Columbus Metro Map Disclaimer and Limitation of Liability: The Columbus Metro Bike Map is a publication of the Mid-Ohio Regional Planning Commission (MORPC), 111 Liberty Street, Suite 100, Columbus, OH 43215. This map is also available online at MORPC.org as the most current version. Printed versions may not reflect recent changes. To request maps, email bikemaps@morpc.org or call 614-228-2663.

MORPC makes no representations or warranties, express or implied, regarding the accuracy, completeness, or timeliness of the information on this map. Routes, conditions, and infrastructure may change without notice.

Cycling on public roadways or the trail routes shown involves inherent risks, including but not limited to motor vehicle traffic, road surface defects, construction, weather conditions, route changes, and poor visibility. By using this map, the user acknowledges and assumes all such risks.

MORPC and its partners — including local governments, park districts, trail organizations, and data providers — shall not be liable for any claims, injuries, death, or property damage arising from negligence, errors, omissions, or inaccuracies in this map. To the fullest extent permitted by law, MORPC and its partners disclaim all liability arising from use of or reliance on this map. The user bears full responsibility for evaluating conditions, obeying all traffic laws, and ensuring their own safety.

Nothing herein waives any immunity or defense available under Ohio law.

This map was produced by MORPC with data and support provided by state and local agencies.

- ### Legend
- Good**
Street with low traffic and low posted speed limits
 - Moderate**
Road with moderate traffic and typical city speed limits
 - Poor**
Busy high traffic road and/or high posted speed limits
 - Multi-Use path**
Path separated from roadway on which bicyclists travel alongside pedestrians
 - Bike Lane**
Section of roadway designated for bicyclists with painting or pavement markings
 - Protected Bike Lane**
Section of roadway buffered with physical barriers designated for bicyclists
 - Central Ohio Greenways Trail**
Designated path separated from the roadway, often in a park-like setting that offers a comfortable scenic experience
 - Library**
 - Trailhead**
 - COTA Park and Ride**
 - Limited Access**
 - Other Road**
 - Railroad**
 - Water / River**
 - Open Space / Park**

Cycling Organizations

Yay Bikes! Yay Bikes! is an organization that creates and leads equitable educational opportunities for bikers of all types, ages, and skills through events such as bike rides and bike events throughout Central Ohio. They also work with professionals to help them understand how they can improve conditions for transportation cyclists.

Bikes For All People Bikes for All People is a nonprofit social enterprise dedicated to making cycling accessible, affordable, and empowering for everyone. They provide low-cost bicycles, bike parts, accessories, repairs, and services. They offer volunteer opportunities, refurbished bikes for sale, and public shop use with repair guidance.

Special thanks to **Franklinton Cycle Works** and **Heritage Cycles** for supporting MORPC staff with the development of this map.

Regional Trail Guide

Curious about exploring Central Ohio's trails? The Central Ohio Greenways Regional Trail Guide showcases the region's most significant multi-use trails for walking, biking, and rolling across all of Central Ohio's 15 counties. It also features trail trip ideas to help you discover scenic routes, cultural destinations, and great places to stop along the way.

You can pick up a printed copy at select community centers, libraries, bike shops, and the MORPC office—or explore the guide online anytime.

Bus & Bike

Take your bike along for the ride with COTA!

Why Bike and Ride

- Extend Your Journey:** Travel farther without the fatigue of long-distance cycling
- Save Money:** Reduce transportation costs by combining bike and bus travel
- Beat Traffic:** Skip congested areas while staying active and reducing your carbon footprint
- Weather Flexibility:** Bike when it's nice, ride when it's not
- First and Last Mile Solution:** Easily connect to destinations beyond bus stop locations

How to Use Bike Racks on COTA Buses?

1. Load
2. Lock
3. Unload

Resources

Columbus & Franklin County Metro Parks Plan is a living document that will help park staff determine priorities during the annual planning process.

ODOT's Walk.Bike.Ohio focuses on walking and biking policies and programs in Ohio. It will guide Ohio's bike and pedestrian transportation policies and investments.

Ohio to Erie Trail helps individuals to find route info, detours, trail conditions, and other important info for rides on the Ohio to Erie Trail.

Use **OHGO** to receive current traffic speeds, crashes, or other incidents and view road restrictions and closures with real-time updates.

Metropolitan Transportation Plan is a long-range planning document that identifies transportation deficiencies, policies, strategies, and projects — updated every four years.

OLENTANGY & ALUM CREEK TRAILS

THE CENTRAL OHIO GREENWAYS REGIONAL TRAIL VISION

The Central Ohio Greenways Regional Trail Vision consists of over 1,000 miles of existing and proposed trails. Beginning in 2026, with more funding than ever before, the region is entering a transformative trail-building era. These trails will continue to play an increasingly critical role in providing transportation alternatives, access to nature, and a sense of communal connection.

The backbone of the network is the region's most beloved river trails such as the Olentangy and Alum Creek trails. The completion of the COG Trail vision will amplify the economy, public health, environmental preservation, and overall community well-being within Franklin County.

Downtown Columbus Future Trails

Central Ohio is adding more trails, sidewalks, and bikeways than ever before — making it easier for people of all ages and abilities to get around, explore, and connect.

In Downtown Columbus, projects like a new path along Broad Street and the Capital Line loop trail will create safer, more convenient ways to move through the city while supporting a more connected and vibrant urban core. These new investments build on an already exceptional network that includes the Scioto Mile, Columbus Commons, and a growing system of bike lanes — further strengthening Downtown as a place where people can seamlessly walk, ride, and enjoy everything the city has to offer.

WHEN DRIVING

1. **SLOW DOWN.** Speed limits are the maximum.
2. **YIELD** to people walking at intersections and marked crosswalks. Every intersection is a crosswalk — painted or not.
3. Give people biking at least **3 FEET** when passing. Bikes are vehicles and can legally use the full travel lane.
4. Check for people walking and biking when turning.
5. **DON'T PASS** a vehicle stopped at a crosswalk.
6. **LOOK OUT** for people walking and biking, especially outside of daylight hours and in the rain.
7. **PUT YOUR PHONE AWAY.**

14 WAYS TO THINK OUTSIDE YOUR CAR

YOUR MOVE

YourMove.ohio.gov

WHEN BICYCLING

8. FOLLOW TRAFFIC SIGNS AND LIGHTS.
9. RIDE PREDICTABLY in the direction of traffic.
10. WEAR A HELMET.
11. USE BIKELIGHTS outside of daylight hours and in the rain. Reflective clothing can increase visibility.

WHEN WALKING

12. CROSS AT INTERSECTIONS or in marked crosswalks.
13. WALK in the opposite direction of traffic.
14. Reflective clothing and lights can increase visibility.

MORPC Community Programs

Explore commute options and earn rewards. Log trips to unlock perks from local and national retailers and attractions!

Air Quality Alerts: If you are a resident of Delaware, Fairfield, Franklin, or Licking County. Sign-up for air quality alerts!

Home Weatherization: Free home energy and safety upgrades for income-eligible Franklin County residents.

WHEN E-BIKING

KNOW YOUR CLASS

CLASS 3 E-BIKES use streets and bike lanes.

SAFETY TIPS:

1. OPERATE AT A SAFE SPEED and give space to pass, especially on trails.
2. Get on an e-bike with the **MOTOR OFF AND BRAKES ENGAGED.**
3. INCREASE SPACE around other users and allow for **LONGER STOPPING DISTANCE.**
4. BE CAUTIOUS DOWNHILL AND ON TIGHT TURNS as e-bikes have added weight that can increase speed.
5. FOLLOW ALL RULES of the road and be predictable.

E-bike access and rules may vary by location and e-bike class. Follow local rules and regulations. Scan the QR code to learn more.

City of Columbus Programs

A plan for biking, scooting and rolling in Columbus

This plan is a 487-mile Vision Network of low-stress bikeways, 20 miles of prioritized Near-Term Connections, and 26 program and policy strategies.

Scan the QR code to learn more.

In addition to being fun, City of Columbus parks, programs, and services give all Central Ohio residents a chance to improve physical and mental health, to develop youth, to focus on the environment, and to make a positive economic impact on the city.
