

SUNBURY PARKWAY & INTERCHANGE

PROJECT
PROFILE

The Sunbury Parkway and Interchange project will increase the capacity of the Interstate 71 at US 36/SR 37 by creating additional ramps that connect to a new east to west regional route. The first phase of the project includes construction of a partial interchange south of the existing interchange to serve the planned Sunbury Parkway corridor. Phase A is under construction with a scheduled completion of October 2027.

DELAWARE COUNTY

Lead Agency:

Ohio Department of Transportation

Partner Agencies:

City of Sunbury, Delaware County, Mid-Ohio Regional Planning Commission (MORPC)

Estimated Cost:

Est. Construction Cost: \$31,900,000

Jobs Supported:

Est. >2,900 jobs projected by 2040

Program Pillar:

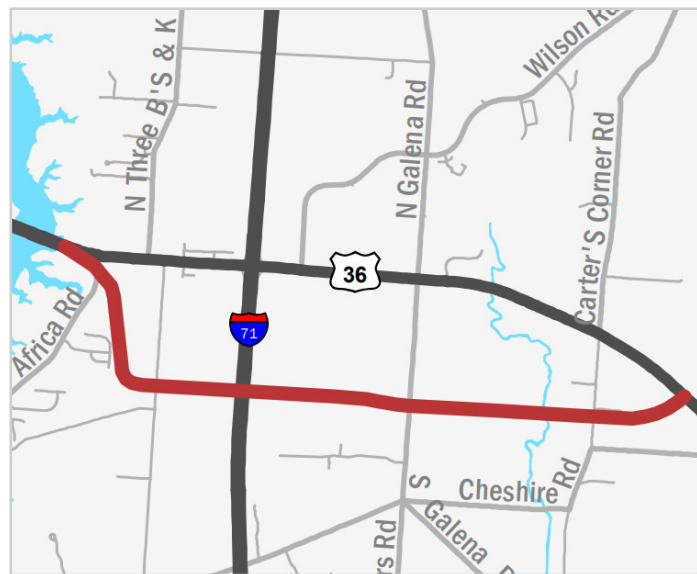

Infrastructure Planning & Implementation

Project Contact:

Rob Riley, Chief Deputy Engineer, Delaware County Engineer's Office | riley@co.delaware.oh.us

Project Benefits:

- Relieves traffic congestion at a regional commercial center and truck route.
- Adds value to the transportation system by improving access to area businesses.
- Increases safety by addressing exit ramp queuing back-ups onto the I-71 mainline.
- Aligns with existing planning documents, including the Village of Sunbury's 2016 Thoroughfare Plan.
- Aligns with the MORPC Metropolitan Transportation Plan (MTP) and selected as a project of the Ohio Dept. of Transportation's Transportation Review Advisory Council (TRAC).

Project Location
