REGIONAL DATA ROUNDTABLE UPDATE

Jessica Kuenzli
Chief Regional Planning Officer
MORPC

- 2026-2028 Regional Data Agenda
- *Proposed Resolution 12-26*

2026-2028 Regional Data Agenda

Focus Areas

01

Transportation & Mobility

Leverage data to support local and regional efforts for the development of safe, efficient, and cost-effective transportation infrastructure and mobility services.

.

02

Housing & Community Development

Leverage data to support local and regional efforts to provide increased housing availability and affordability, transit-oriented development, and more walkable neighborhoods.

03

Energy & Sustainability

Leverage data to support local and regional efforts to protect the environment, conserve natural resources, and expand sustainable energy generation.

.

04

Infrastructure & Economic Development

Leverage data to support local and regional efforts to provide additional workforce housing, additional quality jobs, and more affordable childcare.

HOW THE AGENDA MOVES

Four pillars turn priorities into practice

1

TRUST

Promote reliable & trusted data

Strengthen transparency, reduce bias, improve cybersecurity, and guide responsible data stewardship.

2

LEARN

Expand education & outreach

Grow events, user groups, surveys, and practical learning opportunities across the region.

3

SUPPORT

Bolster project & program support

Help partners test, scale, evaluate, and sustain data-driven research and services.

4

CONNECT

Increase digital representation & connection

Expand access, inclusion, storytelling, and community-centered design.
