KEY PLANNING OBJECTIVES:

Develop
a proposed &
prioritized active
transportation
network for the MPO
area to directly
inform the MTP.

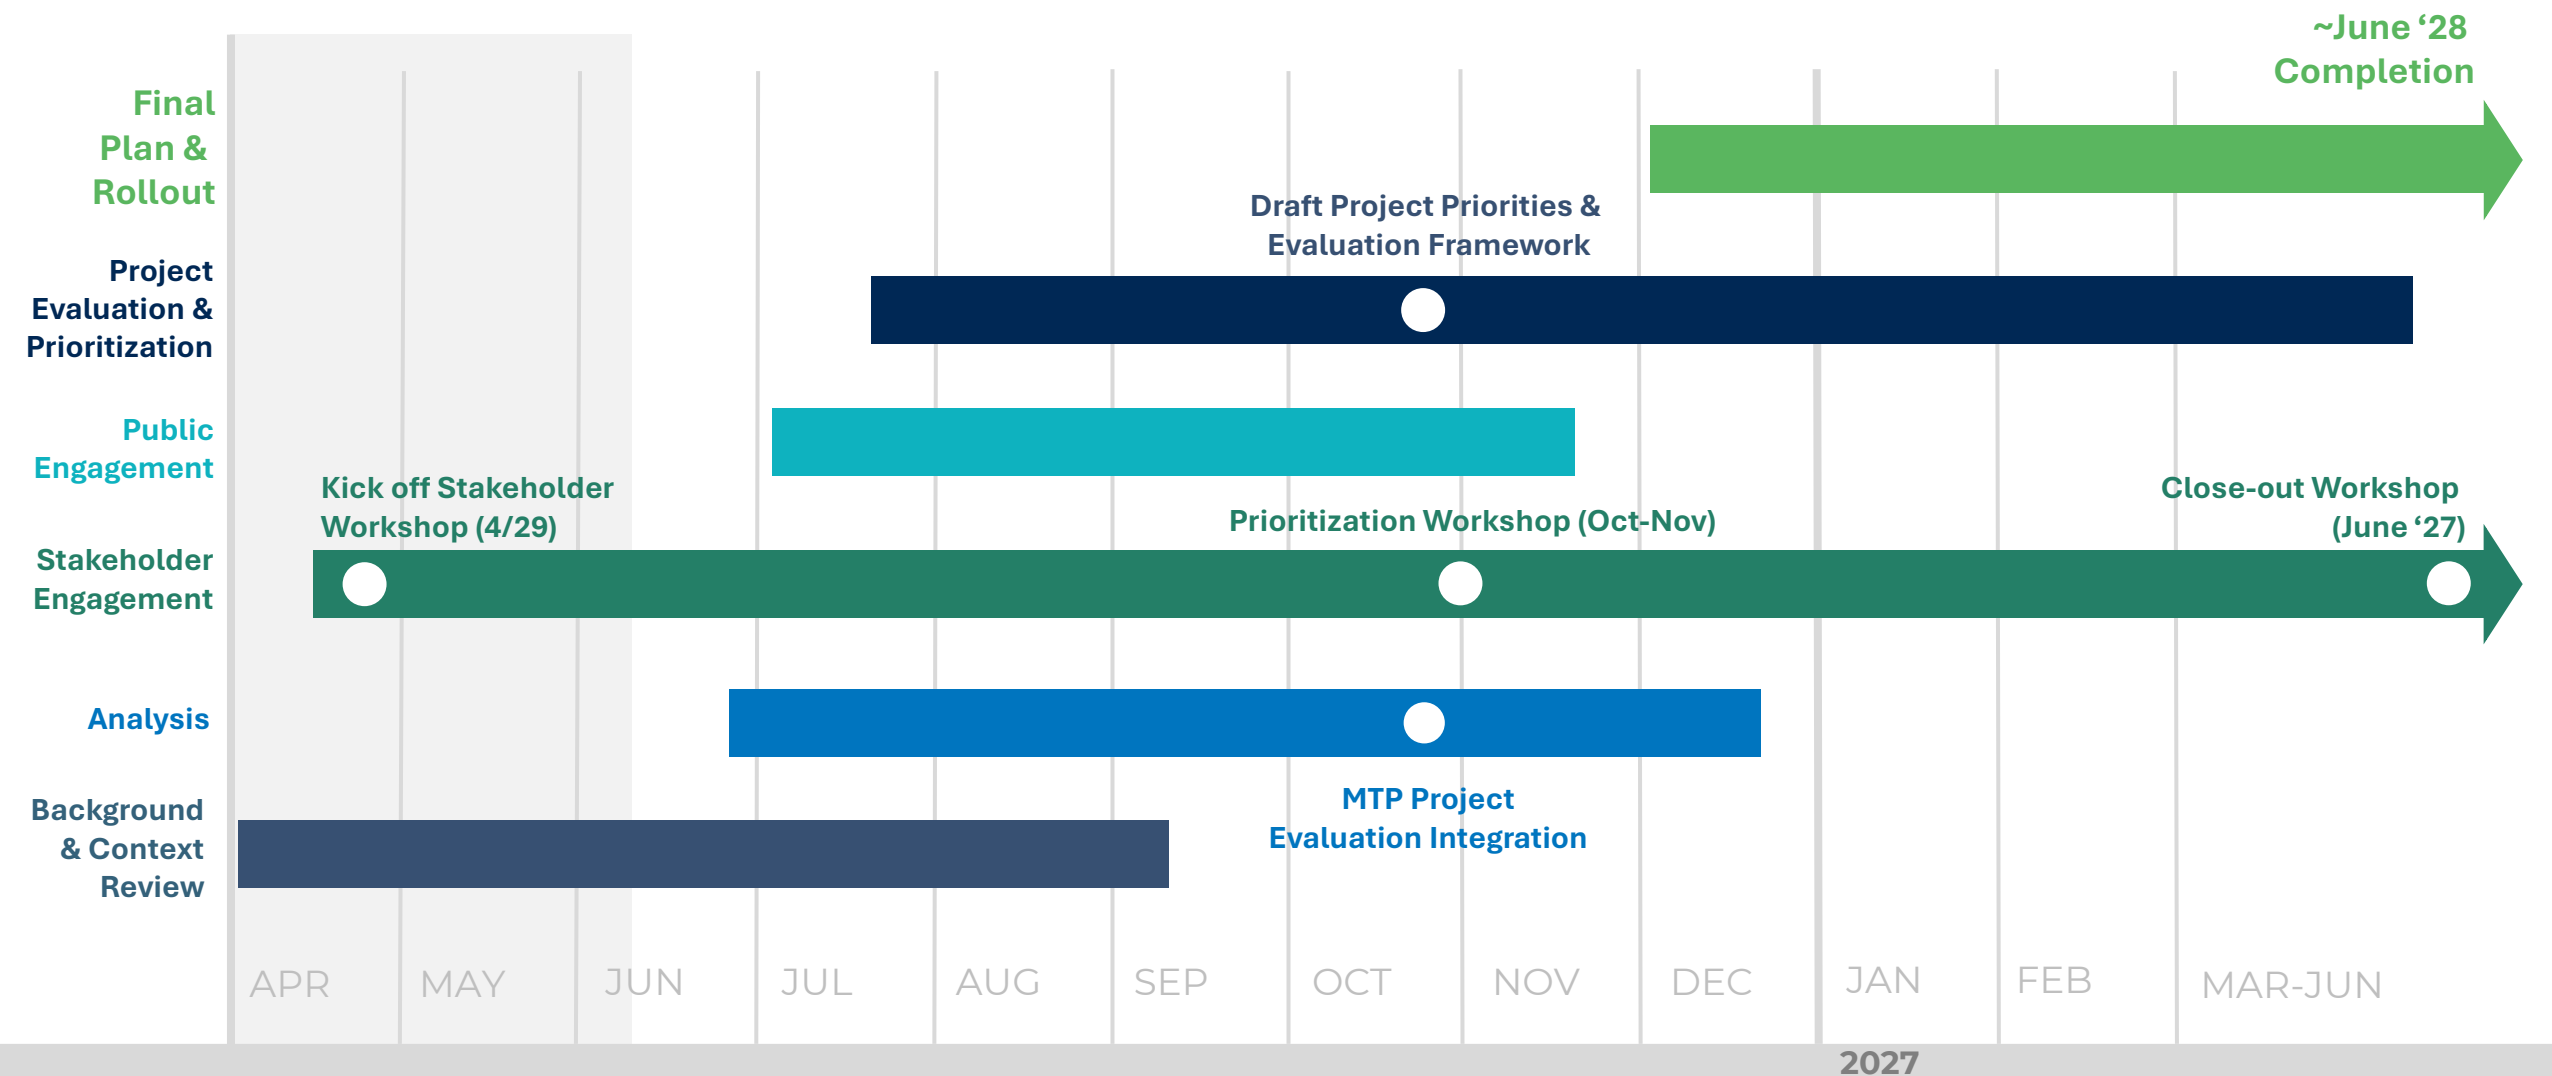

Interconnect
priorities identified in
local plans,
particularly between
the core and
surrounding areas.

Formulate
a baseline
framework to inform
project evaluation
and prioritization
processes.

Generate
new & updated data
insights & resources
to support active
transportation
planning across the
region.

Identify
actions & policies to
guide collaborative
advancement of the
regional active
transportation
priorities.
