), or U.S. DOT to be pertinent to ascertain compliance with such Regulations, orders, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information, the contractor shall so certify to MORPC, ODOT or U.S. DOT, as appropriate, and shall set forth what efforts it has made to obtain the information.
5. **Sanctions for Noncompliance.** In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, MORPC shall impose such contract sanctions as it, ODOT or the U.S. DOT may determine to be appropriate, including, but not limited to:
 - a. Withholding of payments to the contractor under the contract until the contractor complies, and/or
 - b. Cancellation, termination, or suspension of the contract, in whole or in part.
6. **Incorporation of Provisions.** The contractor and subcontractor(s) shall include the provisions of paragraphs 1 through 5 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto. The contractor and subcontractor(s) shall take such action with respect to any subcontract or procurement as MORPC, ODOT

Attachment A

Resolution T-7-23

or U.S. DOT may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event a contractor or subcontractor(s) becomes involved in, or is threatened

with, litigation with a subcontractor or supplier as a result of such direction, the contractor or subcontractor(s) may request MORPC or ODOT to enter into such litigation to protect the interests of MORPC or ODOT and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.
