HOW WE ESTIMATE COUNTY POPULATIONS

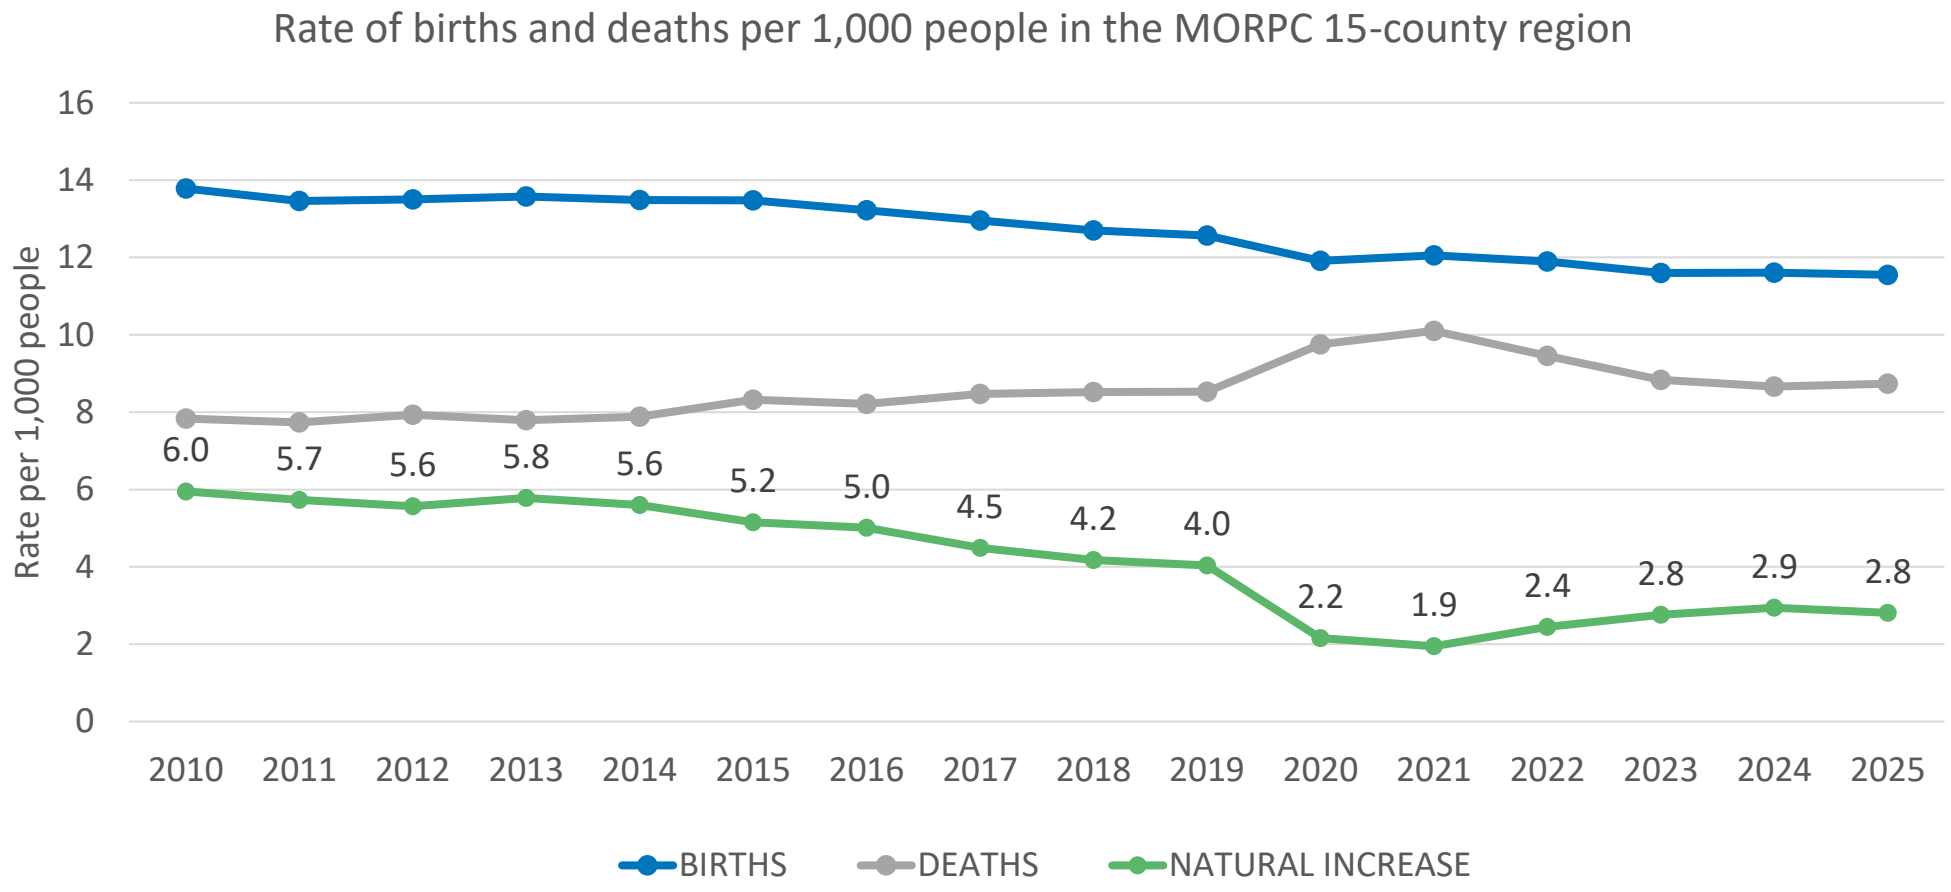

MORPC

* Estimated based on most recent available migration data from the U.S. Census Bureau

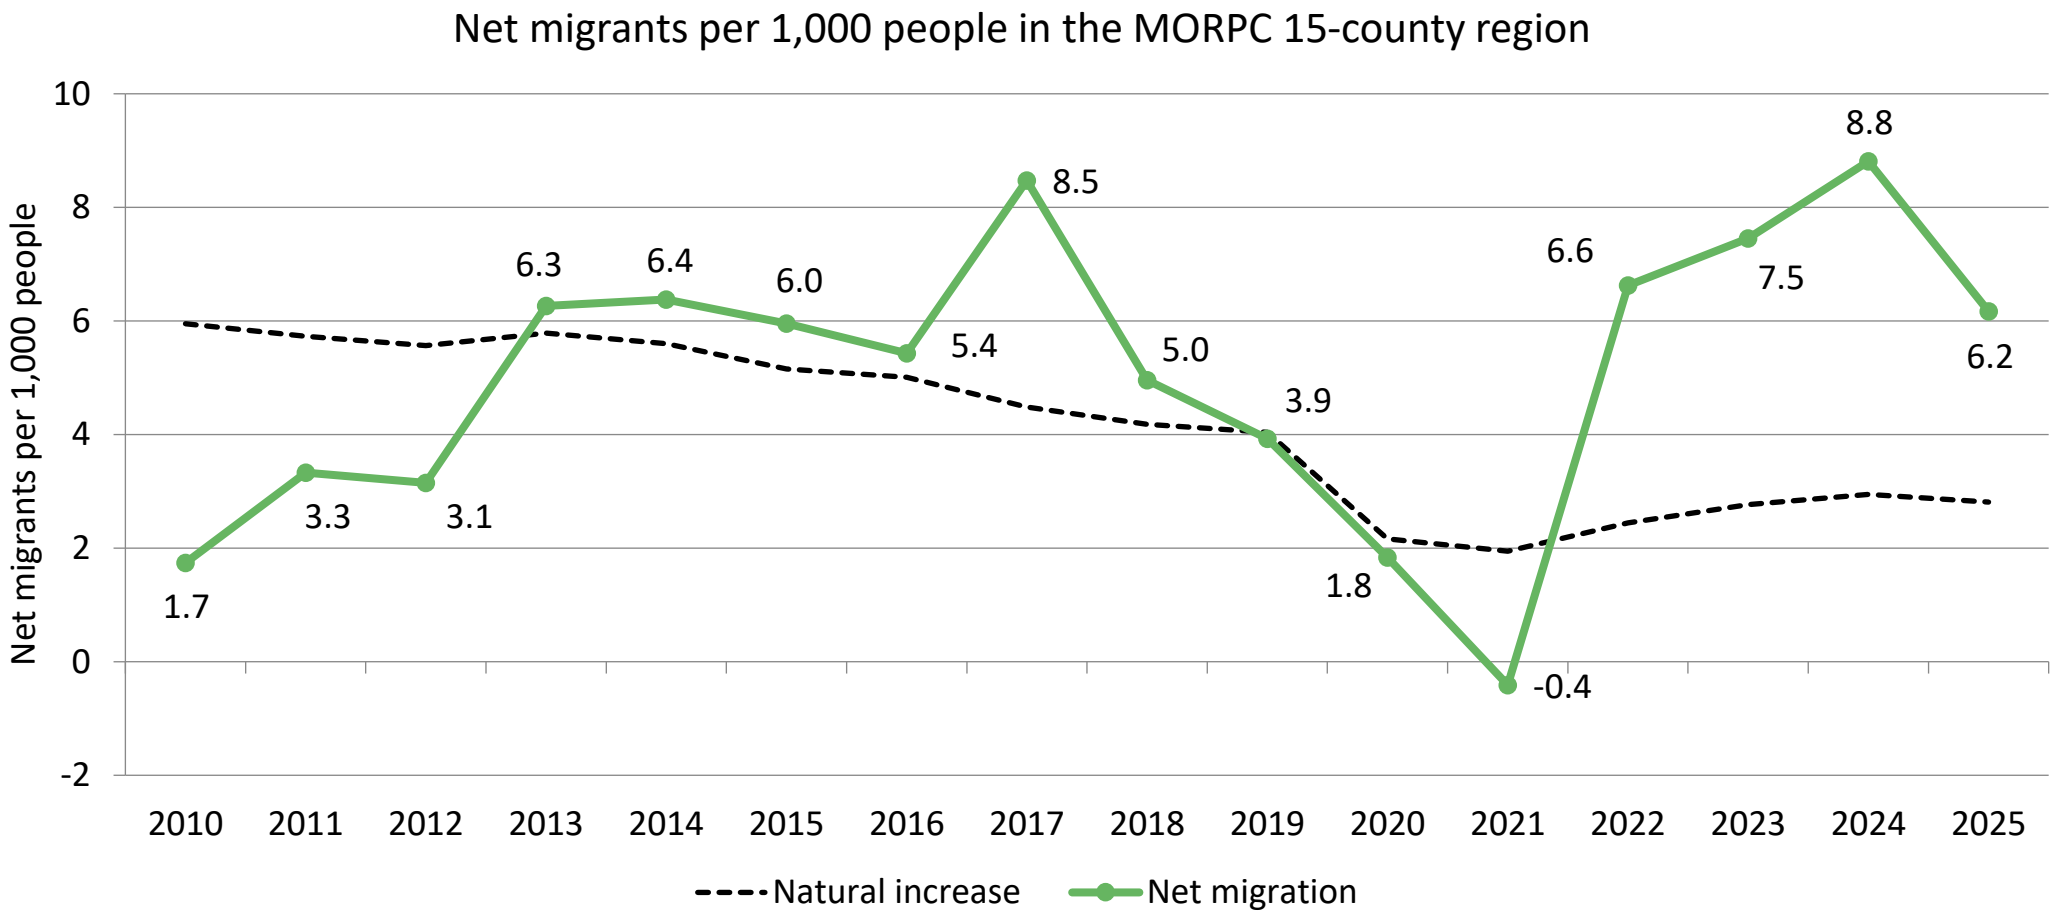

NATURAL INCREASE IS CONTRIBUTING LESS TO REGIONAL GROWTH THAN IN THE PAST

SAME METHOD AS LAST YEAR, WITH MINOR IMPROVEMENTS

- Population is distributed by county shares of group quarters and household population
- Shares are determined by weighted average of several datasets
- New this year
  - Improved handling of GQ population
  - More precise placement of population within communities

January 1, 2026 estimated population
