        i. Improve cross-jurisdictional transportation options by defining specific crossover points and studying overlapping fare structures.
    b. Increase engagement with city and village transportation teams, including greater representation at the FCMAC.
    c. Enhance non-emergency medical transportation by exploring options through healthcare providers themselves, expanded public transit, and exploring other third-party services.
    d. Strengthen connections with CarFit, which can serve as a touchpoint between older drivers and various services.
    e. Expand focus on adults with disabilities.

William Murdock, AICP *Executive Director*
Chris Amorose Groomes *Chair*
Michelle Crandall *Vice Chair*
Ben Kessler *Secretary*

f. Seek creative transportation solutions in light of constrained funding.
